Pedestrianism Matthew Algeo, 2014-04-01 Strange as it sounds during the 1870s and 1880s America's most popular spectator sport wasn't baseball football or horseracing it was competitive walking Inside sold out arenas competitors walked around dirt tracks almost nonstop for six straight days never on Sunday risking their health and sanity to see who could walk the farthest 500 miles then 520 miles and 565 miles These walking matches were as talked about as the weather the details reported in newspapers and telegraphed to fans from coast to coast This long forgotten sport known as pedestrianism spawned America's first celebrity athletes The top pedestrians earned a fortune in prize money and endorsement deals The sport also opened doors for immigrants African Americans and women But along with the excitement came the inevitable scandals charges of doping cocaine and insider gambling It even spawned a riot in 1879 when too many fans showed up at New York's Gilmore's Gardens later renamed Madison Square Gardens and were denied entry to a widely publicized showdown Pedestrianism When Watching People Walk Was America's Favorite Spectator Sport chronicles competitive walking's peculiar appeal and popularity its rapid demise and its enduring influence In many ways pedestrianism marked the beginning of modern spectator sports in the United States Matthew Algeo is the author of *Harry Truman's Excellent Adventure* *The President Is a Sick Man* and *Last Team Standing* An award winning journalist Algeo has reported from three

miles a day and greeted by wildly cheering audiences in every city The New York Times called it the first bona fide walk across the American continent and eagerly chronicled a journey in which Weston was beset by fatigue mosquitoes vicious headwinds and brutal heat He was 70 years old Using the framework of Weston s fascinating and surprising story journalist Wayne Curtis investigates exactly what we lost when we turned away from foot travel and what we could potentially regain with America s new embrace of pedestrianism From how our brains and legs evolved to accommodate our ancient traveling needs to the way that American cities have been designed to cater to cars and discourage pedestrians Curtis guides readers through an engaging intelligent exploration of how something as simple as the way we get from one place to another continues to shape our health our environment and even our national identity Not walking he argues may be one of the most radical things humans have ever done

Coming Full Circle Laurence M. Hauptman, 2019-04-11 The disastrous Buffalo Creek Treaty of 1838 called for the Senecas removal to Kansas then part of the Indian Territory From this low point the Seneca Nation of Indians which today occupies three reservations in western New York sought to rebound Beginning with events leading to the Seneca Revolution in 1848 which transformed the nation s government from a council of chiefs to an elected system Laurence M Hauptman traces Seneca history through the New Deal Based on the author s nearly fifty years of archival research interviews and applied work Coming Full Circle shows that Seneca leaders in these years learned valuable lessons and adapted to change thereby preparing the nation to meet the challenges it would face in the post World War II era including major land loss and threats of termination Instead of emphasizing American Indian decline Hauptman stresses that the Senecas were actors in their own history and demonstrated cultural and political resilience Both Native belief in the form of the Good Message of Handsome Lake and Christianity were major forces in Seneca life women continued to play important social and economic roles despite the demise of clan matrons right to nominate the chiefs and Senecas became involved in national and international competition in long distance running and in lacrosse The Seneca Nation also achieved noteworthy political successes in this period The Senecas resisted allotment and thus saved their reservations from breakup and sale They

recruited powerful allies including attorneys congressmen journalists and religious leaders They saved their Oil Spring Reservation winning a U S Supreme Court case against New York State on the issue of taxation and won remuneration in their Kansas Claims case These efforts laid the groundwork for the Senecas postwar endeavor to seek compensation before the Indian Claims Commission and pursuit of a series of land claims and tax lawsuits against New York State Trekking across America Lyell D. Jr. Henry,2024-10-30 For several decades following the end of the Civil War the most popular sport in the United States was walking Professional pedestrians often covered 500 miles or more for up to six grueling days and nights in pursuit of large money prizes Walking was also a favorite amateur sport newspapers often noted a pedestrian mania or walking fever that only began to give way in the mid 1880s to fast rising crazes for baseball bicycling and roller skating As competitive walking faded a new kind of spectacle walking which had also begun in the late 1860s came to full flower Between 1890 and 1930 hundreds of men women even children and entire families were on the nation s roads and railroad tracks trekking between widely separated points sometimes moving in unusual ways such as on roller skates or by walking barefooted backward on stilts or while rolling a hoop To finance their attention seeking journeys many sold souvenir postcards The public usually found these performers entertaining but public officials and newspaper editors often denounced them as nuisances or frauds Tapping vintage postcards and old newspaper articles this is the first book to bring back to view this once familiar feature of American life *Messiah* Conger Beasley (Jr.),Conger Beasley,2008 A hundred years ago Francis Schlatter was one of the best known figures in the Southwest In this gripping and powerful narrative based on contemporary newspaper accounts and a memoir that Schlatter dictated Beasley Jr reconstructs the life and times of this remarkable man
