Ships Of Long Ago:

Long Ago and Far Away Robert Fyne, 2008-05-20 The Second World War was the greatest social political and economic upheaval of the 20th century As a popular Hollywood subject WWII still enthalls viewers six decades after Allied commanders affixed their signatures on the victory document in Tokyo Bay Recreating flag waving charges frontal beachhead assaults commando raids and even home front heroics these motion pictures for better or worse provide the primary learning experience for postwar generations After scrutinizing hundreds of screenplays Robert Fyne has written an in depth study of World War II films analyzing the different storylines points of view and contemporary events found in each In Long Ago and Far Away Hollywood and the Second World War Fyne examines WWII films from 1941 to the present explaining how the content and mood in these productions paralleled national mores and politics Some titles are laudatory even chauvinistic while others are frivolous or sophomoric Biographical screenplays both glorify and damn various leaders Some films bombard viewers with horrific experiences while others such as goofy science fiction titles with their wraiths and flying saucers seem inappropriate Love stories are examined as well as films revealing Japanese prisoner of war deprivations and Nazi concentration camp atrocities From Above and Beyond to Zone Troopers and The Best Years of Our Lives to Flags of Our Fathers this is a compelling look at how filmmakers have dramatized this pivotal period in history For historians movie watchers or social commentators Long Ago and Far Away complete with an elaborate filmography offers new information about Hollywood s diverse interpretations of the Good War

Ford, 2017-11-21 This book supplies stories essays lesson plans and specialized storytelling strategies to help teachers level the playing field for all learners and better serve children with special needs More than 57 percent of the over 6 million American children with disabilities are in inclusive i e general classrooms self contained classrooms serve children whose disabilities are either more severe or disruptive As much as 20 percent of the children in an inclusive classroom are identified as disabled with the highest percentage of these having learning disabilities While most classrooms have at least one child with a disability teachers often have little or no training in educating and caring for these children The need for resources that support educators working with children with disabilities or social emotional difficulties is clear This book fills this critical need supplying school and public librarians classroom and special area teachers and storytelling teaching artists with storytelling strategies for reaching and teaching children with special needs in inclusive classrooms self contained classrooms and public and school libraries These full text stories essays and lesson plans from experienced storytelling teaching artists provide educators with a wide range of adaptable storytelling and teaching strategies for specific disabilities and enable storytellers to discover new ways to perform their storytelling magic The book also offers compelling real life anecdotes that demonstrate the impact of these strategies in inclusive and self contained classrooms presents an introduction to the skills of storytelling why they are useful and how to use them and includes suggested modifications for a wide range of disabilities as well as detailed resource lists

At Sea with the Scientifics Joseph Matkin, 1993-03-01 When HMS Challenger sailed from Portsmouth in 1872 a young assistant ship s steward Joseph Matkin was among the crew Throughout the three and a half year voyage Matkin maintained a journal from which he composed the many letters he sent home to his family in England In his letters he commented on oceanographic operations reported on shipboard events of special concern to the crew and discussed at length the history geography and peoples of the many exotic and remote ports at which the ship called on its famous circumnavigation of the globe The Challenger expedition established the foundations of oceanography and is second only to Darwin s voyage aboard the Beagle for its contributions to nineteenth century science The massive quantity of specimens and information acquired was written up in the fifty volume series of Challenger Reports and personal accounts were published by officers and scientists No ocean voyage had ever been so well documented Yet no account of the seaman s life below decks was known to exist until the early 1980s when two substantial collections of Matkin s letters surfaced The letters are unique in their perspective and fascinating for their depth and literacy Matkin the son of a printer was well aware of the significance of the voyage and strove to present a learned account in a proper style His letters convey a wealth of detail about shipboard logistics the crew s attitudes toward scientific operations and officer scientist crew relations Unwittingly Matkin also illuminates himself and the middle class society of which he was a part Matkin s letters
