*Nineteenth Century Painters and Painting* Geraldine Norman, 2023-12-22

*Young America* Edward L. Widmer, 2000 This fascinating study examines the meteoric career of a vigorous intellectual movement rising out of the Age of Jackson As Americans argued over their destiny in the decades preceding the Civil War an outspoken new generation of ultra democratic writers entered the fray staking out positions on politics literature art and any other territory they could annex They called themselves Young America and they proclaimed a Manifest Destiny to push back frontiers in every category of achievement Their swagger found a natural home in New York City already bursting at the seams and ready to take on the world Young America s mouthpiece was the Democratic Review a highly influential magazine funded by the Democratic Party and edited by the brash and charismatic John O Sullivan The Review offered a fresh voice in political journalism and sponsored young writers like Hawthorne and Whitman early in their careers Melville too was influenced by

Young America and provided a running commentary on its many excesses Despite brilliant promise the movement fell apart in the 1850s leaving its original leaders troubled over the darker destiny they had ushered in Their ambitious generation had failed to rewrite history as promised Instead their perpetual agitation helped set the stage for the Civil War Young America The Flowering of Democracy in New York City is without question the most complete examination of this captivating and original movement It also provides the first published biography of its leader John O Sullivan one of America s great rhetoricians Edward L Widmer enriches his unique volume by offering a new theory of Manifest Destiny as part of a broader movement of intellectual expansion in nineteenth century America

**After Eden: A Short History of the World** John Charles Chasteen,2023-11-14 To solve the problems of the twenty first century historian John Charles Chasteen argues that we must first know our shared human story In After Eden prominent Latin American historian John Chasteen presents a concise down to earth fast paced narrative of world history from the Big Bang to the present animated by stories of people from all walks of life and enriched by insightful analysis and the author s extensive world travel To tackle today s major problems of global inequality and environmental degradation Chasteen argues that we must first understand our shared past both the violent and cruel dimensions humanity s inhumanity to itself and the aspirational ones the creation of universal religions and ethical systems the birth of the ideas of individual liberty and freedom the resistance to the excesses of global capitalism the civil rights and decolonization movements and the environmental and social justice movements of today For Chasteen ultimate success hinges on our ability to recognize from our past experiences what is needed for us to live cooperatively and most critically the ways we educate our young people

**65,000 Years: A Short History of Australian Art** Marcia Langton,Judith Ryan,2024-10-15 65 000 Years A Short History of Australian Art stares into the dark heart of Australia s brutal colonial history and offers new insights into the first art of this country Long before Britain s invasion of Australia in 1788 First Peoples cultural and design traditions flourished for thousands of generations Their art shaped the continent as we know it today and the societies that thrived here but these continuing artistic practices and new art forms were disregarded by the settlers and not considered to be fine art until the late 1980s In this publication twenty five writers urge us to reconsider the art history that is unique to the Australian continent and to acknowledge its rise to prominence in modern times Featuring new writing by leading thinkers across generations and disciplines it celebrates Indigenous Australian art across media time and language groups Today Indigenous art and artists are at the forefront of contemporary art practice In very real and tangible ways this publication reveals the artistic brilliance of Australia s First Peoples and stands as a testament to their resilience This book is published in association with a major exhibition at the University of Melbourne s revitalised Potter Museum of Art opening in 2025 Also titled 65 000 Years A Short History of Australian Art the exhibition curated by Professor Marcia Langton AO Ms Judith Ryan AM and Ms Shanyssa McConville features over 400 artworks that celebrate the longevity and brilliance of Aboriginal and

Torres Strait Islander art despite a difficult history of colonialism and scientific racism      **A Short History of Spain** Lady  
Maria Callcott, 1828      *Unbecoming British* Kariann Akemi Yokota, 2011-11-03 In This Wide Ranging and Bold New  
Interpretation of American history and its Founding Fathers Kariann Yokota shows that although independence from Britain  
entailed certain freedoms it also fueled anxieties about cultural inferiority and race
