Setting Suns Elizabeth Donald, 2006 *Visitor*, 1847 **Paul Verlaine** Paul Verlaine, 1916 **Energy, Ecocriticism, and Nineteenth-Century Fiction** Barri J. Gold, 2021-04-10

Energy Ecocriticism and Nineteenth Century Fiction Novel Ecologies draws on energy concepts to revisit some of our favorite books *Mansfield Park* *Jane Eyre* *Great Expectations* and *The War of the Worlds* and the ways these shape our sense of ourselves as ecological beings Barri J Gold regards the laws of thermodynamics not solely as a set of physical principles but also as a cultural and conceptual form that we can use to reimagine our historically vexed relationship to the natural world Beginning with an examination of the parallel inceptions of energy and ecology in the mid nineteenth century this book considers the question of how we may better read and interpret our world developing a recipe for experimental reading and insisting upon the importance of literary studies in a world driving to ecological catastrophe

Apostrophes VII E.D. Blodgett, 2011-04-01 *Apostrophe 1* Rhet A figure of speech by which a speaker or writer suddenly stops in his discourse and turns to address pointedly some person or thing either present or absent an exclamatory address OED Renowned poet E D Blodgett extends his lyrical meditations to the limits of human knowing in *Apostrophes VII* *Sleep You a Tree* By remaining true to the ancient trope of direct address he is able to sustain the merest suggestion of the infinite complexity of the natural world beyond You and thereby impress his breathtaking vision Via sumptuous imagery commanded by musical lines and understated language readers are invited to partake in the greatest marvels that happen to be all around us and accessible to us every day

Paul Verlaine Paul Verlaine, 2019-11-15 *Crowned Prince of Poets* in his later years Paul Verlaine stands out among the iconoclastic founders of French modernist verse This diglot anthology offers the most comprehensive selection of Verlaine s poetry available in English translation Verlaine s famous works are presented here alongside poems never previously translated into English including neglected political works and prison pieces only recently brought to light which reveal social homoerotic and even pornographic inspirations The poems are organized not by collections and date of publication but by themes and time of composition This innovation along with Valazza s extensive supporting materials will help the curious student or scholar explore the master poet s work in the context of his troubled life from the beginning of his literary career among the Parnassians to his affair with Rimbaud and the end of his marriage his time in prison and his bohemian lifestyle up to his death in 1896 Verlaine the poet of ambiguity has always been a challenge to translate Rosenberg expertly crafts language that privileges the musicality of Verlaine s verse while respecting each poem s meaning and pace Featuring 192 poems in French with English translations this collection will appeal to scholars and poetry enthusiasts alike

Hoyt's New Cyclopedia of Practical Quotations Drawn from the Speech and Literature of All Nations, Ancient and Modern, Classic and Popular, in English and Foreign Text Jehiel Keeler Hoyt, Kate Louise Roberts, 1927 *HOYT'S NEW CYCLOPEDIA OF PRACTICAL QUOTATIONS* KATE LOUISE ROBERTS, 1922

Extraterrestrial Sands Gary Gilligan, 2016-04-22 Quartz sand is anywhere and everywhere imaginable on the surface of

the Earth It forms the vast sandy Sahara and Arabian deserts where dunes can reach a staggering 180 meters 600 ft in height It makes up the world s immense sandstone deposits forms our beaches and is present in most soils around the globe The question is where did all the sand come from All scholars hold the view that the primary source of our sand lies with the weathering and erosion of granite outcrops a process that is said to take billions of years uniformitarianism But is this correct Is there anybody brave enough to challenge this seemingly impregnable bastion of geological principles Extraterrestrial Sands does just that Extraterrestrial Sands dismantles the consensus model and explores the radical idea that sand is extraterrestrial in origin The theory states that the planet Mars entered into hundreds of catastrophic close encounters with earth during historical times During these encounters an incandescent molten Mars internally convulsed and ejected immeasurable quantities of vaporised rock volatiles dust and debris out into space a natural by product of planetary chaos Vast swaths of rock vapour fell to earth along with tons of other sedimentary material where it condensed out of the atmosphere as tiny quartz grains In other words it rained sand Earth has been subjected to a number of catastrophic sand and debris accretion events in the past few thousand years and the evidence is obvious for all to see It reaches us in the form of Earth s sandy deserts beaches dune fields and sandstone deposits If proven the theory laid out in Extraterrestrial Sands has the potential to rewrite Earth s history A fascinating read it will appeal to those with an interest in global and Martian geology

Miscellaneous poems John Stagg,1804 My Collected Thoughts Ray Salmon,2018-02-06 My Collected Thoughts contains autobiography detailing how religion impacted on the author s life and reflections on those religious experiences It also contains explorations of the religious ideas which were important to the author particularly between 1981 and 2011 when most of the thoughts were written This book will engage anyone interested in another person s religious journey and there are indications of downs as well as ups It will also engage those who have a general interest in religious ideas It is the hope of the author that the book will be of help to anyone on a religious journey which of course is all of us and in particular help people to see the place which prayer can have in discovering the higher power It was found by the author that a cry for help evoked a response from God although it is true that this was preceded by many years searching and devotion in his quiet time M C T will provide a companion book for Prayers for Daily Life

remains for Anglophone readers undiscovered The Dying of the Light Donald J. Richardson, 2009-11-20 As a community volunteer for several years I have come to know many elderly people to listen to the stories of their lives and to witness their needs and complaints Some are no longer with us of course but others soldier on enduring life's challenges suffering ungrateful children and combating an indifferent society One important discovery I have made is that it is elemental to listen The listening is the best and most affirmative part of my service to the elderly Hardly anyone actually cares what they say or what they think It is necessary that their voices be heard What I have tried to do in *The Dying of the Light* is to restore their voices

The Shadow of the Sun Barbara Friend Ish, 2011-02-22 A Man Cannot Deny the Gods Ten years ago Ellion violated a sacred rule of magic and brought tragedy on his family Forced to abandon his throne exiled from the holy Aballo Order of wizards and severed from his patron goddess he swore never to work magic again He retreated into music and a bard's footloose existence living in other men's kingdoms singing of other men's victories A Man Cannot Escape Destiny But then the arrogant king of kings is murdered in an act of insurrection by a rogue wizard who follows the old gods As the human nations teeter on the verge of chaos and civil war Ellion tries to slip even farther away to the Tanaan realms only to discover that they are threatened by the same enemy A Man Cannot Hide from the Shadow of the Sun Now Ellion finds himself the protector of Letitia a Tanaan princess daughter of one of the greatest Tanaan heroines and unwitting key to a great arcane mystery Pursued by the rogue wizard's minions enticed by gods he was taught to forswear challenged by his former mentor and tempted by the most enchanting woman he has ever encountered Ellion must battle his faith his vows and the darkness his soul yearns to tap as he races to unravel the secret of the rogue's power the Shadow of the Sun

The Return of Thematic Criticism Werner Sollors, 1993 In the glory days of high modernist formalism it was anathema to speak about the content of a work of art Those days are gone and critical practice now is largely thematic practice A focus on the themes of literature informs feminist new historicist ethnic and even second generation deconstructionist approaches However such practice is not always recognized The specter of theoretically impoverished positivism still haunts thematic analysis making it the approach to literature that dare not speak its name This volume brings together for the first time an international group of writers critics and theoreticians who have thought deeply about this issue How can we determine the theme of a given text May the focus on form be the theme of a certain moment Can the motif be understood as a formal category What operations permit us to say that three or four texts constitute variants of the same theme The contributors challenge the conventional dismissal of merely thematic approaches and offer the reader different ways of tackling the issue of what a piece of writing is about The work here comes out of such diverse intellectual traditions as Russian film theory French phenomenology Foucault narratology the Frankfurt School intellectual history *Geistesgeschichte* psychoanalytic criticism linguistics ideological criticism Proppian folklore studies and computerized plot summary models In addition to a collection of aphorisms from Plato to Robert Coover and a group of general and theoretical essays this volume contains

examples of practical engagement with such topics as literary history Shakespeare autumn poetry anti-Semitism fading colors bachelors Richard Wagner and the Mexican Revolution No comparable volume exists *Thinking of Amitabha Buddha* Rulu,2012-01-20 The Mahayana Buddhist doctrine teaches that all sentient beings have Buddha nature and will eventually attain Buddhahood For the spiritual training of those who are resolved to become Buddhas to benefit themselves and others Sakyamuni Buddha recommends a Pure Land Amitabha Buddhas Land of Ultimate Bliss To be reborn in that land one must have faith resolve and training In that splendid environment and in the excellent company of advanced Bodhisattvas one will attain Buddhahood with Amitabha Buddhas training and support The Pure Land School originated in China is founded on five sutras and one treatise This book Rulus second presents these six texts and four other sutras in English all translated from texts in the Chinese Buddhist Canon Five of these ten English translations have never before been published in book form To help readers the translators introduction provides an organized presentation of Pure Land teachings another chapter tells the life stories of the patriarchs of the Pure Land School Buddhist terms are explained in the glossary This book will benefit readers at all levels and serve as a basis for scholarly research For those who aspire to be reborn in the Pure Land it is the only English guidebook available **Littell's Living Age** ,1887 *The Living Age* ,1854 *Littell's Living Age* Eliakim Littell,Robert S.
