## **Shimmering Ones:**

*Shining Ones* David Eddings, 1994-07-02 NEW YORK TIMES BESTSELLER Sparhawk s legendary journey continues in Book Two of The Tamuli Years past the Child Goddess Aphrael had hidden Bhelliom the Stone of Power It rested at the very bottom of the deepest ocean that nevermore should its awesome power sing temptation to mortal men Then a menace arose a malign force wielding incomprehensible destruction across all the lands To halt that force of evil Sparhawk knight and queen s champion set out to retrieve the sapphire rose from its briny sleep even as his foes sought the gem for their own diabolical ends Sparhawk and his loyal companions must find the Stone and safeguard it both from those who sought to steal it and from the horrors those evildoers had already loosed upon the world The most feared of all the monsters that terrorized Tamuli were the Shining Ones dreaded glowing beings whose mere touch could melt human flesh from bone All too soon Sparhawk and his companions found themselves stalked by those fell creatures out of myth For the Shining Ones too had designs on Bhelliom designs that would change the very shape of the world

**The Shining Ones Ambassadors of a New Age of Light** DeAnne Hampton, 2013-01-30 The Shining Ones are known throughout the Cosmos as Master Geneticists they carry the higher octave harmonics of humanity s attunement to a 5D World Through the New Human Templates of Love Harmony Joy Unity Co Creation Abundance and Sovereignty these benevolent wise and unconditional luminous ones are here to mirror the remembrance now activating in the human DNA This book follows the introduction of The New Human Paradigm in 2008 via author DeAnne Hampton s previous work The New Human Understanding Our Humanity Embracing Our Divinity The Shining Ones Ambassadors of a New Age of Light follows the arc of humanity s evolutionary expansion from 2006 through the 12 21 12 gateway and marks the planetary return of this Advanced Light Race to the human species This manuscript is light encoded as an attunement toward the highest potentials of human consciousness now awakening to a New Earth

*The Shining Ones* Philip Gardiner, 2002 For many years now there has been an upsurge in revelation stories and alternative viewpoints on man s history People such as Graham Hancock and Lawrence Gardner have brought to light many new ideas and many new problems Now there is a new theory which is all encompassing and clearly brings into focus a more sinister reason behind the emergence of civilisation In his theory on Atlantis Graham Hancock is receiving much admiration and academic acclaim Standard academic thought is more towards the spontaneous eruption of civilisation across the globe with little or no explanation of why there are so many similarities between the cultures Now Philip Gardiner in his new book THE SHINING ONES is set to turn even this upon its head The theory is so simple that it begs the question why has it not been thought of before The reason for universal similarity of architecture language art travel and religious belief is quite simply an ancient and secret religious brotherhood who have hidden themselves deep within the symbols ciphers and codes of our ancient texts for hundreds of years They held a secret knowledge and power base which spread with them across the globe The very title that they have given themselves is hidden within the standard text and religious books we use

every day The Shining Ones Put like this the whole thing can sound like an X Files conspiracy theory However the author has invested huge amounts of time and energy checking researching and seeking the advice of academics Now the theory is attracting the attention of historians who can see that the patterns are as subtle as this author proposes The fact is this theory does explain away all the problems with dating and variations that people such as Hancock have come up against Many academics and especially Egyptologists are now turning to this way of thinking and with Gardiners spirit and broad knowledge in history and language the history of the ancients and the secrets that they hold are becoming more clear There are of course dissenters The author has been accosted for his standpoint and there are still those hardened academics and even non academics who refuse to even listen However there is a major TV documentary in pre production stages and with interviews planned across the nation on radio and TV the message may soon be accepted as a credible theory

**"The Shining Ones"** Helene E. Hagan, 2001-08-17 The Introduction of the book indicates the necessity to start with the archaeology of the early settlements of the West Bank of the Nile a territory to be considered as the mother or matrix of all Egyptian civilization It establishes the pioneer nature of this Etymological Essay in the English language as most of the studies in keeping with its findings are to be found in the scholarly literature of Europe and North Africa

- 1 Archaic Terminology The chapter traces the origins of early settlements of the northwestern region of Egypt the desert oases the Fayum the region of the Lakes and the western portion of the delta of the Nile by Saharan and Libyan archaic people with specific emphasis on archaic topography which can be directly related to Modern Amazigh spoken today in North Africa
- 2 The Pillar People The review of a number of terms from the mythology and ceremonial procedures of dynastic Egypt shows the influence of those early settlers named The People of the Pillars Intui on the beliefs and practices perpetuated through centuries in Egypt and the presence of an all pervasive worship of these early origins cult of ancestors
- 3 The Holy rulers of First Princes of Egypt An intensive comparative review of ancient Egyptian and Modern Amazigh terms reveals that the first noble rulers of the area were of Amazigh origin A series of families of terms link quite clearly a number of beliefs and practices to the North African cultural complex
- 4 Tehuti time and the Wisdom of the stars is a chapter delving a little more deeply into the cosmogony and cosmology of the early Egyptians and the roots of that knowledge in archaic practices which have parallel indicators in North Africa
- 5 The Innermost Shrine from The Book of the Dead The geography of the Land of the Beyond Tu at Du Ament and a variety of important indices throughout the Book of the Dead indicate quite clearly that the final return of the defunct to the Blessed Land of the Ancestors was also a step by step description of their claim of descent from these original beings The rule of Ma aa at the organizing principle of an entire civilization for centuries or NTR originated in the area of the Sacred lakes and the ancient settlements of the Fayum and oasis complex Linguistic comparison with Modern Amazigh continues to indicate the kinship of those people with North African Imazighen also known as Berbers
- 6 A Conclusion Notes and an Appendix which is the reproduction of an article published in The Amazigh Voice a

publication of the Amazigh Cultural Association in America indicate the pioneer aspect of such a work and the direction in which further linguistic studies could bring increasing light into areas of Egyptian scholarship heretofore deemed as obscure and or of barbarous origin

*Vortex Energy Spider*,2015-04-21 Wise People from every tradition have spoken about the present as the time when humanity will either destroy themselves and the planet or awaken a new consciousness that will become the foundation for the evolution of a new species Many people are now developing the gifts to envision a positive future based on our role as conscious creators Using Vortex Energy is one way that we can assist with the present dimensional changes Through special hand placements the Vortex uses the electromagnetic energy field of our bodies to polarize our energy The harmonizing energy of the Vortex aligns our Spirit Essence to wholeness our mind to peace and our physical body to healing thus shifting our energy vibration and triggering DNA changes on a cellular level so that we can adapt and survive in the Fifth World Spider puts thirty years of working with Vortex Energy into form in this beautiful book Its filled with nuggets My favorite paragraph is We cannot assume that our own perception is best for manifesting evolutionary changes for ourselves another person or even Mother Earth Indeed our personal perception may limit the possibilities of the Vortex Therefore once we create the Vortex we allow the energy to do what it needs to do Trust that you will be guided during this process Amazing things happen for those who are sincerely ready to receive the abundance of the Universe P 42 Hollis Melton herbalist and publisher of Songs of Bleeding **The Shining One and Poems by Allan** Allan Thomas Gibson,2011-10-28 This penetrating story shows the slide of self obsession into hatred for and destruction of anything or anyone else who seems more beautiful or greater What I had thought to be something akin to a medieval myth was in fact a parable a story of faith innocence envy betrayal disillusionment yet hope the whole human condition Some will see it as fantasy others as a religious story it is timeless Anna Buck Winner of numerous poetry awards
