Shifting Sands:

Shifting Sands Jana Markowitz, William Berghel, 2013-09-09 This book identifies the many people skills a project manager needs to make a project successful While traditional project management training teaches the phases and processes of planning and executing a project it barely mentions the people skills required to make the project successful Shifting Sands explains how to build and use people skills during a project giving real world examples and letting the reader learn from the authors mistakes instead of their own Co authors Bill Berghel PMP and Jana Markowitz MS Organizational Psychology have over 40 years of project management experience between them For almost any situation a project manager could face Bill and Jana have been there done that and provide a funny story to illustrate their point Shifting Sands provides guidance explanations and how to s from which even experienced project managers and business leaders will benefit Book cover [Bedtime Stories](#) Robin Wickens, 2024-04-12 In the enchanting world of Bedtime Stories imagination knows no

bounds and dreams come to life on every page Journey through a magical realm where children s fantasies flourish unveiling whimsical adventures and heartwarming tales that capture the essence of bedtime wonder From brave knights and kind hearted dragons to spirited princesses and mischievous fairies these charming stories will transport readers to a land where anything is possible Delight in the timeless charm of Bedtime Stories a collection that will spark the imagination and warm the hearts of both young and old alike *Management of Complications in Refractive Surgery* Jorge L. Alió y Sanz, Dimitri T.

Azar, 2008-04-16 This illustrated guide is written by international opinion leaders with extensive experience in the practice of refractive surgery It is the first book devoted to refractive complications with practical hints and case reports on outcomes to provide ophthalmic surgeons with the most adequate solutions for the most frequent problems All complications are described and lavishly illustrated The book provides ophthalmic surgeons with the most adequate solutions for the most frequent problems they face in their daily practice *Materii aly Doslidzhenni a Hruntiv Ukraïny*, 1927 **More**

Distribution, Formation, Migration and Management Lu Qi, Mahesh K. Gaur, Victor R. Squires, 2023-12-15 Volume 2 of the book Sand Dunes of the Northern Hemisphere is sub titled Characteristics Dynamics and Provenance of Sand Dunes in the Northern Hemisphere It brings together a vast body of information and insight into sand dune and desert systems from North Asia Central Asia North Africa and the Middle East Chapters from the Russian Federation include studies on dune systems within the permafrost zone and there is a case study from temperate zone dune system in coastal Japan Volume 2

Characteristics Dynamics and Provenance of Sand Dunes in the Northern Hemisphere of 16 chapters in three Parts focusses on Saharan Africa Egypt and Middle East and gives attention to sand mobility and encroachment with case studies from a number of countries where these matters are of concern We also include chapters on the remote dunes in the permafrost zone and in the hyper arid deserts of Iran Case studies are used to highlight the characteristics of dunes and their interaction with humans in several widely divergent settings Volume 2 concludes with some musing on the value of study of the past as key to the future and speculates on what the future might hold in the light of a warmer and drier Earth and a rise in sea level that threaten large tracts of low lying land with marine incursions and destruction from storm surge PART 4 Sand Mobility and Encroachment The seven chapters in this Part examine the real world impact of sand encroachment and dune migration on people and their economic activities and the health welfare and financial implications related to destruction of infrastructure including human habitations PART 5 Sand Dune Landscapes Distribution Formation and Management Seven Case studies from several geographic regions in Africa the Middle East north east Asia are presented here to demonstrate the underlying mechanisms in dune formation and the diverse approaches to their management Human impacts such as sand mining tourism development combine with natural forces like climate variability to challenge the realization of an optimum management strategy PART 6 Concluding Thoughts Coping with an Unknown Future from a Little known Past The two chapters in Part 6 have special roles We are privileged to publish new research findings that are summarized here in Chapter 38 from extensive and detailed work conducted in the Kyzyl Kum and Karakum sand seas of Central Asia There is a strong belief that further study of the little known past such as revealed in this study could unlock clues as to what a future Earth might look like This leads on to speculation in Chapter 39 about the implications of what we already know about global change not only climate change and the impact of the Anthropocene on the dune systems both inland and coastal Sea level rise marine incursions and an increase in extreme weather events will affect dune systems and sand seas on the Northern Hemisphere and beyond

Desertification Monique Mainguet, 2012-12-06 Controversial and often discussed with passion and vehemence desertification is a problem on whose solution the survival of millions of humans is dependent This book aims at an understanding of what is commonly called desertification a term which has a connotation of irreversibility spreading and emergence of desert like landscapes land degradation is proposed to replace it The purpose is to present what has happened in reality and what might be done Illustrative worldwide analyses allow a more realistic evaluation of global land degradation Each level of technology excessive or insufficient creates its own mismanagement This is reflected in a decrease in soil productivity and eventually land degradation The benefit to the reader is an awareness of the ecozones which have undergone the most severe land degradation and a global overview of the phenomena mechanisms and existing solutions

Paleoindian Geoarchaeology of the Southern High Plains Vance T. Holliday, 2010-11-01 The Southern High Plains of northwestern Texas and eastern New Mexico are rich in Paleoindian archaeological sites including such well known ones as

Clovis Lubbock Lake Plainview and Midland These sites have been extensively researched over decades not only by archaeologists but also by geoscientists whose studies of soils and stratigraphy have yielded important information about cultural chronology and paleoenvironments across the region In this book Vance T Holliday synthesizes the data from these earlier studies with his own recent research to offer the most current and comprehensive overview of the geoarchaeology of the Southern High Plains during the earliest human occupation He delves into twenty sites in depth integrating new and old data on site geomorphology stratigraphy soils geochronology and paleoenvironments He also compares the Southern High Plains sites with other sites across the Great Plains for a broader chronological and paleoenvironmental perspective With over ninety photographs maps cross sections diagrams and artifact drawings this book will be essential reading for geoarchaeologists archaeologists and Quaternary geoscientists as well as avocational archaeologists who take part in Paleoindian site study throughout the American West

A Drifting Sand Pasquale De Marco,2025-08-11 Embark on an extraordinary journey into the heart of a vast and unforgiving desert where the boundaries of reality and imagination blur and the echoes of ancient civilizations whisper in the wind A Drifting Sand is an immersive exploration of self discovery and enlightenment inviting readers to delve into a realm where mirages dance before their eyes and the secrets of forgotten treasures lie buried beneath the shifting sands Within this captivating narrative a diverse cast of characters embarks on a quest to uncover the mysteries of the desert They encounter enigmatic nomads wise sages and disillusioned artists each with their own unique stories and motivations As they navigate the treacherous terrain they face challenges that test their limits from the harsh elements to their own inner demons Through their trials and tribulations they discover hidden strengths and resilience they never knew they possessed They learn to appreciate the beauty of the desert in all its harshness and they find solace in the simplicity of life amidst the vastness As they delve deeper into the desert s embrace they uncover secrets that have been hidden for centuries secrets that could change the course of history With each step the characters in A Drifting Sand uncover profound lessons about life love and the human spirit They learn to embrace the impermanence of existence and to find beauty in the fleeting moments They discover the power of forgiveness and the importance of compassion And they come to understand that true wealth lies not in material possessions but in the connections we forge with others and the experiences we share A Drifting Sand is a thought provoking and emotionally resonant journey that will transport readers to a world beyond their wildest dreams It is a tale that celebrates the resilience of the human spirit and the boundless potential for transformation that lies within us all If you like this book write a review
