**The Power of Song** Guntis Šmidchens,2014-01-01 The Power of Song shows how the people of Estonia Latvia and Lithuania confronted a military superpower and achieved independence in the Baltic Singing Revolution When attacked by Soviet soldiers in public displays of violent force singing Balts maintained faith in nonviolent political action More than 110 choral rock and folk songs are translated and interpreted in poetic cultural and historical context Watch the trailer <http://www.youtube.com/watch?v=Gh7vFFjK0rc>

**365 Days / 365 Plays** Suzan-Lori Parks,2006-11-01 Suzan Lori Parks is one of the most important dramatists America has produced Tony Kushner The plan was that no matter what I did how busy I was what other commitments I had I would write a play a day every single day for a year It would be about being present and being committed to the artistic process every single day regardless of the weather It became a daily meditation a daily prayer celebrating the rich and strange process of a writing life Suzan Lori Parks On November 13 2002 the incomparable Suzan Lori Parks got an idea to write a play every day for a year She began that very day finishing one year later The result is an extraordinary testament to artistic commitment This collection of 365 impeccably crafted pieces each with its own distinctive characters and dramatic power is a complete work by an artist responding to her world each and every day Parks is one of the American theater s most wily and innovative writers and her stark but poetic language and fiercely idiosyncratic images transform her work into something haunting and marvelous TIME [A Dictionary of the Bhotanta Or Boutan Language.](#) Printed from a Manuscript Copy Made by the Late Rev. Buijs,Annette K. Mosher,2019-04-16 This book investigates humanities social sciences and politics from the perspective of the concept of creation order It is the second volume in a series that provides a unique and topical overview of attempts to assess the current health of the concept of creation order within Reformational philosophy when it is compared with other perspectives Divided into a section on fundamental reflections and a section on normative practices it discusses issues such as redemption beauty nature love justice morality and ethics It concludes with discussions on a practice based theory to explain religion in international relations and a normative model for the practice of cooperation in development This series reflects the role that the branch of Christian philosophy called Reformational philosophy plays in the discussion on the status of laws of nature Ever since its inception almost a century ago the concepts of order and law principle structure have been at the heart of this philosophy One way to characterise this tradition is as a philosophy of creation order Firmly rejecting both scholastic metaphysics and Deism Reformational philosophers have maintained the notion of law as holding for reality Questions have arisen about the nature of such law is it a religious or philosophical concept does law just mean orderliness How does it relate to laws of nature Have they always existed or do they emerge during the process of evolution **Early American Proverbs and Proverbial Phrases** Bartlett Jere Whiting,1977 p B J Whiting savors proverbial expressions and has devoted much of his lifetime to studying and collecting them no one knows more about British and American proverbs than he The present volume based upon writings in British North America from the earliest settlements to approximately 1820 complements his and Archer Taylor s Dictionary of American Proverbs and Proverbial Phrases 1820 1880 It differs from that work and from other standard collections however in that its sources are primarily not literary but instead workaday writings letters diaries histories travel books political pamphlets and the like The authors represent a wide cross section of the populace from scholars and statesmen to farmers shopkeepers sailors and hunters Mr Whiting has combed all the obvious sources and hundreds of out of the way publications of local journals and historical societies This body of material because it covers territory that has not been extracted and compiled in a scholarly way before can justly be said to be the most valuable of all those that Whiting has brought together according to Albert B
