Creative Ship Model Making Gerhard O.W. Fischer, It is often annoying that every kit model built from the same kit of the same company is like one egg from the other This is what creative ship modelling aims to change Using prefabricated hulls it is mainly a matter of the superstructure which must be redesigned sawn out and further processed and further processed without the need for a construction template The conversion of kit models shows how to convert ready built models to a completely new model by converting them to jet propulsion Finally the author presents four examples how larger display models can be converted into real driving models to properly running RC ship models by installing a remote control system From the content Construction of models according to own designs Building description of two creative models Building a police boat according to own ideas Two creative construction models The MULTIBOAT A speedboat and a mega luxury yacht Conversion of kit models The FLORIDA as a jet model The RAPIDO 600 as a jet model A customs cruiser and a fishery protection boat Conversion of display models to RC models Cruise ship QUEEN MARY 2 Sea rescue cruiser HERMANN MARWEDE German submarine class VII C American submarine GATO class REVELL RC ship model already at the end of the 50s **Catalog of Copyright Entries.
