Egerton, 2018-01-02 Excerpt from *A Short History of British Colonial Policy* In spite of all that has been recently written on  
the South African question I am not without hopes that the portion of this book relating to it may be of some slight use The  
subject has been generally approached either from the point of View of the experienced observer on the spot or of the  
partisan of some particular policy my aim has been to bring out from the Parliamentary Papers how largely the present is the  
heritage of the past Pace Mr H M Stanley it does not follow that because we are convinced that Great Britain must remain  
paramount in South Africa we need therefore refuse any sympathy to Dutch grievances which are largely due to the mistakes  
and hesitations of English statesmen in the past In a volume which deals with a long period of time and many scattered  
events there are doubtless mistakes and inaccuracies For such I would pray pardon in anticipation About the Publisher
