African Philosophies Séverine Kodjo-Grandvaux, 2025-08-19 For many students of philosophy in the West philosophy is understood as a discipline stemming from Ancient Greece embracing the great thinkers of medieval and early modern Europe and continuing through to the present day To the extent that other philosophical traditions are taken into account these tend to be selected philosophical traditions of Asia Rarely is African philosophy considered in this context even though Africa and the West are deeply interconnected through long histories of colonialism and slavery In this important book Séverine Kodjo Grandvaux argues that a serious engagement with African philosophy is long overdue She shows that there is a rich tradition of philosophical thought in Africa that addresses issues ranging from the legacies of colonialism to the nature of time the state responsibility identity dignity and personhood An engagement with African philosophy also offers a fresh perspective on Western philosophy prompting us to interrogate ourselves and our own history Conceptualizing African philosophy becomes a way of conceptualizing the world and of understanding how to know ourselves through the gaze of another African Philosophies is not so much a survey of philosophy in Africa but rather an account of how the question of African philosophy emerged in the second half of the 20th century and of what we can learn from a serious engagement with African philosophy today It will be

Philosophy in the Postmodern Era Jonathan Chimakonam, Edwin Etieyibo, 2018-02-28 This collection is about composing thought at the level of modernism and decomposing it at the postmodern level where many cocks might crow with African philosophy as a focal point It has two parts part one is titled The Journey of Reason in African Philosophy and part two is titled African Philosophy and Postmodern Thinking There are seven chapters in both parts Five of the essays are reprinted here as important selections while nine are completely new essays commissioned for this book As their titles suggest in part one African philosophy is unfolded in the manifestation of reason as embedded in modern thought while in part two it draws the effect of reason as implicated in the postmodern orientation While part one strikes at what V Y Mudimbe calls the colonising structure or the Greco European logo phallo euro centricism in thought part two bashes the excesses of modernism and partly valorises postmodernism In some chapters modernism is presented as an intellectual version of communalism characterised by the cliché our people say Our thinking is that the voice of reason is not the voice of the people but the voice of an individual The idea of this book is to open new vistas for the discipline of African philosophy African philosophy is thus presented as a disagreement discourse Without rivalry of thoughts Africa will settle for far less This gives postmodernism an important place perhaps deservedly more important than history of philosophy allocates to it It is that philosophical moment that says philosophers must cease speaking like gods in their hegemonic cultural shrines and begin to converse across borders with one another In this conversation the goal for African philosophers must not be to find final answers but to sustain the conversation which alone can extend human reason to its furthest reaches Atuolu Omalu

Jonathan O. Chimakonam, 2014-12-15 The story of African philosophy is surrounded by controversy Decades after the great debate over its mere existence many vital questions have been left unanswered From examining the origins of African philosophy to addressing fundamental issues in ontology epistemology ethics and political thought this collection of essays brings fresh insight to questions both old and new First time readers and seasoned scholars alike will find this book to be an essential resource in African thought At I mal gives shape and direction to a hitherto formless discipline and heralds an exciting future for African philosophy **Consolationism and Comparative African Philosophy** Ada Agada, 2021-11-18 In
