Race and Religion in the Postcolonial British Detective Story Julie H. The First Rumpole Omnibus John Mortimer, 1984-01-03 Who rose to enduring fame on *Blood and Typewriters* told the pregnant Portia of the Chambers it would come out in the end advised Guthrie Featherstone Q C to adopt a more judicial attitude returned in the tender gloaming of each evening via Pommeroy's and a glass of Chateau Fleet Street to *She Who Must Be Obeyed* The answer is Horace Rumpole whose legal triumphs plundering stories into the Oxford Book of English Verse and less than salubrious hat are celebrated here in this first omnibus edition

Justice Denoted Terry White, 2003-09-30 White provides the most comprehensive scholarly compilation of fictional work of legal suspense in existence Primarily a bibliography of novels it also annotates plays scripts for film and television novelizations and short story collections about lawyers and the law The idea behind the principal of selection is to disdain labels that reduce the variety of

the legal thriller to a subgenre of mystery fiction. Novels that range from suspense thrillers through science fiction to the philosophical novel are included if justice is thematically important. It is therefore an eclectic reference source beyond a compilation of books about lawyers as protagonists. Its biographical and scholarly information about authors, major and minor, and their novels or works is traditionally encyclopedic and objective regardless of whether the work has been genre defined or worse deified as a classic or denigrated as a bestseller. Many novels included are long out of print but historically interesting for their contribution to the lineage of the courtroom drama, showing that the history of the legal thriller is one of the major branches of modern literature since the Age of Reason. The criterion of justice denoted moves beyond the fact of lawyers and courtrooms to select seminal novels like Robert Travers' *Anatomy of a Murder* as well as the romantic potboiler. Among the more than 2 000 works are the Perry Mason novels of Erle Stanley Gardner, John Mortimer's Rumpole series along with a staple of fiction by major authors of the genre like John Lescroart, Lisa Scottoline, Margaret Maron, Scott Turow and John Grisham. There are also individual works by Shakespeare, Goethe, Kafka, Camus and Twain delineating humanity's obsession with the law as its shining prop of civilization and alternative *à la* *noir* of the common individual caught up in its maw. The appendices include comments by lawyer novelist Michael A. Kahn, a historical introduction to the legal thriller, craft notes by writers and prominent trial lawyers responding to author and lawyer questionnaires, bibliography of critical sources and articles, series characters and the legal terminology found in courtroom dramas and novels. An essential reference tool for scholars, researchers as well as the occasional reader of legal thrillers.

This long awaited biography tells the story of a working class Sydney boy who left Australian shores in the 1940s and went on to an extraordinary and renowned acting career. In England he became a major Shakespearean actor and made many films. Meanwhile on the home front *She Who Must Be Obeyed* is threatening to share her intimate view of her husband in a tell all memoir.
