The Fictional Dimension of the School Shooting Discourse Silke Braselmann, 2019-06-17 Ever since the 1990s school shootings have shocked the public in their brutality their suddenness and their inexplicability While film and literature have played a role in the heated debates about so called copycat crimes the growing body of fictionalizations of school shootings has been neglected thus far However in a discourse in which the boundaries between fiction and reality are increasingly blurred this book shows how fiction shapes and structures challenges and disrupts cultural processes of meaning making Hence for a better understanding of the school shooting phenomenon the relevance of fiction on all levels of discourse construction requires thorough analysis This book therefore develops a new approach to the role of fiction for contemporary forms of excessive violence By combining narrative theory with insights from sociology and other disciplines it provides the means for apprehending and describing the relevance of fiction for contemporary discourses Furthermore it provides exemplary analyses of more specific functions of literary and filmic fictionalizations of school shootings between 2000 and 2016

Wayne and Ford Nancy Schoenberger,2018-11-06 John Ford and John Wayne two titans of classic film made some of the most enduring movies of all time The genre they defined the Western and the heroic archetype they built still matter today For more than twenty years John Ford and John Wayne were a blockbuster Hollywood team turning out many of the finest Western films ever made Ford known for his black eye patch and for his hard drinking brawling masculinity was a son of Irish immigrants and was renowned as a director for both his craftsmanship and his brutality John Duke Wayne was a mere stagehand and bit player in B Westerns but he was strapping and handsome and Ford saw his potential In 1939 Ford made Wayne a star in Stagecoach and from there the two men established a close often turbulent relationship Their most productive years saw the release of one iconic film after another Rio Grande The Quiet Man The Searchers She Wore a Yellow Ribbon The Man Who Shot Liberty Valance But by 1960 the bond of their friendship had frayed and Wayne felt he could move beyond his mentor with his first solo project The Alamo Few of Wayne s subsequent films would have the brilliance or the cachet of a John Ford Western but viewed together the careers of these two men changed moviemaking in ways that endure to this day Despite the decline of the Western in contemporary cinema its cultural legacy particularly the type of hero codified by Ford and Wayne tough self reliant and unafraid to fight but also honorable trustworthy and kind resonates in everything from Star Wars to today s superhero franchises Drawing on previously untapped caches of letters and personal documents Nancy Schoenberger dramatically narrates a complicated poignant and iconic friendship and the lasting legacy of that friendship on American culture

Shooting Blanks at the Anzac Legend Dr Donna Coates,2023-11-01 War is traditionally considered a male experience By extension the genre of war literature is a male dominated field and the tale of the battlefield remains the privileged and only canonised war story In Australia although women have written extensively about their wartime experiences their voices have been distinctively silenced Shooting Blanks at the Anzac Legend calls for a re definition of war literature to include the numerous voices of women writers and further recommends a re reading of Australian national literatures with women s war writing foregrounded to break the hold of a male dominated literary tradition and pass on a vital but unexplored women s

tradition Shooting Blanks at the Anzac Legend examines the rich body of World Wars I and II and Vietnam War literature by Australian women providing the critical attention and treatment that they deserve Donna Coates records the reaction of Australian women writers to these conflicts illuminating the complex role of gender in the interpretation of war and in the cultural history of twentieth century Australia By visiting an astonishing number of unfamiliar non canonical texts Shooting Blanks at the Anzac Legend profoundly alters our understanding of how Australian women writers have interpreted war especially in a nation where the experience of colonising a frontier has spawned enduring myths of identity and statehood
