A short history of music in America John Tasker Howard, George Kent Bellows, 1960 **Short history of music** Ethel Home, 1918 [A Short History of Spanish Music](#) Ann Livermore, **A Short History of Music** Alfredo Untersteiner, 1902 [A Short History of English Music](#) Ernest Ford, 2021-03-16 [A Short History of English Music](#) by Ernest Ford Published by Good Press Good Press publishes a wide range of titles that encompasses every genre From well known classics literary fiction and non fiction to forgotten or yet undiscovered gems of world literature we issue the books that need to be read Each Good Press edition has been meticulously edited and formatted to boost readability for all e readers and devices Our goal is to produce eBooks that are user friendly and accessible to everyone in a high quality digital format [A Short History of Opera](#) Donald J. Grout, Hermine Weigel Williams, 2003-07-18 When first published in 1947 [A Short History of Opera](#) immediately achieved international status as a classic in the field Now more than five decades later this thoroughly revised and expanded fourth edition informs and entertains opera lovers just as its predecessors have The fourth edition incorporates new scholarship that traces the most important developments in the evolution of musical drama After surveying anticipations of the operatic form in the lyric theater of the Greeks medieval dramatic music and other forerunners the book reveals the genre s beginnings in the seventeenth century and follows its progress to the present day [A Short History of Opera](#) examines not only the standard performance repertoire but also works considered important for the genre s development Its expanded scope investigates opera from Eastern European countries and Finland The section on twentieth century opera has been reorganized around national operatic traditions including a chapter devoted solely to opera in the United States which incorporates material on the American musical and ties between classical opera and popular musical theater A separate section on Chinese opera is also included With an extensive multilanguage bibliography more than one hundred musical examples and stage illustrations this authoritative one volume survey will be invaluable to students and serious opera buffs New fans will also find it highly accessible and informative Extremely thorough in its coverage [A Short History of Opera](#) is now more than ever the book to turn to for anyone who wants to know about the history of this art form [A Short History of Music](#) Alfredo Untersteiner, 1910 **A Short History of Music** Alfredo Untersteiner, 2015-06-02 Excerpt from [A Short History of Music](#) If the reader compares this edition with the first he will find that I was not content with revising it only but that I amplified it made over some parts entirely and profiting by the latest researches I rectified dates and completed or changed assertions or opinions not always justifiable Unable to write a work of bulk I considered it well to add references to authorities so that the reader who might wish to continue investigations would know to which works he could turn I have not cited antique works because they are difficult to find and also because their complete literature is usually found in modern books Our own epoch is treated more amply than at first because in it is the reader s greatest interest About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com
