## **Run Baby Run What Every Owner Breeder Handicapper Should Know About Lasix In Racehorses:**

**Run, Baby, Run** Bill Heller, 2002      *Horse People* Rebecca Cassidy, 2007-12 Cassidy's investigation reveals the factors ethical cultural political and economic that have shaped the racing tradition      *Unnatural Ability* Milton C. Toby, 2023-08-08

In a mere twelve months between May 2020 and May 2021 horse racing's most recognizable face Hall of Fame trainer Bob Baffert had five horses that failed post-race drug tests. Among those was the 2021 Kentucky Derby winner Medina Spirit. While the incident was a major scandal in the Thoroughbred racing world, it was only the latest in a series of drug-related infractions among elite athletes. Stories about systemic rule breaking and doping culture both human and equine have put world-class athletes and their trainers under intense scrutiny. Each newly discovered instance of abuse forces fans to question the participants' integrity and in the case of horse racing, their humanity. In *Unnatural Ability: The History of Performance Enhancing Drugs in Thoroughbred Racing* Milton C. Toby addresses the historical and contemporary context of the Thoroughbred industry's most pressing issue. While early attempts at boosting racehorses' performance were admittedly crude, widespread legal access to narcotics and stimulants has changed the landscape of horse racing along with athletic governing bodies' ability to regulate it. With the sport at a critical turning point in terms of doping restrictions and sports betting, Toby delivers a comprehensive account of the practice of using performance-enhancing drugs to influence the outcome of Thoroughbred races since the late nineteenth century. Paying special attention to Thoroughbred racing's purse structure and its reliance on wagering to supplement a horse's winnings, Toby discusses how horse doping poses a unique challenge for gambling sports and what the industry and its players must do to survive the pressure to get ahead.

**Politics and Ponies** Bill Heller, 2018-08-23 *Politics and Ponies* is an engaging and compelling biography and memoir of Howard Nolan, a man who was born to love his two passions at an early age and let them lead him on a lifelong journey filled with opportunities and amazing success. The reader is invited to experience his fascinating lifestyle as he shares his globetrotting adventures in the politics of state governance and the world of Thoroughbred breeding and racing. With stunning consistency, Howard won election after election, serving as a New York state senator from 1974 through 1994. The record shows that he had more votes on a major party line than any other senator. One of his more memorable elections was in 1983 when he won a surprising victory in the Republican-dominated town of Bethlehem, which hadn't elected a local Democrat in its 188-year history. Howard was always pushing for positive change and challenging the status quo, which is why his relationship with Albany mayor Erastus Corning, backed by the powerful Democratic machine, was often tumultuous. He was called Albany's Man of La Mancha because he dared to take on the unbeatable foe in Corning, which helped to bring Albany into the modern era. So get ready to be impressed by an American original who built a lasting legacy around *Politics and Ponies*.
