The Ecology of Finnegans Wake Alison Lacivita, 2021-11-09 In this book one of the first ecocritical explorations of Irish literature Alison Lacivita defies the popular view of James Joyce as a thoroughly urban writer by bringing to light his consistent engagement with nature Using genetic criticism to investigate Joyce's source texts notebooks and proofs Lacivita shows how Joyce developed ecological themes in *Finnegans Wake* over successive drafts Making apparent a love of growing things and a lively connection with the natural world across his texts Lacivita's approach reveals Joyce's keen attention to the Irish landscape meteorology urban planning Dublin's ecology the exploitation of nature and fertility and reproduction Alison Lacivita unearths a vital quality of Joyce's work that has largely gone undetected decisively aligning ecocriticism with both modernism and Irish studies

The Worlds of Farscape Sherry Ginn, Donald E. Palumbo, C.W. Sullivan III, 2013-08-20 Reversing a common science fiction cliché *Farscape* follows the adventures of the human astronaut John Crichton after he is shot through a wormhole into another part of the universe Here Crichton is the only human being going from being a member of the most intelligent species on our planet to being frequently considered mentally deficient by the beings he encounters in his new environment John Crichton befriends a group of beings from various species attempting to escape from imprisonment aboard a living spaceship The series which broke many of the so-called rules of science fiction follows Crichton's attempts to survive in worlds that are often hostile to him and his friends Their adventures center on each being's attempt to find a way home The essays in this volume explore themes running throughout the series such as good and evil love and sex and what it means to be a hero as well as the various characters populating the series including the villains and even the ship itself
