Seventh Millennium The Evidence That We Can Know The Future:

The Seventh Millennium John Ashton,1998 For thousands of years humans have wondered about the future often looking for portents in the moon and stars or in other signs of nature Scientific studies have seemed to confirm that some people have the ability to see the future with varying degrees of accuracy This opens a whole new arena of human knowledge that affects our lives If the future exists do we really have freedom of choice Can we change it if we don t like certain aspects And can the prophecies for the next millennium provide the clues for pathways to our achieving the best future for ourselves and our children This work seeks to put together the fascinating puzzle of the future which suggests that our choices now affect what is going to happen Evolution Impossible John Ashton,2012-06-23 There is scientific evidence proving

evolution cannot be responsible for life on Earth It is time to question what biology text books and nature documentaries claim about our origins Even Darwin admitted I threw out queries suggestions wondering all the time over everything and to my astonishment the ideas took like wildfire People made a religion of them Dr John Ashton has dedicated 40 years to teaching and researching science and exposing the lack of proven evidence for Darwin s theories In Evolution Impossible he uses discoveries in genetics biochemistry geology radiometric dating and other scientific disciplines to explain why the theory of evolution is a myth Discover for yourself Why the fossil record is evidence of extinction not evolution How erosion and sedimentation dates conflict with radiometric dating How the lack of transitional fossils undermines evolutionary notions Why living cells and new organisms do not rise by chance or random mutations Regardless of your level of scientific education you will finish this book able to cite 12 reasons why evolution cannot explain the origin of life **Studies in John**

Chronicles of the End Times Mark Davidson, 2018-10-05 Mark Davidson author of Daniel Revisited has created a unique interpretation of end time Bible prophecy using the ancient concentric reading method known as chiastics Lost centuries ago it was rediscovered by seminary scholars in the eighteenth century This reading method reveals the form of the scripture text via the flow of its words giving us a heightened sensitivity to the words in the text When combined with the words meanings we receive a greater understanding of prophetic scripture In Daniel Revisited Davidson showed us the four signposts four events prophesied in Daniel 7 and 8 and Revelation 6 to occur in the Middle East prior to the Rapture and Tribulation Now in Chronicles of the End Times chiastic reading has been applied to all of Daniel Revelation and other books pulling back the veil further to expand our view from four events to all the main events from the Middle East to the ends of the earth A chiastic reading of Daniel Zechariah 1 6 Matthew 23 25 and Revelation all shown in ninety illustrations yields many solid answers to the following questions as well as to many others How do Daniel 2 and 7 interact and why are the kingdoms metals and beasts What s the purpose of Daniel s Aramaic chapters and how do they affect the end times Which parts of Daniel 11 are to be fulfilled in ancient times versus end times

What is the real identity of Mystery Babylon and how does this help us in the end times How do the two scrolls of Revelation give greater understanding of the trumpets and bowls What are the Seven Events of the end times and which one is next This all may seem incredible for one book but is nevertheless true The chiasmic reading of Bible prophecy revolutionizes our view of the end times and how we read Bible end time prophecy **The Expansion of Orthodox Europe** Jonathan
