publications is to illustrate the aircraft in extensive detail and the Shooting Star Details chapter provides the most detailed look at the F 80 and RF 80 that has ever been published More than 125 photographs and illustrations show the Shooting Star in incredible detail both inside and out Photographs from the files of Lockheed and the U S Air Force are included along with dozens taken of existing aircraft by the author and several other aviation photographers As with all titles in the Detail Scale Series this book concludes with a Modelers Section that reviews the scale model kits that have been produced of the Shooting Star All kits in the standard modeling scales from 1 144th scale through 1 32nd scale are covered
