The Cognitive Structure of Emotions Andrew Ortony, Gerald L. Clore, Allan Collins, 1988 It has long been clear that the way in which people interpret the world affects our emotional reactions What has been less clear is exactly how such different interpretations lead to different emotions This is the central question addressed by The Cognitive Structure of Emotions Taking a cognitive science perspective a systematic account is presented of the cognitive structures that underlie a wide range of different emotions Detailed proposals about the factors that affect intensity are also offered The authors propose three broad classes of emotions each corresponding to a different attentional focus One class consists of reactions to events one of reactions to the actions of agents and one of reactions to objects By basing their analysis of the antecedents of emotions on an analysis of the perceived situational conditions that elicit them the authors offer the prospect of accounting for variations in the emotions of different individuals different cultures and perhaps even different species **Secrets You Keep from Yourself** Dan Neuharth, 2025-08-22 This insightful guide is an exploration of how and why people undermine their happiness and lose touch with their best selves Counterproductive self deception a universal behavior is a habit that can be broken People keep themselves from having what they want a phenomenon known as self handicapping Offering poignant examples innovative tools and a compassionate perspective Dan Neuharth reveals how to vanquish self imposed roadblocks and avoid unnecessary losses in order to embrace and share the best in oneself *Year Book* , 1924 Lectures on the Early History of Institutions Henry Sumner Maine, 1875 *The rule and exercises of holy dying* Jeremy Taylor (bp. of Down and Connor.), 1885 **BEHAVIORAL GUIDE TO PERSONALITY DISORDERS (DSM-5)** Douglas H.

The Oxford Handbook of Law and Anthropology Marie-Claire Foblets, Mark Goodale, Maria Sapignoli, Olaf Zenker, 2022-04-01 The Oxford Handbook of Law and Anthropology is a ground breaking collection of essays that provides an original and internationally framed conception of the historical theoretical and ethnographic interconnections of law and anthropology Each of the chapters in the Handbook provides a survey of the current state of scholarly debate and an argument about the future direction of research in this dynamic and interdisciplinary field The structure of the Handbook is animated by an overarching collective narrative about how law and anthropology have and should relate to each other as intersecting domains of inquiry that address such fundamental questions as dispute resolution normative ordering social organization and legal political and social identity The need for such a comprehensive project has become even more pressing as lawyers and anthropologists work together in an ever increasing number of areas including immigration and asylum processes international justice forums cultural heritage certification and monitoring and the writing of new national constitutions among many others The Handbook takes critical stock of these various points of intersection in order to identify and conceptualize the most promising areas of innovation and sociolegal relevance as well as to acknowledge the points of tension open questions and areas for future development

The Italian Tragedy in the Renaissance Salvatore Di Maria, 2002 This book is about the Renaissance revitalization of classical drama Using a cultural and theatrical approach it shows how Italian playwrights made ancient tragedy relevant to their audiences The book challenges the traditional critical approach to the Italian Renaissance tragedy as a mere literary work and calls attention to the complementary function of the theatrical text which is reconstructed from the stage directions embedded in the discourse of the characters

The Statesman Jag Desaint , 2025-03-14 A Codex for the Architects of Power A ruthless manifesto of dominance strategy and calculated control where power is neither given nor negotiated but constructed wielded and expanded until all opposition is extinguished The ruthless art of power is not for the weak This book is a weapon a masterstroke of calculated dominance exposing the brutal truths of

control strategy and manipulation that have defined history's most formidable rulers, conquerors and tacticians. It does not entertain illusions of morality or fairness; those are chains forged for the gullible. Here power is stripped to its raw essence, dissected and reassembled as an unrelenting force to be seized, wielded and expanded until all opposition crumbles beneath its weight. Victory is never given. It is taken. Every page is a lesson in supremacy, a methodical breakdown of how influence is constructed, how fear is engineered and how loyalty is nothing but a temporary tool, never a foundation. Trust is a liability, weakness, an infection and hesitation, the graveyard of ambition. Those who rise to power understand that perception is the greatest weapon, that deception is the silent blade and that true control is not about brute force but about ensuring that every possible move has already been played before the opponent even lifts a finger. This book is the blueprint of empire builders, corporate tacticians and the architects of unseen rule, the ones who manipulate without detection and strike before the threat materializes. In war, politics and business, there are no rules, only victors and casualties. Those who embrace the reality of power know that mercy is an indulgence, that influence is engineered through controlled chaos and that those who hesitate are devoured. The strategies contained here are not for those who wish to be liked; they are for those who wish to be obeyed. This book does not ask if you have the will to dominate; it demands it. If you seek fairness, close these pages. If you seek absolute power, turn them and take what is yours.

What Jesus Demands from the World (All authority in heaven and on earth has been given to me). John Piper, 2006-09-21. The four Gospels are filled with demands straight from the mouth of Jesus Christ. These demands are Jesus' way of showing us who he is and what he expects of us. They are not the harsh demands of a taskmaster. For example, the demand that we come to Jesus is like the demand of a father to his child in a burning window: "Jump to me." Or like the demand of a rich, strong, tender, handsome husband to an unfaithful wife: "Come home." What Jesus demands from the world can be summed up as "Trust and treasure me above all." This is good news. In "What Jesus Demands from the World," John Piper has gathered many of Jesus' demands from the four Gospels. He begins with an introduction that puts the demands in a redemptive historical context, then concisely examines each demand. The result is an accessible introduction for thoughtful inquirers and new believers, as well as meditative meat for veteran believers who want to know Jesus better.

What Jesus Demands from the World John Piper, 2011-01-11. Looks at the Gospels and examines what Christ requires of his followers in a redemptive historical context. New and seasoned believers will see God's loving plan for their ultimate satisfaction.

The Story Tellers' Magazine, 1917 **The Abyss** James Bèyor, 2016-06-03. Have you ever asked yourself why human beings are compelled to agree? Is it in our organic human nature to gather in like-minded groups and segregate ourselves from others with dissimilar opinions? Why do we feel the need to call ourselves good or right, believing only we have a firm grasp of the truth while we label those not like us as bad or wrong? Is it

possible that our compulsion to agree is an elaborate man made control mechanism rooted in fear James Beyor points out in The Abyss the second book in his Guarded Hearts trilogy that we live in a dangerous time where our agreements are causing us great mental and biological harm Humankind is suffering from a bio mental decrepitude We have been duped into living out a symbolic replica of our human life potential Beyor points to an urgent need we must all address which if we do not will bring about another period of inquisition far more insane and destructive than has been suffered by men in the past This inquisition will require secular obedience as defined by a government out of control He points to many fundamental elements that foreshadow unparalleled atrocities inflicted on the mentally and biologically impaired human species This is not just another doomsday tale it is a message of hope that we can if we act now reestablish our innate inner directed sense of all knowing built and begin again to live an authentic life The people of the world watch helplessly as our institutions falter in their insatiable struggle for dominance over the human race We must reclaim individual clarity and wean ourselves from our dependency on agreements of symbols and words In the Beyor Journals you will come face to face with yourself and become aware of your own innate clarity a genesis gift available to all those who have the courage to join then the great awakening who claim their right to a living truth You will never again wonder what is behind your successes and failures Steps John Ortberg, 2025-02-04 Is there really any hope for a spiritual way of living that actually works Admiration comfort love power success pleasure escape control we re all addicted to something whether we realize it or not In this deeply heartfelt book author John Ortberg offers a guide for transformation when we know something needs to change but we can t do it on our own Rooted in the teachings of Jesus and using the framework of AAs 12 steps as a guide Ortberg offers all of us a freeing roadmap for Giving up our exhausting and fruitless efforts to fix manage and control our own lives Distinguishing between when willpower is essential and when it is futile Discovering how God can do for us what we can t do for ourselves and living authentically joyfully and in communion with God and other people Ortberg shows us how to discover Our spiritual attachment styles Our core doubts The benefits of practices like prayer meditation and mindfulness God s sufficiency in our inadequacy In Steps find what s needed to experience a new freedom a new fellowship and a new happiness no matter our circumstances
