Shopping Centers and Other Retail Properties John R. White, Kevin D. Gray, 1996-03-15 Shopping centers and other forms of retail properties continue to be among the soundest real estate investments in North America But retail property is a highly specialized field of real estate development with a unique and complex set of legal financial development management and marketing variables about which investors and developers must possess a sound working knowledge Now this book arms you with that knowledge and much more The most comprehensive authoritative up to date resource of its kind Shopping Centers and Other Retail Properties covers every vital aspect of negotiating buying selling developing managing and marketing shopping centers and other retail properties Editors John R White and Kevin D Gray of the leading real estate consulting firm Landauer Associates and an all star team of experts in the field of shopping center and retail property development share everything they know about All important legal issues Investment and feasibility analysis Valuation requirements and performance measures Planning designing and renovating retail properties Developing and investing in local and community shopping centers highway retail centers and regionals and super regionals Operating and managing retail centers Mortgage financing and financing through public and private equity issues Space marketing and lease terms Macro and micro market analysis And much more Shopping Centers and Other Retail Properties is an indispensable working resource for both new and experienced retail property investors and developers as well as those who work with them including attorneys accountants analysts appraisers planners managers brokers and consultants Timely insights into an industry undergoing tremendous change For both newcomers and seasoned professionals in retail property investment this book provides a wealth of vital information on every aspect of developing and managing shopping centers and retail properties Written by an all star team of specialists in the field Shopping Centers and Other Retail Properties Provides expert guidance on financing developing operating and managing shopping centers and other retail properties Covers analysis of retail market demand investment and feasibility analysis appraisal mortgage financing financing

byequity new planning formats and much more Serves as an indispensable working resource for investors developers attorneys accountants analysts appraisers planners managers brokers and consultants An authoritative work that will be immensely useful to anyoneinterested in retail real estate Retail developments have become the key investments now targetedin real estate No two people have commanded more respect forexpertise than this book s editors There are many many booksattempting to guide readers in this field In my experienced view none compares to the excellence and usefulness of this text Megatrends in Retail Real Estate John D. Benjamin,2012-12-06 Retail real estate properties and their marketplaces are in a constant state of change The emergence of such new and growing value formats as warehouse clubs factory outlet malls and other powerful discount formats provide traditional shopping centers and malls with increasingly competitive challenges These value and discount retail formats generate higher sales per square foot and have lower construction costs than many traditional retail properties Combined with the slow growth in retail sales and the increasing alternatives to in store retailing a question mark hangs over the future of retail marketplaces and the retail formats that will be the leaders of the future Megatrends in Retail Real Estate allows the reader to analyze and forecast changes in the retail marketplace The book presents a simple model to analyze and predict mall and shopping center investment returns It then examines the financing of retail properties and securitization of their mortgages as well as the operations of retail properties Finally the book analyzes new retail marketplaces and the international retail arena **Investing in International Real Estate** M. A. Hines,2000-10-30 With numerous cogent examples from real estate markets worldwide Dr Hines makes it clear that investing in foreign real estate is by no means the same as investing domestically She shows how why and when special strategies must be devised to enter the world market conveys essential information on global investment opportunities outlines career opportunities and advancement strategies in international investment and provides insights into international business in the context of global real estate investing Her focus on industrial commercial and residential real estate reflects both the major investment interests of world class investment professionals and the diversity of real estate market conditions Her book is thus an essential resource for professional real estate investors teachers and their graduate level students Dr Hines focuses on the general investment strategies that successful and profitable international real estate investors have devised over many years and now follow assiduously Readers gain knowledge of direct investment in industrial commercial and residential real estate and through the purchase of securities such as real estate investment trusts and mortgage backed issues After discussing basic international real estate differences and general acquisition strategies the book moves to functional strategies such as valuation land development construction financing and tax strategies Dr Hines concludes with a coverage of housing and shopping centers office buildings and industrial property investment all of which allow readers to observe the differences among functional areas and then tie them to the differences among investments in various types of properties Her book covers Western Eastern and Central Europe East Southeast Central and South Asia Africa in general and
