*Subversive Lives* Susan F. Quimpo, Nathan Gilbert Quimpo, 2016-07-29 From the 1960s to the 1990s seven members of the Quimpo family dedicated themselves to the anti Marcos resistance in the Philippines sometimes at profound personal cost In this unprecedented memoir eight siblings plus one by marriage tell their remarkable stories in individually authored chapters that comprise a family saga of revolution persistence and ultimately vindication even as easy resolution eluded their struggles *Subversive Lives* tells of attempts to smuggle weapons for the New People s Army the armed branch of the Communist Party of the Philippines of heady times organizing uprisings and strikes of the cruel discovery of one brother s death and the inexplicable disappearance of another now believed to be dead and of imprisonment and torture by the military These stories show the sacrifices and daily heroism of those in the movement But they also reveal its messy legacies sons alienated from their father daughters abused by the military friends betrayed and revolutionary affection soured by intractable ideological differences The rich and distinctive contributions span the martial law years of Ferdinand Marcos s rule *Subversive Lives* is a riveting and accessible primer for those unfamiliar with the era and a resonant history for those with a personal connection to what it meant to be Filipino at that time or for anyone who has fought political repression

Debate on the subject while often heated even prejudiced proceeds largely in ignorance of the historical development of private schooling the currently changing nature of private schooling and the wide diversity of provision of private schooling

Gordon Anthony,2014-12-18 This book is written from a personal perspective of an individual addressing life issues and

obstacles that we are to overcome with a spiritual insight into life On from various points of starting out with having no

opportunity to making opportunities and having to make more major moves in life and make further changes which has

resulted from changing from ones own perspective into following the word of God in a very practical and realistic way All of

this insight from a boy from the ghetto who had much turmoil in his family circumstances and had no real good guidance

from people and explaining into finding out through personal experiences that God is the only way through this life This is a

compilation of true life experiences and lessons learned in an effort to assist and guide the next man or woman girl or boy

whether young or old to have reading pleasure and hopefully not a too upsetting experience to eventually reach the point of

their own truth in their own life to reach the point of peace and serenity The International Handbook on Aging Erdman P.

Palmore, Frank Whittington, Suzanne Kunkel,2009-10-27 The United Nations World Assembly on Aging has made advancing

health and well being into old age a worldwide call for action And this text at hand shows us what researchers worldwide are

doing to answer that call Here three of America s most esteemed experts on aging lead a global team of contributors each an

expert in his or her country to show us what the top challenges of each nation are and what top research is being done there to meet those. While we cannot predict with absolute certainty all of the issues that will arise over the next 20 years we can anticipate some and we must start now to prepare for these challenges. An expert from the U S Department of Health and Human Services warned at a recent UN World Assembly on Aging. Needed response to the global population shift is not just the responsibility of governments but will be a product of wise long term decisions made by individuals and societies she explained. In most nations globally populations are graying and the number of people aged 65 and older is vastly increasing creating a larger segment of senior citizens than the world has ever before seen. Across human history the elderly accounted for no more than 3 percent of the world population. By the year 2030 the elderly are expected to make up about 25 percent of the world population. And while longevity is of course seen as a great success longer lifespan for such masses also creates dilemmas. For example the incidence of dementia has already increased significantly with an 11 fold increase in people aged 65 and older in the US since the turn of the century and a similar increase in aged people in Scotland has researchers there scrambling to find treatments for what they expect will be a 75 percent increase in dementia over the next 25 years. Chronic diseases that come with aging are already taxing health care systems in the US and around the world to Japan with most experts aware their current health systems would be overrun and lack enough staff and facilities to handle the needs of an elderly population multiplying largely in the coming two decades. Increases in psychological issues such as dealing with the depression often striking aged people are impending too as are social issues such as how families and public policies will deal with the changing shape of the family.

The Sensation Novel and the Victorian Family Magazine D. Wynne, 2001-07-11

Victorian sensation novels with their compulsive plots of crime transgression and mystery were bestsellers. Deborah Wynne analyses the fascinating relationships between sensation novels and the magazines in which they were serialized. Drawing upon the work of Wilkie Collins, Mary Braddon, Charles Dickens, Ellen Wood and Charles Reade and such popular family journals as *All The Year Round*, *The Cornhill* and *Once a Week* the author highlights how novels and magazines worked together to engage in the major cultural and social debates of the period.

**Finishing Well** David W. F. Wong, 2024-11-01

In life it is important how we begin and how we continue. But ultimately it is how we finish that really matters. Some of us have begun well. Some of us have continued well. But how will we finish? Will we finish well or will we finish badly?

The Sleep of Reason Martha C. Nussbaum, Juha Sihvola, 2013-08-02

Sex is beyond reason and yet we constantly reason about it. So too did the peoples of ancient Greece and Rome. But until recently there has been little discussion of their views on erotic experience and sexual ethics. *The Sleep of Reason* brings together an international group of philosophers, philologists, literary critics and historians to consider two questions normally kept separate: how is erotic experience understood in classical texts of various kinds and what ethical judgments and philosophical arguments are made

about sex From same sex desire to conjugal love and from Plato and Aristotle to the Roman Stoic Musonius Rufus the contributors demonstrate the complexity and diversity of classical sexuality They also show that the ethics of eros in both Greece and Rome shared a number of commonalities a focus not only on self mastery but also on reciprocity a concern among men not just for penetration and display of their power but also for being gentle and kind and for being loved for themselves and that women and even younger men felt not only gratitude and acceptance but also joy and sexual desire Contributors Eva Cantarella Kenneth Dover Chris Faraone Simon Goldhill Stephen Halliwell David M Halperin J Samuel Houser Maarit Kaimio David Konstan David Leitaio Martha C Nussbaum A W Price Juha Sihvola     Annual Report of the United States Life-Saving Service ...
