Shooting For The Sun The Mebage Of Middle School Reform:

Shooting for the Sun M. Hayes Mizell, 2002-01-01 *Focus on the Wonder Years* Jaana Juvonen, Vi-Nhuan Le, Tessa Kaganoff, Catherine H. Augustine, Louay Constant, 2004-03-25 Young teens undergo multiple changes that seem to set them apart from other students But do middle schools actually meet their special needs The authors describe some of the challenges and offer ways to tackle them such as reassessing the organization of grades K 12 specifically assisting the students most in need finding ways to prevent disciplinary problems and helping parents understand how they can help their children learn at home **The War Against Excellence** Cheri P. Yecke, 2003-10-30 Radical activists do not see the American middle school as an organization to impart academic knowledge but as an instrument through which they can force social change Yecke an experienced teacher and administrator shows how these activists have implemented their plans and endangered the education of all middle school children especially those who are gifted In 1983 A Nation at Risk declared If an unfriendly foreign power had attempted to impose on America the mediocre educational performance that exists today we might well have viewed it as an act of war How did American educators respond In their quest to establish a more egalitarian society middle school activists and social reformers made it clear that the middle school was not just a new educational organization but a means promoting social egalitarianism by coercing gifted students to be like everyone else This was nothing less than a declaration of war against gifted children Yecke shows that the inadequacies of our systems of research and education pose a greater threat to U S national security over the next quarter century than any potential conventional war that we might imagine The achievement of students in other nations now regularly surpasses that of American students and it will be impossible to reverse this trend within the confines of the contemporary middle school concept Yecke asserts that it is time for the American public to reject the radical middle school movement before too much damage is done

Culture and Middle School Reform AnneMarie Kestner Smith, 2016 *Changing the Odds* Anne Chambers Lewis, 1993 **Mobilizing Resources for District-wide Middle-grades Reform** Holly Hatch, Kathryn Ann Hytten, 1997
