Run Lethal The Violent World Of Parker 6:

Homicide, Race, and Justice in the American West, 1880-1920 Clare Vernon McKanna, 1997-02 In a chilling scene in the film *Unforgiven* Clint Eastwood as the gunman stands over a wounded Gene Hackman the sheriff aiming a rifle at his head I don't deserve this to die like this says Hackman Eastwood replies Deserve's got nothing to do with it cocks his rifle and fires point blank at his helpless victim This scenario dramatically brings home to the viewer what historians have long debated and hundreds of other films and books suggest the turn of the century West was a violent time and place Ranchers miners deputy sheriffs teenagers and old men occasionally even housewives and mothers found themselves at the business end of a shotgun or a 38 revolver Yet since western historians tend to portray violence as essentially episodic frontier gunfights range wars vigilante movements and the like solid data has been hard to come by As a beginning point for actually measuring lethal violence and assessing the administration of justice here at last is a detailed and well documented study of homicide in the American West Comparing data from representative areas Douglas County Nebraska Las Animas County Colorado and Gila County Arizona this book reveals a level of violence far greater than many historians have believed even surpassing eastern cities like New York and Boston Clashing cultures and transient populations a boomtown mentality easy availability of alcohol and firearms these and many other factors come under scrutiny as catalysts in the violence that permeated the region By comparing homicide data including coroner's inquests indictments plea bargains and sentences across both racial and regional lines the book also offers persuasive evidence that criminal justice systems of the Old West were weighted heavily in favor of defendants who were white and against those who were African American Native American or Mexican Packed with information this is a book for students and scholars of western history social history criminology and justice studies Western history buffs will be captivated by colorful anecdotes about the real West where guns could and did blaze over anything from love trysts to vendettas to too much foam on the beer From whatever perspective all readers are sure to find here a well constructed framework for understanding the West as it was and for interpreting the region as it moves into the future

Canadian Periodical Index, 2000 **Thatcher's Secret War** Clive Bloom, 2021-08-02 Scary but enlightening Christopher Stone Margaret Thatcher remains one of the United Kingdom's most polarising prime ministers This provocative investigation sheds light on the secret internal cold war that she waged against the enemy within everyone she could not see eye to eye with It was a campaign fuelled by paranoia on both the left and right of the political spectrum and fought with
