Copyright Ed* Beatrice Harraden,1894 *Ships That Pass in the Night* Beatrice Harraden,2019-05-05 1894 Arguably one of the best known Suffragette writers Beatrice Harraden was a popular novelist who was heavily involved in the Suffragette tax resistance campaign Her best selling sentimental romance *Ships that Pass in the Night* tells of a doomed love affair between two patients in a tuberculosis sanitarium This story caught the public's imagination and the title became a byword for a fleeting or doomed love affair The title was inspired by lines in Longfellow's *Tales of a Wayside Inn* Third Evening Theologian's Second Tale Elizabeth Fourth Part Beatrice Harraden 1864 1936 was a British writer and suffragette Life Born in Hampstead London on 24 January 1864 to parents Samuel Harraden and Rosalie Lindstedt Harraden Beatrice Harraden grew up to become an influential feminist writer and suffragette She studied at Cheltenham Ladies College in Gloucestershire as well as at Queen's College and Bedford College in London In 1883 she received her BA degree as well as an honors degree in Classics and Mathematics which would have been a noteworthy feat for a woman in this era Harraden was both a leader of the suffragette movement and a founding member of the Women's Social and Political Union WSPU as well as an integral member of the Women Writers Suffrage League and Women's Tax Resistance League Unlike the WSPU

who only welcomed women as members the Women Writers Suffrage League welcomed men women and members from diverse political parties The only dictate for membership to the Writer s League other than having been paid for a literary work was support of the suffragette cause These writers were agitators demanding access to the male dominated civic and social institutions but they used their pens to influence society s social scene and the theatre Harraden therefore turned to this group as the WSPU became increasingly militant and exclusive She published her work in the suffragette paper Votes for Women and traveled extensively in Europe and the United States due to her involvement in the women s movement She also involved herself as a reader for the Oxford English Dictionary and this too is reflected in her fiction The Scholar s Daughter 1906 is set among lexicographers Harraden spent several summer holidays lodging at The Green Dragon inn at Little Stretton Shropshire walking and writing Her memories of this and the landlady a Mrs Benbow led to her writing a short story At the Green Dragon published in 1894 1 Her early works include Little Rosebud Or Things Will Take a Turn 1891 as well as Ships That Pass in the Night 1893 a best seller which sold over one million copies The love story set in a tuberculosis sanatorium follows protagonist Bernadine an independent teacher writer and activist who falls in love with Robert a notorious womanizer according to other patients After recovering and leaving the sanatorium Robert follows Bernadine to England where the two are to get married The popular novel ends rather tragically with Bernadine dying suddenly in a traffic accident Though Harraden continued her career as a writer she failed to achieve similar success with subsequent books which included novels short stories and books for children In 1930 she received a civil list pension for her literary work She died at Barton on Sea on Monday 5 May 1936 Cantonese Particles and Affixal Quantification Peppina Po-lun

Lee,2012-06-21 Cantonese the lingua franca of Hong Kong and its neighboring province has an unusually rich repertoire of verbal particles This volume significantly augments the academic literature on their semantics focusing on three affixal quantifiers saai hoi and maai The author shows how these verbal suffixes display a unique interplay of syntax and semantics used in a sentence with no focus they quantify items flexibly according to an accessibility hierarchy with focus focus comes into effect after syntactic selection This fresh and compelling perspective in the study of particles and quantification is the first in depth analysis of Cantonese verbal suffixes It compares the language s affixal quantification to the alternative determiner and adverbial quantifiers The book s syntax semantics mapping geography deploys both descriptive and theoretical approaches making it an essential resource for researchers studying the nexus of syntax and semantics as well as Cantonese itself Ships That Pass in the Night - Scholar's Choice Edition Beatrice Harraden,2015-02-16 This work has been selected by scholars as being culturally important and is part of the knowledge base of civilization as we know it This work was reproduced from the original artifact and remains as true to the original work as possible Therefore you will see the original copyright references library stamps as most of these works have been housed in our most important libraries around the world and other notations in the work This work is in the public domain in the United States of America and
