Shenandoah County Virginia A Study Of The 1860 Census Vol 4:

Shenandoah County, Virginia Marvin J. Vann, 2013-08-01 The author's original quest of finding his relatives in the 1860 census of Shenandoah County Virginia led to the collection of data on hundreds of households. In this second volume over 250 dwellings are accounted for in Powells Fort Edinburg District and Mt Jackson. The census data organized by dwelling number and family number is given for each family; this is followed by detailed biographical information covering nearly every individual in each household. Information on most people includes birth and death dates, marriage dates, military activity, location of burial, education, occupation, children, second spouses, related families, census dwelling and family numbers, and the microfilm page number when applicable. Photographs, illustrations, a bibliography, and a full name index add to the value of this work. *Shenandoah County, Virginia: A Study of the 1860 Census* Marvin J. Vann, 2015-06-17 The tenth installment of this valuable genealogical resource for researchers of Shenandoah Valley families contains a wealth of information for anyone with even remote family roots in Shenandoah County. As in the preceding volumes, data from the haphazardly organized and annotated 1860 census is deciphered and presented as a companion resource to the original census materials. The census records include the number of people per family, their ages during the census, occupations held by family members, births, deaths, where buried, race, even histories of the land and area where they lived. A brief history of members of the family by marriage is also included in some entries. Illustrations include homes, family members, churches, notices in newspapers, and town scenes. Because the records are listed by dwelling number, a surname index is included along with the dwelling number of the family to make the search for relatives easier. **Shenandoah County, Virginia** Marvin Vann, 2022-09-13 The first eleven volumes. Volume 1 has been revised and expanded to two volumes, Volume 1A and Volume 1B. Of this twelve-volume series, contain data from the arbitrarily organized and annotated 1860 census which is deciphered and presented as a companion resource to the original census materials. The census records include the number of people per family, their ages during the census, occupations held by family members, births, deaths, where buried, race, even histories of the land and area where they lived. Most of the volumes in this series discuss approximately two hundred dwellings each. However, the first volume contained 385 dwellings. Since Volume 1's original publication, several new sources of information were discovered. Due to this new abundance of information, the first volume has been revised and republished as two volumes, Volume 1A Edinburg and Woodstock and Volume 1B Woodstock Edinburg District and Powells Fort. The census data organized by dwelling number and family number is given for each family; this is followed by detailed biographical information covering nearly every individual in each household. Information on most people includes birth and death dates, marriage dates, military activity, location of burial, education, occupation, children, second spouses, related families, census dwelling and family numbers, and the microfilm page number when applicable. This edition also points out where appropriate corrections to errors or oversights in the original Volume One. 2022 51 2x8 1/2 paper index 454 pp Shenandoah County,
