Louis Edgar And s, 1904 **"Leather"**, 1909 Seven Deadly Sins Dr. Guy Leschziner, 2024-12-03 A FINANCIAL TIMES
BEST BOOK OF THE YEAR Seven Deadly Sins will explore the underlying nature of the seven deadly sins their
neuroscientific and psychological basis and their origin in our genes Gluttony Greed Sloth Pride Envy Lust Anger These are
The Seven Deadly Sins the vices of humankind that define immorality But do these sins really represent moral failings or are
they simply important and useful biological functions that humans need to survive Instead of being acts of immorality are
they really just a result of how our bodies our psyches and our brains in particular are wired In Seven Deadly Sins The
Biology of Being Human Guy Leschziner a professor of neurology dares to turn much of what society thinks of as morality on
its head and to ask these controversial questions Leschziner takes readers on an exploration of the Seven Deadly Sins as he
looks at their neuroscientific and psychological bases their origin in our genes and crucially how certain medical disorders
may give rise to them He introduces us to patients whose physical and psychological conditions have given rise to behaviours
that have for centuries been labelled as sin and how these behaviours might actually be evolutionary imperatives that
preserve the tribe and ensure the wellbeing of our societies In Seven Deadly Sins a book certain to cause debate and raise
controversy Guy Leschziner a writer who has explored the mysteries of our sleeping brains and the odd crossed wires of our
five senses asks whether these traits truly represent sin or simply reflect our intrinsic drive to survive and thrive **Lovers**
& Other Strangers Carol Malyon, 1996 Carol Malyon writes of women's lives of their relationships with lovers mothers
children other women She explores the relationships between memory and truth Lovers Other Strangers consists of small
stories snapshots of women's lives in specific times and situations The setting and characters vary but the theme remains
fixed that there is a fundamental and irreconcilable discord between men and women in their view of the world their modes
of communication the way they view themselves the way they view others Carol Malyon's stories are nearly all
unconventionally brief and intense in feeling They are essentially a poet's stories but they most definitely are not that
revolting hybrid prose poetry This writing is hard direct forceful She is among those writers who are forcing us to reconsider
the nature and form of the short story in Canada The stories are often prickly They illuminate but illuminate darkly Malyon
gazes down into the emotional chasm which seems to separate men and women parents and children and the images she
brings to the surface are not quite like anything you've read before though you recognize them and know they're true
Perhaps the only Canadian stories at all comparable are those of Carol Shields in Various Miracles and The Orange Fish
Animal and Vegetable Fixed Oils, Fats, Butters, and Waxes Charles Romley Alder Wright, 1894
