R. J. Davies, 1973 Rural Development John Harriss, 2023-08-18 Originally published in 1982 this book provides an important set of basic materials for students of rural development Key papers have been chosen and arranged and the editor has provided a general introduction and passages that link the papers alerting the student to rival theoretical interpretations and to regional parallels and contrasts The book provides a basis for the analysis of the processes that make rural societies and economies what they are and substantially determine the changes that take place within them The papers help the reader to understand the nature of the phenomena with which rural development has to deal and in doing so to begin to evaluate the interventions of agencies and planners Problems of Rural Development Raymond E. James Bingen, 2019-03-04 In Mali and throughout the Sahel governments increasingly rely on parastatal organizations to overcome the problems of lagging food production and rural poverty This book examines the political and economic consequences of the efforts of one organization Operation Riz Segou in Mali to increase smallholder food and cash crop production Drawing extensively on fieldwork in Mali the author finds that significant investments in irrigation facilities

financed by foreign aid have not reduced the smallholder s vulnerability to the risks posed by weather and uncertain flood levels of the Niger River The extension system discourages smallholder investment for long term agricultural development because of its preoccupation with supervision and administrative control Moreover the Operation engages in many popular rural development activities literacy programs farmer training women s artisanal centers that give the facade of grassroots participation but in reality do not provide villagers a critically needed voice in local program administration Comparing Operation Riz Segou to similar parastatal agricultural development programs in the Sahel Dr Bingen discusses why only those policies deliberately designed and carefully implemented to share power with the majority of the people can lay the political and economic foundation required to overcome rural poverty and resolve the food crisis in the Sahel African Economic Development, 1979-85 Mary E. Lassanyi,1985 **Sustainable Rural Development** A. Shepherd,1998-01-19 This book examines the paradigm shift in rural development from an industrial to an holistic approach to technology development from a technocratic to a participatory approach to management and from resource control by big organisations to local resource management It provides a broad ranging assessment of agriculture and local level institutional development and sets out a range of agendas for development practice management and policy into the twenty first century **Experiences with Agricultural Development in Tropical Africa: The synthesis** John Charles De Wilde,1967 This study analyzes case studies in agricultural development to provide data and guidelines for future planning and development projects
