Pedagogic Encounters Aristi Trendel,2021-02-15 This book offers a new approach to the genre of the campus novel Through a critical analysis of eleven novels Aristi Trendel argues that the specificity and complexity of the pedagogic rapport between professor and student calls for a new genre the Master Disciple novel After the 1980s the professor student relationship was highly scrutinized and politicized making the Master Disciple novel essential to critical theorists and educators Furthermore the Master Disciple novel broadens the scope of the campus novel as the master pupil rapport can develop beyond the halls of academia Though some of the novels analyzed in this book have been thoroughly discussed before Trendel reads them through the lens of the pedagogic rapport and in constant dialogue with a broad range of themes such as gender sexuality and power The book will be important for academics students and all who are interested in the bond

between teacher and student **Sex Offenders** Sean Maddan,Lynn Pazzani,2017-01-19 This book is about sex offenders Whereas most books will focus on either sex crimes or sexual deviance this book examines the entire etiology of sex crimes This includes discussions of the nature of sex crimes sexual deviance and maybe most importantly the processing of sex offenders through the criminal justice system This includes sex offender interactions with law enforcement the courts and corrections Corrections for sex offenders encompasses a myriad of programs prison sex offender registration and notification civil commitments residence restrictions and treatment One unique aspect of this book is its focus on criminal justice system s treatment of sex offenders given scant if any coverage in other books The book also emphasizes two of the most common sex crimes rape and sex offenses against children and addresses the impact of sex crimes on victims In sum this book offers a comprehensive approach to the study of sex offenders **The Shaming of Sexual Offenders** Anne-Marie

McAlinden,2007-04-05 Winner of the 2008 British Society of Criminology Book Prize Sex offenders particularly those who offend against children feature prominently in contemporary law and order debates Child sexual abuse is a small component of the broader category of gendered and sexualised violence which causes significant trauma for victims yet continues to evade conventional approaches to justice This is evidenced not only by the low number of prosecutions due mostly to low levels of reporting and evidential difficulties at trial but also by the failure of the justice system to prevent re offending largely due to the limited availability and effectiveness of prison treatment programmes Following Braithwaite s dichotomy of reintegrative and disintegrative shaming this book argues that contemporary popular and state led responses to the risk posed by sex offenders are largely disintegrative in nature At best the offender may be labelled stigmatised and ostracised from the community while at worst he may be subjected to violence and vigilante action and ultimately return to offending behaviour The failure of these retributive responses means there is considerable scope for exploring alternative forms of justice and their potential for improving the outcome for victims offenders and communities affected by sexual offences This book examines the controversy of whether restorative justice can be applied to child sexual abuse as one of the most intractable of contemporary societal problems and if so what special considerations might apply Although restorative schemes with sex offenders are in short supply a few initiatives have developed in Canada and parts of the United States which have effected significant benefits in reintegrative shaming The book examines whether such ad hoc schemes may be of general application with child sexual abuse and whether they may be implemented on a more holistic basis **A**

Community-Based Approach to the Reduction of Sexual Reoffending Chris Wilson,Terry Philpot,Stephen Hanvey,2011-08-15 A Circle of Support and Accountability is a group of trained volunteers who meet on a regular basis with a high risk sex offender living in their community This pioneering approach based on restorative justice principles holds the offender accountable and provides them with care and support to prevent reoffending **The Feminist and The Sex Offender** Erica R. Meiners,Judith Levine,2020-04-28 With analytical clarity and narrative force The Feminist and the Sex

Offender contends with two problems that despite their inextricable linkages are typically siloed in the era of MeToo and mass incarceration sexual and gender violence on the one hand and the state's unjust ineffective and soul destroying response to it Levine and Meiners ask if it's possible to confront the culture of abuse to hold harm doers accountable without recourse to a criminal justice system that redoubles injuries fails survivors and retrenches the conditions that made such abuse possible Drawing on personal experience reportage and history *The Feminist and the Sex Offender* develops an intersectional feminist approach to ending sexual violence It maps with considerable detail the unjust sex offender regime while highlighting the alternatives we urgently need
