Shocking Miss Pilgrim:

The Shocking Miss Pilgrim Frederica Sagor Maas, 2010-09-12 Freddie Maas's revealing memoir offers a unique perspective on the film industry and Hollywood culture in their early days and illuminates the plight of Hollywood writers working within the studio system. An ambitious twenty-three-year-old Maas moved to Hollywood and launched her own writing career by drafting a screenplay of the bestselling novel *The Plastic Age* for It Girl Clara Bow. On the basis of that script, she landed a staff position at powerhouse MGM studios. In the years to come, she worked with and befriended numerous actors and directors including Norma Shearer, Joan Crawford, and Eric von Stroheim, as well as such writers and producers as Thomas Mann and Louis B. Mayer. As a professional screenwriter, Frederica quickly learned that scripts and story ideas were frequently rewritten and that screen credit was regularly given to the wrong person. Studio executives wanted well-worn plots, but it was the writer's job to develop the innovative situations and scintillating dialogue that would bring to picture to life. For over twenty years, Freddie and her friends struggled to survive in this incredibly competitive environment. Through it all, Freddie remained a passionate, outspoken woman in an industry run by powerful men, and her provocative, nonconformist ways brought her success, failure, wisdom, and a wealth of stories, opinions, and insight into a fascinating period in screen history.

"The Shocking Miss Pilgrim" Ernest Maas, Frederica Sagor Maas, 1945 [The Golden Age Musicals of Darryl F. Zanuck](#) Bernard F. Dick, 2022-03-30 Beginning with *The Jazz Singer* (1927) and *42nd Street* (1933), legendary Hollywood film producer Darryl F. Zanuck (1902-1979) revolutionized the movie musical, cementing its place in American popular culture. Zanuck, who got his start writing stories and scripts in the silent film era, worked his way to becoming a top production executive at Warner Bros. in the later 1920s and early 1930s. Leaving that studio in 1933, he and industry executive Joseph Schenck formed Twentieth Century Pictures, an independent Hollywood motion picture production company. In 1935, Zanuck merged his Twentieth Century Pictures with the ailing Fox Film Corporation, resulting in the combined Twentieth Century Fox, which instantly became a new major Hollywood film entity.

The Golden Age Musicals of Darryl F. Zanuck The *Gentleman Preferred Blondes* is the first book devoted to the musicals that Zanuck produced at these three studios. The volume spotlights how he placed his personal imprint on the genre and how, especially at Twentieth Century Fox, he nurtured and showcased several blonde female stars who headlined the studio's musicals, including Shirley Temple, Alice Faye, Betty Grable, Vivian Blaine, June Haver, Marilyn Monroe, and Sheree North. Building upon Bernard F. Dick's previous work in *That Was Entertainment: The Golden Age of the MGM Musical*, this volume illustrates the richness of the American movie musical, tracing how these song and dance films fit within the career of Darryl F. Zanuck and within the timeline of Hollywood history.

Copyright Office, 1947 **Teaching History with Musicals** Kathryn Edney, 2017-01-26 Popular media has become a common means by which students understand both the present and the past. Consequently more teachers are using various forms of popular culture as pedagogical tools in the history classroom. With their resurgent popularity on both the large and small screens, musicals can be used to engage students as an entertaining source of historical understanding. In order to facilitate the use of musicals as learning tools, however, teachers of history need a dependable resource. *Teaching History with Musicals* is a guide for teaching U.S. and world history. In addition to covering key themes and concepts, this volume provides an era-by-era overview of significant issues and related films, a tutorial in using film in historical methodology, user guides for ten key musical films, and sample exercises and assignments for direct classroom use. Covering eras from American settlement to the present, this book draws on both classic and contemporary musical motion pictures, including *1776*, *Pocahontas*, *The Jazz Singer*, *Cabaret*, *Footloose*, *Hairspray*, and *Rent*. This resource enables teachers to effectively use films to examine key social and cultural issues, concepts, and influences in their historical context. *Teaching History with Musicals* will be an invaluable asset to any teacher of history in middle and secondary school settings, as well as at the undergraduate level.

The Gershwin Style Wayne Schneider, 1999-01-21 Even as orchestras, performers, enthusiasts, and critics across the nation and across the globe celebrate the one hundredth anniversary of his birth, George Gershwin (1898-1937) remains one of America's most popular yet least appreciated composers. True, he is loved and revered for his wonderful popular songs, a few instrumental works, and the majestic opera *Porgy and Bess*. But most of his music is virtually unknown: hundreds of compositions, Broadway show tunes, and even several large and important instrumental works are gradually disappearing with the generations that first heard them. *The Gershwin Style: New Looks at the Music of George Gershwin* is a bold new work that stands in opposition to this disappearance. It is also a fresh collection of essays that promises to make a key contribution to American music research. Editor Wayne Schneider has corralled some of the leading authorities of Gershwin's efforts: renowned experts and authors who have researched his music for years, if not decades, and sets their work alongside articles by scholars who come to Gershwin for the first time from backgrounds in American music or popular music in general. The notable contributors include Wayne D. Shirley, Charles Hamm, Edward Jablonski, and Artis Wodehouse, who has transcribed nearly all of Gershwin's piano performances. No one who surveys the American musical landscape can doubt Gershwin's enduring popularity or profound influence, but his critical standing among today's serious music scholars is much less certain. As Schneider points out in his Introduction, there have been many biographies of Gershwin, but comparatively few studies of his music in and of itself. Covering both the popular and classical extremes of Gershwin's output, as well as the many and subtle points in between, this book reevaluates the music of an American original from several enlightening perspectives. This is a book with much to offer any student or scholar of American music, while some essays explore new methods of measuring Gershwin's abilities as a composer, others draw on

hitherto unavailable musical and archival sources to make arguments previously unthinkable The essays gathered here most of which were written especially for this volume thus address a number of important research topics among them biography source studies music analysis performance practice and questions of interpretation and reception The contributions also reflect the wide diversity of contemporary thinking regarding the logic legacy and lure of Gershwin's music **Inventing**
