[Women of the Sacred Groves](#) Susan Sered, 1999-03-04 Okinawa is the only contemporary society in which women lead the official mainstream publicly funded religion Priestesses are the acknowledged religious leaders within the home clan and village and until annexation by Japan approximately one hundred years ago within the Ryukyuan Kingdom This fieldwork based study provides a gender sensitive look at a remarkable religious tradition Susan Sered spent a year living in Henza an Okinawan fishing village joining priestesses as they conducted rituals in the sacred groves located deep in the jungle covered mountains surrounding the village Her observations focus upon the meaning of being a priestess and the interplay between women's religious preeminence and other aspects of the society Sered shows that the villages social ethos is characterized by easy going interpersonal relations an absence of firm rules and hierarchies and a belief that the village and its inhabitants are naturally healthy Particularly interesting is her discovery that gender is a minimal category here villagers do not adapt any sort of ideology that proclaims that men and women are inherently different from one another Villagers do explain that because farmland is scarce in Okinawa men have been compelled to go to the dangerous ocean and to foreign countries to seek their livelihoods Women in contrast have remained present in their healthy and pleasant village working on their farms and engaging in constant rounds of intra and interfamilial socializing Priestesses who do not exert power in the sense that religious leaders in many other societies do can be seen as the epitome of presence

By praying and eating at myriad rituals priestesses make immediate and tangible the benevolent presence of kami sama divinity Through in depth examination of this unique and little studied society Sered offers a glimpse of a religious paradigm radically different from the male dominated religious ideologies found in many other cultures      **A to Z of American Women in Sports** Paula Edelson,2014-05-14 Presents biographical profiles of important women in sports history including birth and death dates major accomplishments and historical influence      **Representing the Royal Navy** Margarette Lincoln,2017-05-15 From the mid 18th century up till after memories of the Napoleonic wars and the glories of Nelson s navy had faded the Royal Navy was the bulwark of Britain s defence and the safeguard of trade and imperial expansion While there have been political and military histories of the Navy in this period looking at battles and personalities and studies of its administration and the life below decks this book is the first study of the Navy in a cultural context exploring contemporary attitudes to war and peace and to ideologies of race and gender As well as literary sources Dr Lincoln draws on the vast collections of the National Maritime Museum in paintings cartoons and ceramics amongst others to focus attention on material that has hitherto been little used even research into the general culture of the late Georgian age has curiously neglected perceptions of the Navy which was one of its major institutions Individual chapters discuss the attitudes of particular groups towards the Navy merchants politicians churchmen women scientists and the seamen themselves and how these attitudes changed over the course of the period      **Cumulative List of Organizations Described in Section 170 (c) of the Internal Revenue Code of 1986** ,1990      **Cumulative List of Organizations Described in Section 170 (c) of the Internal Revenue Code of 1954** United States. Internal Revenue Service,2002      **Slavery and Freedom on the Middle Ground** Barbara Jeanne Fields,1987-01-01 Examines the history of slavery in Maryland and discusses the conditions of life of Maryland s slaves and free Blacks      Women's Voices and Feminism in Polish Cultural Memory Urszula Chowaniec,Ursula Phillips,2013-02-22 Every time a so called woman s voice appears in the media in connection with any sphere of creative activity it finds itself confronted by the almost formulaic expression feminism today instantaneously suggesting that feminism is in fact a matter of the past and that if we want to return to this phenomenon then we need to explain ourselves Women s Voices and Feminism in Polish Cultural Memory seeks to elaborate the problem of generalization expressed by such formulas as feminism today while analysing how feminist sympathies have shaped Polish literature film and language This volume does not want to impose any hegemonic understanding of feminism or imply any a priori ideological assumptions about women s nature or role in society It seeks to identify what is particular to the Polish feminist experience It starts by asking such questions as what is feminism today or what can we learn from the history of Polish women s writing In answering these questions the women scholars who have contributed to the volume examine Polish cultural history and memory in the context of the transformations transitions and catastrophes of the last two centuries whilst firmly rooting Polish experience within the common European heritage      *Women in Medicine* ,1927      **Essays on**

**the History of English Music in Honour of John Caldwell** Emma Hornby, David Nicholas Maw, 2010 The major themes of the essays in this collection reflect the work of the distinguished scholar John Caldwell professor of music at Oxford University and a composer in his own right There is a strong focus on early music with contributions considering the medieval carol sources for seventeenth and eighteenth century harpsichord music and the transmission of fifteenth century English music to the Continent but they range right up to the twentieth century with an examination of music in Oxford All are concerned in one way or another with themes which recur in Professor Caldwell's scholarship sources style performance and historiography Pub desc
