

RUSSIA AFTER COMMUNISM

Editors **RICK FAWN** and **STEPHEN WHITE**

Russia After Communism

**Katharina Bluhm, Bernd Martens, Vera
Trappmann**

Russia After Communism:

Russia After Communism Rick Fawn, Stephen White, 2002 Russia's transition from communism holds great significance not only for itself but also for the wider world. This collection of essays examines the spectrum of Russia's transition since 1991, considering not only the pattern of events but also what the changes have meant for Russians themselves. A Normal Country Andrei Shleifer, 2005 This book offers a firsthand glimpse into the intellectual challenges that Russia's turbulent transition generated. It deals with many of the most important reforms from Gorbachev's half-hearted perestroika to the mass privatization program to the efforts to build legal and regulatory institutions of a market economy. **Russia After Communism** Anders Åslund, Martha Brill Olcott, 1999 Russia After Communism provides an overall assessment of the first five years after the Soviet Union's collapse: what has been accomplished and what has failed to date and where Russia is heading. In a unique collaborative effort, the book features chapters on major issues written by pairs of leading **Russia After Communism** Rick Fawn, Stephen White, 2020-04-28 Russia's transition from communism holds great significance not only for itself but also for the wider world. This collection of essays examines the spectrum of Russia's transition since 1991, considering not only the pattern of events but also what the changes have meant for Russians themselves. **Russia After Communism** Anders Åslund, Martha Brill Olcott, 2013-01-25 Five years have passed since the collapse of the Soviet Union and a new political and economic system has evolved in Russia. Russia After Communism provides an overall assessment of what has been accomplished and what has failed to date and where Russia is heading. In a unique collaborative effort, the book features chapters on major issues written by pairs of leading Russian and American scholars. Michael McFaul and Nikolai Petrov analyze the Russian elections since 1989 and assess voting behavior. Scott Bruckner and Lilia Shevtsova address the question of whether Russia has become a stable pluralist society. Martha Brill Olcott and Valery Tishkov focus on the nature of the Russian nation as well as regional relations. Russia has become a market economy, but what kind of capitalism is being formed? Anders Åslund and Mikhail Dmitriev examine the continuing challenge of economic reform. Sherman Garnett and Dmitri Trenin analyze Russia's relations with its nearest neighbor. Stephen Sestanovich examines Russia's place in the world. *The State After Communism* Timothy J. Colton, Stephen Holmes, 2006 The Soviet dictatorship was a strong state committed to dominating and transforming society in the name of a utopian ideology. When the communist regime crumbled and the post-Soviet countries committed to democracy, most observers took for granted that their state structures would be effective agents of the popular will. Russia's experience demonstrates that this assumption was overly optimistic. This book, based on a major collaborative research project with American and Russian scholars, shows that state capacity, strength, and coherence were highly problematic after communism, which had major consequences for particular functions of government and for the entire process of regime change. Eleven respected contributors examine governance in post-Soviet Russia in comparative context, investigating the roots, characteristics, and consequences of the crisis as a whole.

and its manifestations in the specific realms of tax collection statistics federalism social policy regulation of the banks currency exchange energy policy and parliamentary oversight of the bureaucracy

Russia And Eastern Europe After Communism Michael Kraus, Ron Liebowitz, 2019-06-04 The conference on Russia and East Europe in Transition held at Middlebury College in May 1994 under the auspices of the Center for Russian and East European Studies provided the impetus for this volume The two day gathering was made possible by a Title VI grant from the U S Department of Education and the Jessica Swift Endowed Lecture Fund of Middlebury College for which we are most grateful Apart from the contributors to this volume the conference participants included George Bellerose Raymond E Benson Valery Chalidze Michael Claudon David Colander Guntram H Herb Lars Lib Tamar Mayer Noah M J Pickus Sunder Ramaswamy David A Rosenberg and Mitchell Smith Acting as discussants panel chairs or interested participants their efforts individually and collectively have made this a better book and their contribution to this project is gratefully acknowledged

Believing in Russia - Religious Policy after Communism Geraldine Fagan, 2012-10-23 This book presents a comprehensive overview of religious policy in Russia since the end of the communist regime exposing many of the ambiguities and uncertainties about the position of religion in Russian life It reveals how religious freedom in Russia has contrary to the widely held view a long tradition and how the leading religious institutions in Russia today including especially the Russian Orthodox Church but also Muslim Jewish and Buddhist establishments owe a great deal of their special positions to the relationship they had with the former Soviet regime It examines the resurgence of religious freedom in the years immediately after the end of the Soviet Union showing how this was subsequently curtailed but only partially by the important law of 1997 It discusses the pursuit of privilege for the Russian Orthodox Church and other traditional beliefs under presidents Putin and Medvedev and assesses how far Russian Orthodox Christianity is related to Russian national culture demonstrating the unresolved nature of the key question Is Russia to be an Orthodox country with religious minorities or a multi confessional state It concludes that Russian society s continuing failure to reach a consensus on the role of religion in public life is destabilising the nation

The Russian Province After Communism Vincent Edwards, G. Polonsky, 2016-04-30 This book investigates the responses of companies in Russia s Volgograd formerly Stalingrad province to the fundamental changes in the economic system and is based primarily on interviews with local managers and decision makers Company case studies explore the impact of change on the conduct of business and are related to general developments in the economy The book also questions the future development of Russian companies in a situation of tension between the resilience of the past and enormous pressures for change

The Social History of Post-Communist Russia Piotr Dutkiewicz, Sakwa Richard, Kulikov Vladimir, 2016-03-17 This book tells the untold story of how ordinary Russian people experienced and coped with Russia s transformations after the end of communism Unlike most studies of the subject which focus on high politics developments in the elite and events at the centre this book which includes findings from interviews memoirs public opinion surveys and press articles and documents

from the regions portrays a multi ethnic multi confessional society with different groups affected by the deep and varied changes in diverse and different ways The book covers economic developments social changes how official policies played out at the grass roots level the psychological impact of the changes and the impact on public opinion and how different regions were affected differently Overall the book reveals the hidden dynamics of Russian society including its formal and informal mechanisms and rules for relating to the state and other citizens and shows how millions of Russians coped despite all the odds and maintained the integrity and stability of the country

Russia After Four Years of Revolution Sergei Maslov,1923
Business Leaders and New Varieties of Capitalism in Post-Communist Europe Katharina Bluhm,Bernd Martens,Vera Trappmann,2013-09-23 Business leaders exert extraordinary influence on institution building in market economies but they think and act within institutional settings This book combines both an elite approach with a varieties of capitalism approach Comparing Poland Hungary and East and West Germany we perceive the transformations in East Central Europe and in Germany after 1989 as being intertwined Based on a joint survey this book seeks to measure the level of the convergence of ideas among European business leaders assuming it to be more extensive than the institutional convergence expected under the dominance of neoliberal discourse Analyzing the institutional framework organizational features like size ownership and labour relations and subjective characteristics like age social origin career patterns and attitudes of the recent business elites we found significant differences between countries and the types of organization The growing importance of economic degrees and internationalization shows astonishingly little explanatory power on the views of business leaders The idea of a coordinated market economy is still relatively widespread among Germans while their Hungarian and Polish counterparts are more likely to display a minimalist view of corporate responsibility to society and adverse attitudes towards employee representation However their attitudes frequently tend to be inconsistent which mirrors the mixed type of capitalism in East Central Europe

Historical Legacies of Communism Alexander Libman,Anastassia V. Obydenkova,2021-01-21 Libman and Obydenkova reveal how legacies of the Communist Party of the Soviet Union CPSU have survived in the politics economic development culture and society of post Communist regions in the 21st Century The authors show how this impact is not driven by Communist ideology but by the clientelistic practices opportunism and cynicism prevalent in the CPSU Their study is built on a novel dataset of the CPSU membership rates in Russian regions in the 1950s 1980s alongside case studies interviews and an analysis of mass media previously only available in Russian and discussed here in English for the first time It will appeal to students and scholars of Russian and Eastern European politics and history and anyone who wants to better understand countries which live or have lived through Communism from Eastern Europe to China and East Asian Communist states

Digital Russia Michael Gorham,Ingunn Lunde,Martin Paulsen,2014-03-05 Digital Russia provides a comprehensive analysis of the ways in which new media technologies have shaped language and communication in contemporary Russia It traces the development of the Russian language internet

explores the evolution of web based communication practices showing how they have both shaped and been shaped by social political linguistic and literary realities and examines online features and trends that are characteristic of and in some cases specific to the Russian language internet

Globalisation, Freedom and the Media after Communism Birgit Beumers, Stephen Hutchings, Natalia Rulyova, 2013-10-18 This book examines the fate of post Soviet press freedom and media culture in the context of the growing impact of globalisation To understand the complicated situation that has arisen with respect to these issues in post Soviet space is impossible without collaboration between political scientists sociologists cultural analysts media studies researchers and media practitioners The book is one of the first attempts to bridge the gaps between political and cultural studies approaches between textual analysis and audience research as well as between practitioner led and scholarly approaches to the post Soviet media The cumulative impact of the essays contained in this section is to reinforce the intuition which inspired it that the post Soviet media remain a highly heterogeneous complex and dynamic field for investigation With contributions from scholars and journalists across Europe including the former Soviet Union the collection addresses such issues as censorship and elections the legacy of the Soviet past terrorism and the media the post Soviet business press advertising and nation building official press discourse and entrepreneurship and global formats on Russian television This book was originally published as a special issue of *Europe Asia Studies*

Ideology and National Identity in Post-communist Foreign Policies Rick Fawn, 2003 This collection of essays examines the extent to which nationalism has replaced communist ideology in the foreign policy of communist states

Punk in Russia Ivan Gololobov, Hilary Pilkington, Yngvar B Steinholt, 2014-04-24 Punk culture is currently having a revival worldwide and is poised to extend and mutate even more as youth unemployment and youth alienation increase in many countries of the world In Russia its power to have an impact and to shock is well illustrated by the state response to activist collective and punk band Pussy Riot This book based on extensive original research examines the nature of punk culture in contemporary Russia Drawing on interviews and observation it explores the vibrant punk music scenes and the social relations underpinning them in three contrasting Russian cities It relates punk to wider contemporary culture and uses the Russian example to discuss more generally what constitutes punk today

Political and Social Thought in Post-Communist Russia Axel Kaehne, 2007-11-13 This is the first comprehensive study of Russian political and social thought in the post Communist era The book portrays and critically examines the conceptual and theoretical attempts by Russian scholars and political thinkers to make sense of the challenges of post communism and the trials of economic political and social transformation It brings together the various strands of political thought that have been formulated in the wake of the collapsed communist doctrine It engages constructively with the numerous attempts by Russian political theorists and social scientists to articulate a coherent model of liberal democracy in their country The book investigates critical as well as favourable voices in the Russian debate on liberal democracy a debate often marked by eclecticism and at times little conceptual discipline As such

the book will be of great interest both to Russian specialists and to all those interested in political and social thought more widely

Russia and East Asia Tsuneo Akaha, Anna Vassilieva, 2014-02-05 Russia has generally been neglected in the academic and policy discourse on regional integration in East Asia This book fills this gap with particular attention to the role of Pacific Russia in the deepening regional integration in East Asia It examines the increasingly diverse foreign policy interests of Russia related to emerging economic and political realities of the world and Russia's potential role in the regional integration in East Asia Topics discussed include Russian strategic interests and security policy in East Asia generally Russia's bilateral relations with China Japan and the Korean Peninsula opportunities and challenges energy and immigration presents for Russia and its engagement with East Asia and Russia's present and future roles in regional integration in East Asia

Russia's Path to Communism Grigory Yevseyevich Zinovyev, 1925

This book delves into Russia After Communism. Russia After Communism is a crucial topic that must be grasped by everyone, ranging from students and scholars to the general public. The book will furnish comprehensive and in-depth insights into Russia After Communism, encompassing both the fundamentals and more intricate discussions.

1. The book is structured into several chapters, namely:

- Chapter 1: Introduction to Russia After Communism
- Chapter 2: Essential Elements of Russia After Communism
- Chapter 3: Russia After Communism in Everyday Life
- Chapter 4: Russia After Communism in Specific Contexts
- Chapter 5: Conclusion

2. In chapter 1, this book will provide an overview of Russia After Communism. The first chapter will explore what Russia After Communism is, why Russia After Communism is vital, and how to effectively learn about Russia After Communism.
3. In chapter 2, the author will delve into the foundational concepts of Russia After Communism. The second chapter will elucidate the essential principles that must be understood to grasp Russia After Communism in its entirety.
4. In chapter 3, the author will examine the practical applications of Russia After Communism in daily life. This chapter will showcase real-world examples of how Russia After Communism can be effectively utilized in everyday scenarios.
5. In chapter 4, this book will scrutinize the relevance of Russia After Communism in specific contexts. This chapter will explore how Russia After Communism is applied in specialized fields, such as education, business, and technology.
6. In chapter 5, this book will draw a conclusion about Russia After Communism. The final chapter will summarize the key points that have been discussed throughout the book.

This book is crafted in an easy-to-understand language and is complemented by engaging illustrations. This book is highly recommended for anyone seeking to gain a comprehensive understanding of Russia After Communism.
