## Shoot Out At Buffalo Gulch:

**Shoot-out at Buffalo Gulch** Bernard Palmer, 1985      BENEATH AN IRON SKY Nancy Morse, 2015-12-13 In 1880 eleven year old Philadelphia Del Stratton meets fifteen year old Crow Eagle a rebellious Lakota boy at the Carlisle Indian School in Pennsylvania where her father is an instructor Wrenched from his people on the reservation and brought to Carlisle to become Americanized the reluctant but deep bond the belligerent boy forms with the idealistic young girl is severed when he returns to his people Nine years later they are reunited when Del's fight for women's suffrage takes her to Dakota Territory on the verge of statehood There Crow Eagle now a strong warrior is waging battle to retain his people's way of life and keep their hope alive through the Ghost Dance And the friendship that began years earlier blossoms into a forbidden love that will not be denied      **Forest and Stream** , 1902      Gold-Mining Boomtown Roberta Key Haldane, 2013-08-15 The town of White Oaks New Mexico Territory was born in 1879 when prospectors discovered gold at nearby Baxter Mountain In Gold Mining Boomtown Roberta Key Haldane offers an intimate portrait of the southeastern New Mexico community by profiling more than forty families and individuals who made their homes there during its heyday Today fewer than a hundred people live in White Oaks Its frontier incarnation located a scant twenty eight miles from the notorious Lincoln is remembered largely because of its association with famous westerners Billy the Kid and his gang were familiar visitors to the town When a popular deputy was gunned down in 1880 the citizens resolved to rid their community of outlaws Pat Garrett running for sheriff of Lincoln County was soon campaigning in White Oaks But there was more to the town than gold mining and frontier violence In addition to outlaws lawmen and miners Haldane introduces readers to ranchers doctors saloonkeepers and stagecoach owners Jos Aguayo a lawyer from an old Spanish family defended Billy the Kid survived the Lincoln County War and moved to the White Oaks vicinity in 1890 where his family became famous for the goat cheese they sold to the town's elite Readers also meet a New England sea captain and his wife a Samoan princess no less a black entrepreneur Chinese miners the Cattle Queen of New Mexico and an undertaker with an international criminal past The White Oaks that Haldane uncovers and depicts with lively prose and more than 250 photographs is a microcosm of the Old West in its diversity and evolution from mining camp to thriving burg to the near ghost town it is today Anyone interested in the history of the Southwest will enjoy this richly detailed account      AB Bookman's Weekly , 1998      *The British National Bibliography* Arthur James Wells, 1992      Annals of Wyoming , 1927      The Only One Living to Tell Mike Burns, 2012-04-01 Mike Burns born Hoomothya was around eight years old in 1872 when the US military murdered his family and as many as seventy six other Yavapai men women and children in the Skeleton Cave Massacre in Arizona One of only a few young survivors he was adopted by an army captain and ended up serving as a scout in the US army and adventuring in the West Before his death in 1934 Burns wrote about the massacre his time fighting in the Indian Wars during the 1880s and life among the Kwevkepaya and Tolkepaya Yavapai His precarious position between the white and Native worlds gives his account a distinctive narrative

voice Because Burns was unable to find a publisher during his lifetime these firsthand accounts of history from a Native perspective remained unseen through much of the twentieth century archived at the Sharlot Hall Museum in Prescott Now Gregory McNamee has brought Burns s text to life making this extraordinary tale an accessible and compelling read Generations after his death Mike Burns finally gets a chance to tell his story This autobiography offers a missing piece of Arizona history as one of the only Native American accounts of the Skeleton Cave Massacre and contributes to a growing body of history from a Native perspective It will be an indispensable tool for scholars and general readers interested in the West specifically Arizona history the Apache wars and Yavapai and Apache history and lifeways *A Lifetime of Outdoor Action* Ben D. Mahaffey,2013-11-25 This volume is a compilation of five books written by the author over the last decade Many readers have read one or more of the books but don t have the complete set This compilation gives former readers and new readers hours of exciting reading The first four books are similar but the last book is beyond hunting and fishing in that it covers the life of Theodore Roosevelt personal war stories a discussion of the Constitution and other exciting features

**The National Gazetteer of the United States of America** Geological Survey (U.S.),1989 **Outing and the Wheelman** ,1905 **Cowboys and Gangsters** Samuel K. Dolan,2016-05-02 Even after WWI had ended the region of Arizona New Mexico and West Texas stubbornly refused to be tamed It was still a place where frontier gunfights still broke out at an alarming rate Utilizing official records newspaper accounts and oral histories *Cowboys and Gangsters* tells the story of the untamed Wild West of the Prohibition era of the 1920s and early 1930s and introduces a rogues gallery of sixgun packing western gunfighters and lawmen Told through the lens of the accounts of a handful of Texas Rangers and Federal Agents this book covers a unique and action packed era in American history It s a story that connects the horse and saddle days of the Old West with the high octane decade of the Roaring Twenties *More Than Cowboys* Tim Slessor,2013-06-11 So many books about the American West leave out the more intriguing details When in 1803 the young USA doubled its size with the purchase from France of an unexplored vastness called La Louisiane it was a British bank which lent the Americans most of the 15 million that they didn t have So the financial papers for the biggest real estate deal in history are to this day held in a London vault Not many people know that If his ranching uncle by marriage had had his way the teenaged Winston Churchill a disappointing scholar might have been sent west to Wyoming to train as a cowboy Who knows but in time he himself might have become a rancher How then would history have turned out Another ranching Englishman played a key role in recruiting a small army of Texas gunmen to invade northern Wyoming and kill more than 40 small settlers men who had too easily been accused of being rustlers The plan went badly wrong But the Englishman had slipped away gone home on holiday It seems unlikely that Butch Cassidy was killed in a Bolivian shoot out It seems that he returned under a false name to live out his days in the West In 1935 he even submitted a autobiographical script to Hollywood only to have it rejected as being too preposterous to be believable He died two years later penniless Royal tourist visits the Colonies was the local

headline In her VC 10 the Queen had flown into the small town of Sheridan in Wyoming First she took an extended walkabout along Main Street and then she holidayed for several days on a friend s ranch in the shadow of the Big Horn Mountain Tim Slessor a one time BBC producer has filmed out West for nearly 50 years In this book he picks out a selection of fascinating stories that range from the mountain men and their fur trade to the pioneers of the overland trail from Custer and the disaster at the Little Big Horn to the last stand of the Sioux at Wounded Knee from the early cow towns and the railroads to the cattle barons and the emigrant sod busters

**The Combing of History** David William Cohen,1994-06-25 How is historical knowledge produced And how do silence and forgetting figure in the knowledge we call history Taking us through time and across the globe David William Cohen s exploration of these questions exposes the circumstantial nature of history His investigation uncovers the conventions and paradigms that govern historical knowledge and historical texts and reveals the economic social and political forces at play in the production of history Drawing from a wide range of examples including African legal proceedings German and American museum exhibits Native American commemorations public and academic debates and scholarly research David William Cohen explores the walls and passageways between academic and non academic productions of history
