How Champions Think to Win A. A. James,2016-08-29 How champions think is what makes their paths master trends in a world of constant change a globe without a wall giving room for transitional leadership Every day new discoveries keep swallowing old and new generations keep overtaking existing histories making new giants to keep emerging There is a power of hidden potential in every man but little minds focus on what happens average focus on how things happen great minds focus on why things happen making them to unleash the hidden power within Every dream that will see the light of the day must be exposed to new possibility thinking No matter the shape color and size of your dream today all you need to achieve it is your thinking habit no road is not no way after all Life is like dropping with a parachute if you just hang there in fate and enjoy the cool breeze and the shade from the sun while complaining about the loneliness it will take you where the wind of life blows in the ocean of hopelessness wilderness of confusion desert of dejection or valley of past failures You must take charge of your life by trading the power of your thoughts When you throw down a tennis ball with force it bounces back with the same energy only that it rises higher but when you throw down a glass cup it shatters on the ground and scatters in

pieces flung here and there What happens No energy to bounce up No There is energy but that had been used to scatter the pieces here and there The energy in your failure is the lessons and the experience Now you know how it is not going to work Now you are a coach in the making To every action of falling there will be an equal and opposite reaction this could be a reaction of bouncing up or rolling on the ground or shattering in pieces But be sure this book will remold your mentality to leap forward despite the odds This master piece will take you through on how to Grow your courage again with hope Live your best life by the energy of creative and constructive thinking See purpose for your past potentials in your now and dreams for your future Put up a possibility life by engaging the power of faith talents and idea Process your failure for future success
