Seven Great Statesmen:

Seven Great Statesmen in the Warfare of Humanity with Unreason Andrew Dickson White, 1910 Seven great statesmen Andrew Dickson White, 1916 *Seven Great Statesmen* Andrew Dickson White, HardPress, 2013 Seven Great Statesmen Andrew Dickson White, 1910 **Seven Great Statesmen** White Andrew D., 2000 **Seven Great Statesmen in the Warfare of Humanity with Unreason** HardPress, White Andrew Dickson 1832-1918, 2013-06 Unlike some other reproductions of classic texts 1 We have not used OCR Optical Character Recognition as this leads to bad quality books with introduced typos 2 In books where there are images such as portraits maps sketches etc We have endeavoured to keep the quality of these images so they represent accurately the original artefact Although occasionally there may be certain imperfections with these old texts we feel they deserve to be made available for future generations to enjoy **SEVEN GREAT STATESMEN DT.** Andrew D. White, 1913 **Seven Great Statesmen in the Warfare of Humanity with Unreason (Classic Reprint)** Andrew Dickson White, 2017-11 Excerpt from *Seven Great Statesmen in the Warfare of Humanity With Unreason* My purpose in writing these essays has been to acquaint men who are interested in the bearings of modern history on public life with sundry statesmen whose time was devoted not to seeking office or to winning a brief popular fame by chicanery or pettifoggery but to serving the great interests of modern states and indeed of universal humanity I would present these statesmen and their work as especially worthy to be studied by those who aspire to serve their country in any way About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works **7 GRT STATESMEN IN THE WARFARE** Andrew Dickson 1832-1918 White, 2016-08-27 **The War on Witchcraft** Jan Machielsen, 2021-07-22 Historians of the early modern witch hunt often begin histories of their field with the theories propounded by Margaret Murray and Montague Summers in the 1920s They overlook the lasting impact of nineteenth century scholarship in particular the contributions by two American historians Andrew Dickson White 1832 1918 and George Lincoln Burr 1857 1938 Study of their work and scholarly personae contributes to our understanding of the deeply embedded popular understanding of the witch hunt as representing an irrational past in opposition to an enlightened present Yet the men's relationship with each other and with witchcraft sceptics the heroes of their studies also demonstrates how their writings were part of a larger war against unreason This Element thus lays bare the ways scholarly masculinity helped shape witchcraft historiography a field of study often seen as dominated by feminist scholarship Such meditation on past practice may foster reflection on contemporary

models of history writing *The Peacemakers* Bruce W. Jentleson, 2018-04-24 In the twentieth century great leaders played vital roles in making the world a fairer and more peaceful place How did they do it What lessons can be drawn for the twenty first century global agenda Those questions are at the heart of *The Peacemakers* a kind of global edition of John F Kennedy's Profiles in Courage Writing at a time when peace seems elusive and conflict endemic when tensions are running high among the major powers when history has come roaring back when democracy and human rights are yet again under siege when climate change is moving from future to present tense and when transformational statesmanship is so needed Bruce W Jentleson shows how twentieth century leaders of a variety of types national international institutional sociopolitical nongovernmental rewrote the zero sum scripts they were handed and successfully made breakthroughs on issues long thought intractable The stories are fascinating Henry Kissinger Zhou Enlai and the U S China opening Mikhail Gorbachev and the end of the Cold War Dag Hammarskjöld's exceptional effectiveness as United Nations secretary general Nelson Mandela and South African reconciliation Yitzhak Rabin seeking Arab Israeli peace Mahatma Gandhi as exemplar of anticolonialism and an apostle of nonviolence Lech Walesa and ending Soviet bloc communism Gro Harlem Brundtland and fostering global sustainability and a number of others While also taking into account other actors and factors Jentleson tells us who each leader was as an individual why they made the choices they did how they pursued their goals and what they were and weren't able to achieve And not just fascinating but also instructive Jentleson draws out lessons across the twenty first century global agenda making clear how difficult peacemaking is while powerfully demonstrating that it has been possible and urgently stressing how necessary it is today An ambitious book for ambitious people *The Peacemakers* seeks to contribute to motivating and shaping the breakthroughs on which our future so greatly depends *The Athenaeum*, 1868
