THE BEST OF POPE GEORGE SHERBURN,1929 *The Best of Pope* Alexander Pope,1929 **The Poems of Alexander Pope: Volume Three** Valerie Rumbold,2024-11-01 Alexander Pope 1688 1744 is one of the greatest poets in European literature comparable to the likes of Shakespeare Chaucer Keats and Wordsworth He is not easy to read though his poetry uses dense literary and contemporary contextual allusions This is why a book that gets the readers to the meaning of his poetry as painlessly as possible is so important This volume features the complete text of Pope s most significant poem The Dunciad The first rate annotations that accompany this edition of the poem provide information on matters of interpretation and give details of allusions that might prove baffling to the contemporary reader *The Creator as Critic and Other Writings* by E.M. Forster Edward Morgan Forster,2008-02-25 These essays lectures memoirs and broadcasts are the thought provoking products of Forsters engagement with the literary political and social events of his time

Toward a Cognitive Theory of Narrative Acts Frederick Luis Aldama,2010-05-10 Toward a Cognitive Theory of Narrative Acts brings together in one volume cutting edge research that turns to recent findings in cognitive and neurobiological sciences psychology linguistics philosophy and evolutionary biology among other disciplines to explore and understand more deeply various cultural phenomena including art music literature and film The essays fulfilling this task for the general reader as well as the specialist are written by renowned authors H Porter Abbott Patrick Colm Hogan Suzanne Keen Herbert Lindenberger Lisa Zunshine Katja Mellman Lalita Pandit Hogan Klarina Priborkin Javier Gutierrez Rexach Ellen Spolsky and Richard Walsh Among the works analyzed are plays by Samuel Beckett novels by Maxine Hong Kingston music compositions by Igor Stravinsky art by Jean Baptiste Simeon Chardin and films by Michael Haneke Each of the essays shows in a systematic clear and precise way how music art literature and film work in and of themselves and also how they are interconnected Finally while each of the essays is unique in style and methodological approach together they show the way toward a unified knowledge of artistic creativity **Literature and Mass Culture** Leo Lowenthal,2017-09-08 This first volume of the collected writings of sociologist Leo Lowenthal contains his classic theoretical and historical writings on the relationship of art to mass culture This book series presents Lowenthal s contributions to a theory of the role of communication in modern society This volume lays out the basis for a theory of mass culture Lowenthal demonstrates that the juxtaposition of a lowmass culture and a highesoteric culture did not originate in contemporary industrial bourgeois society but can be traced back to the Middle Ages and antiquity [The New Cambridge Bibliography of English Literature: Volume 2, 1660-1800](#) George Watson,Ian R. Willison,1971-07-02 More than fifty specialists have contributed to this new edition of volume 2 of The Cambridge Bibliography of English Literature The design of the original work has established itself so firmly as a workable solution to the immense problems of analysis articulation and coordination that it has been retained in all its essentials for the new edition The task of the new contributors has been to revise and integrate the lists of 1940 and

1957 to add materials of the following decade to correct and refine the bibliographical details already available and to reshape the whole according to a new series of conventions devised to give greater clarity and consistency to the entries

A History of English Laughter ,2021-11-01 Is there a history of laughter Or isn t laughter an anthropological constant rather and thus beyond history a human feature that has defined humanity as homo ridens from cave man and cave woman to us The contributors to this collection of essays believe that laughter does have a history and try to identify continuities and turning points of this history by studying a series of English texts both canonical and non canonical from Anglosaxon to contemporary As this is not another book on the history of the comic or of comedy it does not restrict itself to comic genres some of the essays actually go out of their way to discover laughter at the margins of texts where one would not have expected it all in Beowulf or Paradise Lost or the Gothic Novel Laughter at the margins of texts which often coincides with laughter from the margins of society and its orthodoxies is one of the special concerns of this book This goes together with an interest in impure forms of laughter in laughter that is not the serene and intellectually or emotionally distanced response to a comic stimulus which is at the heart of many philosophical theories of the comic but emotionally disturbed and troubled aggressive and transgressive satanic and sardonic laughter We do not ask then what is comic but who laughs at and with whom where when why and how The Major Authors Edition of the New Moulton's Library of Literary Criticism: Bibliographical supplement and index ,1985 **The Augustan Age** John Butt,2025-05-01 The Augustan Age 1962 examines the writing of the time and the critical theory that supported it By focusing on a few writers of paramount interest the book looks at what men of letters such as Dryden Swift Pope and a few others have to say set against the background of the age in which they lived **English Literature, Volume 2** Louis A.
