Gibson, 2011-05-09 Street outreach workers comb public places such as parks vacant lots and abandoned waterfronts to search for young people who are living out in public spaces if not always in the public eye Street Kids opens a window to the largely hidden world of street youth drawing on their detailed and compelling narratives to give new insight into the experiences of youth homelessness and youth outreach Kristina Gibson argues that the enforcement of quality of life ordinances in New York City has spurred hyper mobility amongst the city's street youth population and has serious implications for social work with homeless youth Youth in motion have become socially invisible and marginalized from public spaces where social workers traditionally contact them jeopardizing their access to the already limited opportunities to escape street life The culmination of a multi year ethnographic investigation into the lives of street outreach workers and their kids on the streets of New York City Street Kids illustrates the critical role that public space regulations and policing play in shaping the experience of youth homelessness and the effectiveness of street outreach **Street Kids** Marlene Webber, 1991-12-15 In cities across North America teenage runaways are struggling to stay alive Some don't make it to adulthood Some do but their lives rarely rise above the despair that brought them to the streets in the first place A few manage to beat the street to get their lives back on track In this disturbing account Marlene Webber draws on extensive interviews with these kids to explore the realities of street life its attraction and its consequences Street kids like to project an image of themselves as free wheeling rebels who relish life on the wild side All brashness and bombast they strut around inner cities panhandling posturing and prostituting themselves Labelled society's bad boys and girls they often live up to their image But as sixteen year old Eugene tells us the street forces bravado on homeless adolescents but underneath a lot of kids are plenty scared Eugene is only one of many street kids who talked to Webber in major cities across Canada She lets her subjects tell their own stories their voices are sometimes brave sometimes bitter often heartbreaking Webber cuts a comprehensible path through the tangle of forces including family breakdown and social service failure that accelerate the tragedy of Canada's runaways She suggests measures that might help more of them beat the streets **Asian Canadian Writing Beyond Autoethnography** Christl Verduyn, 2008-08-14 Asian Canadian Writing beyond Autoethnography explores some of the latest developments in the literary and cultural practices of Canadians of Asian heritage While earlier work by ethnic multicultural or minority writers in
