Rural Police And Rural Youth:

Rural Police and Rural Youth ,1985 *Rural Police and Rural Youth* Michael Philip Roche,1985 **Crime and Policing in Rural and Small-Town America** Ralph A. Weisheit,David N. Falcone,L. Edward Wells,2005-09-21 While most researchers see the urban setting as being the only laboratory for studying crime problems throughout the United States *Crime and Policing in Rural and Small Town America* directly challenges this notion with an authoritative look at crime and the criminal justice system in rural America today The assumption that rural crime is rare and comparable across various communities has led to incompatible theories and irrelevant practices In order to transform this misconstruction the Third Edition offers a clear outline of the definition of rural and provides a vital argument for why rural and small town crime should be studied more than it is The book also explores the individual nature of issues that emerge in these communities including illegal drug production domestic violence agricultural crimes rural poverty and gangs in addition to the training needs of rural police probation in rural areas and rural jails and prisons Responding to rural crime requires an awareness of its context and how justice is carried out as well as an appreciation of how features vary across rural areas Understanding the relationships among crime geography and culture in the rural setting can reveal useful ideas and implications for crime and justice in communities across the United States **NIJ Reports** ,1985 **Crime in Rural Australia** Elaine Barclay,2007 *Crime in Rural Australia* brings together leading academics who examine the major dimensions of crime and justice in rural and regional Australia **Report** ,1946 **Report on ...** ,1947 **Library of Congress Subject Headings** Library of Congress,2011 *Quick Bibliography Series* ,1976 **Manpower Research** ,1963 **Youth Involvement in Street Gangs in California's Central Valley** Huan Gao,2024-11-13 This timely insightful and data led book fills a gap in gang scholarship by examining gangs in rural areas specifically focusing on youth gang activity Incorporating information from interviews with 96 active youth gang members and associates in three of the rural counties of California s Central Valley this book provides an in depth look at youth involvement in gang life in rural settings and addresses the underlying factors leading to the socialization of rural youths into gang life The book documents the family and school life of youths living in rural communities and examines the process by which they are initiated into gang activity It discusses their roles in various street gang organizations and their gang related and non gang related illegal activities It traces their experiences within the criminal justice system from initial contacts with the police to juvenile court and juvenile corrections Besides extensive interviews with the youths and official records collected from local criminal justice agencies data from more than 300 surveys of community members accompanied by extensive field research in local communities provides groundbreaking insights into a wide spectrum of issues related to gangs in rural settings While the Central Valley of California serves as the research site for this extensive work its findings are equally relevant to other rural areas in the United States and in the larger global context This volume will be of pivotal interest to students scholars and academics in the fields of criminology

criminal justice sociology law social sciences and political sciences as well as policymakers criminal justice practitioners community leaders and advocates for gang prevention and intervention programs **NIJ Reports** ,1985 **Agriculture And Natural Resources** Wava G.
