# Short History Of The Us

**Robert V. Remini**

## Short History Of The Us:

A Short History of the United States Robert V. Remini, 2024-03-19 From a National Book Award winner A Short History of the United States may be brief but it is wise eloquent and authoritative Jon Meacham Pulitzer Prize winner and New York Times bestselling author of *And There Was Light* Abraham Lincoln and the American Struggle Readers of all political stripes will appreciate this concise history of the United States Publishers Weekly an accessible and lively volume containing the essential facts about the discovery settlement growth and development of the American nation and its institutions including the arrival and migration of Native Americans the founding of a republic under the Constitution the emergence of the United States as a world power the outbreak of terrorism here and abroad the Obama presidency and everything in between Masterful a perfect history for our times Robert Dallek Pulitzer Prize finalist and author of *Nixon* and *Kissinger* Everything a casual or bewildered reader needs to know An objective narrative of this nation's history Publishers Weekly **Echoes**

**Among the Stars: A Short History of the U.S. Space Program** Patrick J. Walsh, 2016-04-29 Emphasizing the importance of the space programme to the scientific social and cultural history of the last half of the 20th century this brief history celebrates the almost unimaginable technological leap that the space programme represents a feat of teamwork innovation dedication and mastery unprecedented in the history of mankind Walsh's narrative begins just before the Mercury programme covers the original seven astronauts the Gemini and Apollo programmes through Skylab and up to the space shuttle The glories and emotion of space exploration are presented against the backdrop of the Cold War the presidential administrations of Eisenhower JFK LBJ Nixon Ford and Carter and other significant events in US history The positive accomplishments of the astronauts are put in context of an increasingly negative domestic situation in the 60s and 70s the Bay of Pigs civil rights assassinations growing involvement in and dissension about Vietnam the Watergate scandal and Nixon's resignation A Short History of the United States of America Horace Elisha Scudder, 1890 *A Short History of the United States (Classic Reprint)* John Spencer Bassett, 2017-01-21 Excerpt from A Short History of the United States IN this book I have sought to tell clearly and impartially the story of human achievement in what is now the United States from the earliest traces of man's existence to the present time Out of the multitude of facts which may be considered within the domain of American history those have been recounted which seem best suited to explain the progress of the people as a nation The influence of physical environment has been discussed in the opening chapter which also deals with the primitive inhabitants An attempt has been made to give the colonial period its proper unity and show in what manner the colonies were a part of the general British scheme of imperial government At the same time one must remember that it is American and not British history which concerns us and for that reason The narrative must not neglect the individual colonies From the end of the colonial period the dominant interest is the progress of events which have to do with the common cause of independence and after that with national development Much thought has been given to the proper distribution of emphasis

between the various historical factors Political institutions are the most conscious expression of the national will They determine the form of the story which the historian has to tell But social and economic conditions and the actions of leading men give color and contour to the figure and decide whether it be attractive or unattractive vivid or unimpressive This volume contains at intervals summaries of the habits and social progress of the people while throughout it seeks to present the decisions of congress and administrations in the matters which relate to the most important phases of popular welfare It is believed that if well done it thus becomes in the most vital sense a social history My aim has been to lay the necessary foundation for those who wish to pursue further the subject of American history in whatever phase they may be interested About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at [www.forgottenbooks.com](http://www.forgottenbooks.com) This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works

**A Short History of the United States** Edward Channing, 2016-07-11 5 The Voyage 1492 Columbus left Spain in August 1492 and refitting at the Canaries sailed westward into the Sea of Darkness At ten o'clock in the evening of October 20 1492 looking out into the night he saw a light in the distance The fleet was soon stopped When day broke there sure enough was land A boat was lowered and Columbus going ashore took possession of the new land for Ferdinand and Isabella King and Queen of Aragon and Castile The natives came to see the discoverers They were reddish in color and interested Columbus for were they not inhabitants of the Far East So he called them Indians

**A Short History of the United States of America, Etc** Horace Elisha SCUDDER, 1909

**A Short History of the Methodists, in the United States of America** Jesse Lee, 1810

**A Short History of the United States** Justin Huntly McCarthy, 2015-06-04 Excerpt from A Short History of the United States I Have tried to tell in a few pages the tale of a nation The history of the United States covers little more than a hundred years The history of the American colonies from the hour of the earliest English settlement adds not quite two centuries more to the record Yet another hundred years backward and the New World was unknown Only four hundred years lie between the first voyage of Columbus and the second Presidency of Grover Cleveland There are gaps in our knowledge of the history of Egypt greater than this ruined spaces in the table of its lines of kings beads dropped unheeded from its chaplet of wars and conquests and wonders Yet no four centuries in the world's story are more momentous than America's no single century can surpass the century of the United States The history of the United States of the American Colonies cannot be too well known too deeply studied About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at [www.forgottenbooks.com](http://www.forgottenbooks.com) This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the

work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works

**A Short History of the United States, 1492-1920 (Classic Reprint)** John Spencer Bassett, 2018-01-16 Excerpt from A Short History of the United States 1492 1920 IN this book I have sought to tell clearly and impartially the story of human achievement in what is now the United States from the earliest traces of man s existence to the present time Out of the multitude of facts which may be considered within the domain of American history those have been recounted which seem best suited to explain the progress of the people as a nation The influence of physical environment has been discussed in the opening chapter which also deals with the primitive inhabitants An attempt has been made to give the colonial period its proper unity and show in what manner the colonies were a part of the general British scheme of imperial government At the same time one must remember that it is American and not British history which concerns us and for that reason the narrative must not neglect the individual colonies From the end of the colonial period the dominant interest is the progress of events which have to do with the common cause of independence and after that with national development Much thought has been given to the proper distribution of emphasis between the various historical factors Political institutions are the most conscious expression of the national will They determine the form of the story which the historian has to tell But social and economic conditions and the actions of leading men give color and contour to the figure and decide whether it be attractive or unattractive vivid or unimpressive This volume contains at intervals summaries of the habits and social progress of the people while throughout it seeks to present the decisions of congress and administrations in the matters which relate to the most important phases of popular welfare It is believed that if well done it thus becomes in the most vital sense a social history My aim has been to lay the necessary foundation for those who wish to pursue further the subject of American history in whatever phase they may be interested About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at [www.forgottenbooks.com](http://www.forgottenbooks.com) This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works

*A short history of the Methodists in the United States. To which is prefixed, a brief account of their rise in England* Jesse Lee, 1810

**This is America: a Short History of the United States** David Levinson, Duncan A. Campbell, 2013

*Legacy of Hate: A Short History of Ethnic, Religious and Racial Prejudice in America* Philip Perlmutter, 2015-07-17 For all its foundation on the principles of religious freedom and human equality American history contains numerous examples of bigotry and persecution of minorities Now author Philip

Perlmutter lays out the history of prejudice in America in a brief compact and readable volume Perlmutter begins with the arrival of white Europeans moves through the eighteenth and industrially expanding nineteenth centuries the explosion of immigration and its attendant problems in the twentieth century and a fifth chapter explores how prejudice racial religious and ethnic has been institutionalized in the educational systems and laws His final chapter covers the future of minority progress

*A Short History of Significant American Recessions, Depressions, and Panics* Scott Belford, 2019-01-11 If you look carefully at the chart on the front cover you will notice that prior to WW II there was a significant number of Recessions Depressions and Panics Yet after WW II there was a noticeable absence of these downturns and they were both smaller in size and in duration this is not by accident This book explores why such a dichotomy exists and who or what is responsible for it We dig deep into what classical conservative economics means and what so called liberal economics consists of We look into why and where each is the same and each is different To understand this is to understand what politicians are telling you and to help determine the veracity of what you are hearing Through an analysis of over two dozen major recessions depressions and panics that have occurred in our 200 years as a nation we gain an understanding of the five factors needed to have a major downturn These same five factors were present in the Long Depression in the mid 1800s as well as the Great 2008 Recession Understanding that this is in fact true will help guide you on who to vote for in order to produce the best possible economic outcome for you

**A Short History of the United States of America** Horace Elisha

Scudder, 2016-05-24 This work has been selected by scholars as being culturally important and is part of the knowledge base of civilization as we know it This work was reproduced from the original artifact and remains as true to the original work as possible Therefore you will see the original copyright references library stamps as most of these works have been housed in our most important libraries around the world and other notations in the work This work is in the public domain in the United States of America and possibly other nations Within the United States you may freely copy and distribute this work as no entity individual or corporate has a copyright on the body of the work As a reproduction of a historical artifact this work may contain missing or blurred pages poor pictures errant marks etc Scholars believe and we concur that this work is important enough to be preserved reproduced and made generally available to the public We appreciate your support of the preservation process and thank you for being an important part of keeping this knowledge alive and relevant

**A Short History of the Confederate States of America** Jefferson Davis, Dr William Peters, 2014-08-11 This book is about the real history of America and the causes of Lincoln s War against the Confederacy President Davis delves into the forgotten history of these United States contrasting the limited federal republic of sovereign States with what Yankee New England sought to turn these United States of 1783 into a consolidated government under their rule the United States we know today He further goes into the reasons for secession its lawfulness the foundation of the Confederate States of America and Lincoln s war of conquest against American States not only Confederate but Northern as well This is a history that should be read by

every American bewildered by the Federal government running roughshod over American liberties

**A Theoretical Approach to Modern American History and Literature** W. Lawrence Hogue, 2020-01-10 This book reconfigures the history of modern America showing how multiple and at times vulnerable social economic literary and political movements levels divisions and conditions such as the emergent middle class the labor movement the Progressive Movement the socialist and communist parties the Women s movements the NAACP the Garvey movement Asian and Native American resistance movements writers artists and intellectuals seized upon social gender economic and racial inequalities and challenged a singularly defined modern America This book re represents the modern American novel accenting the different critical literary voices that come out of the mainstream consumer society but also out of the various unequal social economic gender and political movements and situations In including racial gender sexual colonial class and ethnic others who reject the rigidity the repression the racial and ethnic stereotyping the external and internal colonialism the complication rejection of the past nature and the violence of the institutionalized conformist norm in a discussion of the modern American novel it effects a fundamental recasting of the modern Americanist paradigm one that is de centered richer more complex and more diverse

A Short History of the United States of America Horace Elisha Scudder, 2015-08-31 This work has been selected by scholars as being culturally important and is part of the knowledge base of civilization as we know it This work was reproduced from the original artifact and remains as true to the original work as possible Therefore you will see the original copyright references library stamps as most of these works have been housed in our most important libraries around the world and other notations in the work This work is in the public domain in the United States of America and possibly other nations Within the United States you may freely copy and distribute this work as no entity individual or corporate has a copyright on the body of the work As a reproduction of a historical artifact this work may contain missing or blurred pages poor pictures errant marks etc Scholars believe and we concur that this work is important enough to be preserved reproduced and made generally available to the public We appreciate your support of the preservation process and thank you for being an important part of keeping this knowledge alive and relevant

**A Short History of the American Revolutionary War** Stephen Conway, 2013-04-12 The American war against British imperial rule 1775 1783 was the world s first great popular revolution Ideologically defined by the colonists formal Declaration of Independence in 1776 the struggle has taken on something of a mythic character From the Boston Tea Party to Paul Revere s ride to raise the countryside of New England against the march of the Redcoats and from the American travails of Bunker Hill 1775 to the final humiliation of the British at Yorktown 1781 the entire contest is now emblematic of American national identity Stephen Conway shows that beyond mythology this was more than just a local conflict rather a titanic struggle between France and Britain The Thirteen Colonies were merely one frontline of an extended theatre of operations with each superpower aiming to deliver the knockout blow This bold new history recognizes the war as the Revolution but situates it on the wider global canvas of

European warfare      A Short History of U.S. Interventions in Latin America and the Caribbean Alan McPherson, 2016-03-21  
A Short History of U S Interventions in Latin America and the Caribbean presents a concise account of the full sweep of U S military invasions and interventions in Central America South America and the Caribbean from 1800 up to the present day Engages in debates about the economic military political and cultural motives that shaped U S interventions in Cuba Nicaragua Puerto Rico Haiti the Dominican Republic Panama Guatemala Mexico and elsewhere Deals with incidents that range from the taking of Florida to the Mexican War the War of 1898 the Veracruz incident of 1914 the Bay of Pigs and the 1989 invasion of Panama Features also the responses of Latin American countries to U S involvement Features unique coverage of 19th century interventions as well as 20th century incidents and includes a series of helpful maps and illustrations      *History of the United States* Wilbur Fisk Gordy, 1922
