Rural Nutrition in Monsoon Asia Robert Orr Whyte,1974 **Rural Nutrition in Monsoon Asia** Stephen Murray-Smith,1971 **The Women Of Rural Asia** Robert Orr Whyte,Pauline Whyte,2020-01-23 This study looks at the social and economic status family and workforce roles and quality of life of women in the rural sectors of monsoonal and equatorial Asia from Pakistan to Japan where life often is characterized by unemployment underemployment and poverty

Rural Asian Women Robert Orr Whyte,Pauline Whyte, Within the overall scope of a long term study being conducted at the Institute on rural development an advance summary is provided of the salient factors governing women s lives in the family and their role in production in monsoonal and equatorial Asia Reasons are suggested for major differences in the status of women in Southeast Asia as compared with those of South and East Asia Cultural factors influencing female education size of family activities in production and earning ability are discussed Actions necessary to meet the most pressing current and future needs of rural women are indicated Rural Nutrition in China Robert Orr Whyte,1972

Disease and Demography in Colonial Burma Judith L. Richell,2006-12-01 Disease and Demography in Colonial Burma is an examination of the factors that shaped demographic change in Burma between 1852 and 1941 Despite increasing contemporary interest in the historical demography of the non European world there has been little detailed exploration of Burma s extensive but problematic population records Judith Richell developed a demographic framework for Burma by analysing late nineteenth century and early twentieth century census data and used this information to analyse population change within the country Colonial Burma experienced relatively high rates of mortality and Richell related this phenomenon to nutrition the development of sanitary and health services the impact of migration from India and agricultural change She also assessed infant child and adult mortality the incidence of endemic diseases such as beri beri and malaria and outbreaks of plague and cholera as well as the influenza pandemic of 1918 The data the author collected and her discussion of these topics provide an exceptionally valuable resource for scholars interested in Burma demography and public health in Southeast Asia Book jacket **A Survey of Agricultural Economics Literature** Lee R. M. Hillier,Tony Jewell,2013-11-05 First published in 1983 Beginning with the period of the early expansion of Western missionary medicine this account covers the chaotic years of Nationalist rule to the foundations of the People s Republic in 1949 It traces the major influences on health care since then and describes the conflicts of State bureaucracy Party and medical profession in their attempts to match political objectives in health care to resources available An outline of the theory of Chinese traditional medicine

together with detailed accounts of acupuncture and plant drugs are also discussed as are specific features of the health care system such as population control medical education nutrition and psychiatry *Interfaces Between Agriculture, Nutrition, and Food Science*, 1984 **International Handbook of Rural Demography** László J. Kulcsár, Katherine J.

Curtis, 2011-12-15 This is the third in an essential series of Springer handbooks that explore key aspects of the nexus between demography and social science With an inclusive international perspective and founded on the principles of social demography this handbook shows how the rural population which recently dropped below 50 per cent of the world total remains a vital segment of society living in proximity to much needed developmental and amenity resources The rich diversity of rural areas shapes the capacity of resident communities to address far reaching social environmental and economic challenges Some will survive become sustainable and even thrive while others will suffer rapid depopulation This handbook demonstrates how these future development trajectories will vary according to local characteristics including but not limited to population composition The growing complexity of rural society is in part a product of significant international variations in population trends making this comparative and comprehensive study of rural demography all the more relevant Collating the latest research on international rural demography the handbook will be an invaluable aid to policy makers as they try to understand how demographic dynamics depend on the economic social and environmental characteristics of rural areas It will also aid researchers assessing the unique factors at play in the rural context and endeavoring to produce meaningful results that will advance policy and scholarship Finally the handbook is an ideal text for graduate students in a spread of disciplines from sociology to international development The Rice Economies Francesca Bray, 2023-04-28 The

contrast in the rate of growth between Western and Eastern societies since 1800 has caused Asian societies to be characterized as backward and resistant to change though until 1600 or so certain Asian states were technologically far in advance of Europe The Rice Economies drawing on original source materials examines patterns of technological and social evolution specific to East Asian wet rice economies in order to clarify some general historical trends in economic development This title is part of UC Press's Voices Revived program which commemorates University of California Press's mission to seek out and cultivate the brightest minds and give them voice reach and impact Drawing on a backlist dating to 1893 Voices Revived makes high quality peer reviewed scholarship accessible once again using print on demand technology This title was originally published in 1994 The contrast in the rate of growth between Western and Eastern societies since 1800 has caused Asian societies to be characterized as backward and resistant to change though until 1600 or so certain Asian states were technologically far in advance of Eur **Science and Civilisation in China** Joseph Needham, 1974

Nutrition and Growth D.B. Jelliffe, E.F.P. Jelliffe, 2012-12-06 The science of nutrition has advanced beyond expectation since Antoine Lavoisier as early as the 18th century showed that oxygen was necessary to change nutrients in foods to compounds which would become a part of the human body He was also the first to measure metabolism and to show that

oxidation within the body produces heat and energy In the two hundred years that have elapsed the essentiality of nitrogen containing nutrients and of proteins for growth and maintenance of tissue has been established the necessity for carbohydrates and certain types of fat for health has been documented vitamins necessary to prevent deficiency diseases have been identified and isolated and the requirement of many mineral elements for health has been demonstrated Further investigations have defined the role of these nutrients in metabolic processes and quantitated their requirements at various stages of development Additional studies have involved their use in the possible prevention of and therapy for disease conditions *Current Catalog* National Library of Medicine (U.S.), First multi year cumulation covers six years 1965 70
