Device and Others Michael Kurland, 2001-08-11 Since their original appearance more than two decades ago Michael Kurland's two novels featuring Professor James Moriarty *The Infernal Device* and *Death by Gaslight* have been among the most acclaimed of the works based on the characters first introduced by Arthur Conan Doyle. In Doyle's original stories Professor Moriarty is the bete noire of Sherlock Holmes who deems the professor his mental equivalent and ethical opposite declares him the Napoleon of Crime and wrestles him seemingly to their mutual deaths at Reichenbach Falls. But indeed there are two sides to every story and while Moriarty may not always tread strictly on the side of the law he is also in these novels not quite about the person that Holmes and Watson made him out to be. In Kurland's fictions about Moriarty the truth is finally revealed. *The Infernal Device* A dangerous adversary seeking to topple the British monarchy places Moriarty in mortal jeopardy forcing him to collaborate with his nemesis Sherlock Holmes. *Death by Gaslight* A serial killer is stalking the cream of England's aristocracy baffling both the police and Sherlock Holmes and leaving the powers in charge to play one last desperate card. Professor Moriarty *The Paradol Paradox* The first new Moriarty story in almost twenty years it has never before appeared in print. Brilliantly and vividly evoking late Victorian England in all its facets this first ever omnibus of the adventures of Professor James Moriarty will delight longtime fans as well as readers new to the milieu. **The Complete**

Sherlock Holmes Sir Arthur Conan Doyle, 1927 **The British Television Pilot Episodes Research Guide 1936-2015** Christopher Perry, 2015-12 A new idea can become an expensive flop for TV executives. So from the earliest days of television the concept of a pilot episode seemed like a good idea. Trying out new actors, new situations and new concepts before making a series was good economical sense. It was also tax deductible. Sometimes these pilots were shown on television, sometimes they were so awful they were hidden from sight in archives and sometimes they were excellent one offs but a series seemed elusive and never materialised. Chris Perry has always been fascinated by the pilot episode. So many pilots are made annually but never seen by audiences. Only a handful appear on screen. It's a hidden world of comedy, variety, drama and factual programming. This volume attempts to lift the lid on the world of the TV pilot by revealing the many transmitted and untransmitted episodes made through the decades. *Britain from the Rails* Benedict Le Vay, 2014-12-01 Including the

nation's best kept secret railways. Cover [Experiencing Architecture in the Nineteenth Century](#) Edward Gillin, H. Horatio Joyce, 2018-10-18 Bringing together fourteen original essays this collection opens up new perspectives on the architectural history of the nineteenth century by examining the buildings of the period through the lens of experience. With a focus on the experience of the ordinary building user rather than simply on the intentions of the designer the book shows that new and important insights can be brought to our understanding of Victorian architecture. The chapters present a range of ideas and new research some examining individual building case studies from grand hotels and clubhouses in New York to the parliament buildings of Westminster and others exploring conceptual questions about the nature of architectural experience whether sensory or otherwise. Yet they share the premise that the idea of the experience of architecture took on a new and

particular significance with the rise of industrial modernity and they examine what contemporary people both architects and non architects understood by this idea The insights in this volume extend beyond the study of Victorian architecture Together they suggest how experience might be used as a framework to produce a more convincingly historical account of the artefacts of architectural history Arthur Conan Doyle Jon Lellenberg, Daniel Stashower, Charles Foley, 2008-09-30 A remarkable annotated collection of previously unpublished private correspondence from the creator of Sherlock Holmes This extraordinary annotated collection of Sir Arthur Conan Doyle s private correspondence offers unique insight into one of the world s most popular authors Detailing Conan Doyle s life from his beginnings as a country doctor to his struggle with the success of Sherlock Holmes and his ultimate calling as the foremost spokesman for Spiritualism Conan Doyle s letters expose his innermost thoughts on literature world events and matters of the heart Under the stewardship of editors renowned for their expertise on both Conan Doyle s life and the Sherlock Holmes stories this remarkable volume reveals a man whose character and exploits rival that of his famous creation **The Film Renter and Moving Picture News** , 1923
