Keim,2015-07-22 Excerpt from Sheridan s Troopers on the Borders A Winter Campaign on the Plains Civilization extending in opposite directions Westward across the great Valley of the Mississippi and Eastward traversing the auriferous regions of the Rocky Mountains presents two extensive fields of American Industry approximating each other and demanding a more convenient and rapid intercourse Railways and Telegraphs have boldly penetrated the solitude of the Plains and the wild Passes of the Mountains reverberate to the rumble of moving trains The two oceans are already linked together by an Iron Highway The savage alarmed at this new encroachment is ready at any moment for a desperate probably a final effort to drive out the invaders of his hunting grounds Fearful of his future he opposes such encroachments for in them he sees no benefit to the remnant of his race who have taken refuge on the plains and in the mountains The struggle has come to solve for all time the question whether the white or the red man shall prevail in the vast intermediate region between Eastern and Western civilization The exigencies of modern civilization point to the inevitable doom of the aboriginal people of the United States Their savage natures incapable of restraint render them by instinct foes to progress and the cause of humanity As with the buffalo the approach of civilization is to them the knell of destruction As the murderous bullet of the white hunter ruthlessly slaughters the buffalo so the vices of civilization carry off those of the red men who have outlived their kindred About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works *Sheridan's Troopers on the Borders: a Winter Campaign on the Plains ... Major Hubert L. Stephens,2014-08-15 Martin van Creveld a noted theorist contends that the concept of operational art did not take off in the U S until after the Vietnam War Conversely James Schneider a prominent military theorist asserts that operational art began in the American Civil War This monograph provides a holistic analysis of four Plains Indian War Campaigns Lieutenant General LTG Philip Sheridan conducted all four campaigns This analysis illustrates several enduring principles of both operational art and counterinsurgency COIN operations The purpose of the monograph is to explain the initial failure of LTG Sheridan s 1876 Centennial Campaign against the Sioux and Cheyenne Indians Additionally this explanation relates the significance of LTG Sheridan s planning to contemporary COIN campaign planning The overall methodology is the incorporation of four case studies to test the theory of sanctuary control and elimination of resources to defeat insurgencies The monograph contains three key findings The first key finding is that the failure at the Little Big Horn was LTG Sheridan s fault not LTC Custer s and this directly relates to the second finding The second key finding is the importance of operational art in designing a campaign plan to link tactical actions to strategic objectives The third finding is the efficacy of some of the current COIN tenets Ultimately this monograph demonstrates the utility of a strategy of exhaustion and its resulting operations to control terrain and insurgent sanctuaries as well as to deny the enemy resources to defeat an insurgency *The Indian Territory Journals of Colonel Richard Irving Dodge* Richard Irving Dodge,2000 In these journals Colonel Richard Irving Dodge a well known chronicler of western history and an authority on Plains Indians provides an important account of conditions in Indian Territory from 1878 to 1880 a period of rapid transition The Cheyenne Arapaho reservation in present day western Oklahoma was the center of Dodge s activity His writings offer a firsthand record of the 1878 retreat of the Northern Cheyenne the
