## Russia And The United States:

*History of the World War: America and Russia* Frank Herbert Simonds, 1919 For contents see Author Catalog     *The United States and Russia* Vera Micheles Dean, 1947     **Russia** Russia. Ministerstvo finansov, 1901     *Russia Today* Dorothy Thompson, 1929     **Russia and the United States** Владислав Леонидович Малькевич, 2019 This book analyzes the causes effects and recovery from two major shocks to the economy in the 20th century the Great Depression of the 1930s in the USA and the Russian post Soviet depression of the 1990s in post Soviet Russia it explores the contours of these two events and the role of oligarchs and the state in their unfolding The author studies and compares the Russian and US economies starting from the first contacts between American colonists and Russians all the way up to contemporary multilateral interstate relations between the two countries The book is intended for a wide readership interested in Russia United States relations as well as for specialists with expertise in international affairs The publication includes illustrations and photographs reflecting the long multifaceted history of economic relations between Russia and the United States     **Russian Review**, 1924     **American Economist**, 1902     *A History of the United States* George Bancroft, 1874     **Statesman's Handbook for Russia** Russia. Komitet ministrov. Kant[?]s[?]eli[?]a[?]r[?]i[?]a[?], 1896     **Russia, the Soviet Union, and the United States** John Lewis Gaddis, 1990 From the capricious reign of Catherine the Great and Alexander I to the provocative leadership of Mikhail Gorbachev the author concentrates on the interplay between interests and ideologies in the relationship between the United States and the Soviet Union in an even handed non ideological narrative     **Public Laws of the State of Illinois** Illinois, 1911     *Thirty Years' View, Or, A History of the Working of the American Government for Thirty Years, from 1820 to 1850* Thomas Hart Benton, 1880     **U.S.-Russia Relations**, 1999     *The United States and Russia* Gary Wiener, 2017-12-15 After the U S S R formed the United States found itself in a rivalry that has persisted for nearly a century Readers are introduced to the complex history between the United States and Russia which for many years was a conflict between democracy and communism However after the dissolution of the U S S R the relationship between the two countries remains strained and readers also explore the reasons for this continued tension Quotes from powerful leaders of both countries striking photographs and thoroughly researched text help readers understand why these two competing nations have maintained a cold relationship for so many years     **Russia and the United States** Pitirim Sorokin, 2017-07-05 Throughout the Cold War both the United States and the Soviet Union viewed themselves as saviors of the world and each saw itself as working on behalf of humanity against the other The unexpected implosion of the Soviet empire in 1989 brought an end to this bipolar world and left both nations uncertain about their relations to the world and to each other Antagonism between the United States and Russia is rooted in a lack of knowledge of each other s culture and history This pioneering volume first published in 1944 at the height of the U S Soviet alliance steers us through the labyrinth of mutual ignorance that continues in the post Cold War era Pitirim Alexandrovitch Sorokin is one of the major figures of

modern sociology Born in rural Russia in 1889 he took an active part in the country s political life Following his emigration to the United States he strove to develop an insider s knowledge of his new home Russia and the United States was written in the hope of fostering cooperation between the two countries in the postwar world By noting a shared belief in each nation s historical role or exceptionalism Sorokin argues that there is a fundamental compatibility in the basic values of the two countries facilitated by shared mental cultural and social attitudes that preceded the communist period Without minimizing the tyrannical nature of the Soviet regime Sorokin locates and traces the development of democratic tendencies in Russia He also points out that American democracy has not been fully achieved and that both nations have yet to fulfill their ideals Both countries have been melting pots of diverse racial ethnic national and cultural groups and peoples and from their multiethnic composition Russia and the United States have each developed a rich and creative culture Sorokin rejects the notion of diametrically opposed American and Russian souls in favor of an appreciation of shared values **Dun's Review** ,1915
