Handcock, 2024-11-01 English Historical Documents is the most ambitious impressive and comprehensive collection of documents on English history ever published An authoritative work of primary evidence each volume presents material with exemplary scholarly accuracy Editorial comment is directed towards making sources intelligible rather than drawing conclusions from them Full account has been taken of modern textual criticism A general

introduction to each volume portrays the character of the period under review and critical bibliographies have been added to assist further investigation Documents collected include treaties personal letters statutes military dispatches diaries declarations newspaper articles government and cabinet proceedings orders acts sermons pamphlets agricultural instructions charters grants guild regulations and voting records Volumes are furnished with lavish extra apparatus including genealogical tables lists of officials chronologies diagrams graphs and maps *English Historical Documents, 1833-1874* David Charles Douglas, George Malcolm Young, W. D. Handcock, 1996 English Historical Documents is the most comprehensive annotated collection of documents on British not in reality just English history ever compiled Conceived during the Second World War with a view to ensuring the most important historical documents remained available and accessible in perpetuity the first volume came out in 1953 and the most recent volume almost sixty years later The print series edited by David C Douglas is a magisterial survey of British history covering the years 500 to 1914 and including around 5 500 primary sources all selected by leading historians Editors It has over the years become an indispensable resource for generations of students researchers and lecturers EHD is now available in its entirety online Bringing EHD into the digital age has been a long and complex process To provide you with first rate intelligent searchability Routledge have teamed up with the Institute of Historical Research one of the research institutes that make up the School of Advanced Study University of London <http://www.history.ac.uk> to produce EHD Online The IHR's team of experts have fully indexed the documents using an exhaustive historical thesaurus developed by the Royal Historical Society for its Bibliography of British and Irish History The sources include treaties statutes declarations government and cabinet proceedings military dispatches orders acts sermons newspaper articles pamphlets personal and official letters diaries and more Each section of documents and many of the documents themselves are accompanied by editorial commentary The sources cover a wide spectrum of topics from political and constitutional issues to social economic religious as well as cultural history R sum de l diteur

*Working Class Cultures in Britain, 1890-1960* Prof Joanna Bourke, Joanna Bourke, 2008-01-28 Integrating a variety of historical approaches and methods Joanna Bourke looks at the construction of class within the intimate contexts of the body the home the marketplace the locality and the nation to assess how the subjective identity of the working class in Britain has been maintained through seventy years of radical social cultural and economic change She argues that class identity is essentially a social and cultural rather than an institutional or political phenomenon and therefore cannot be understood without constant reference to gender and ethnicity Each self contained chapter consists of an essay of historical analysis introducing students to the ways historians use evidence to understand change as well as useful chronologies statistics and tables suggested topics for discussion and selective further reading **Syndicalism and the Transition to Communism** Ralph Darlington, 2013-06-28 During the first two decades of the twentieth century amidst an extraordinary international upsurge in strike action the ideas of revolutionary syndicalism developed into a major influence within the world wide trade

union movement Committed to destroying capitalism through direct industrial action and revolutionary trade union struggle the movement raised fundamental questions about the need for new and democratic forms of power through which workers could collectively manage industry and society This study provides an all embracing comparative analysis of the dynamics and trajectory of the syndicalist movement in six specific countries France Spain Italy America Britain and Ireland This is achieved through an examination of the philosophy of syndicalism and the varied forms that syndicalist organisations assumed the distinctive economic social and political context in which they emerged the extent to which syndicalism influenced wider politics and the reasons for its subsequent demise The volume also provides the first ever systematic examination of the relationship between syndicalism and communism focusing on the ideological and political conversion to communism undertaken by some of the syndicalist movement s leading figures and the degree of synthesis between the two traditions within the new communist parties that emerged in the early 1920s Turn of Life's Tide J.H. Stewart Reid,1955

What were the social and economic forces in England that gave rise to the British Labour Party How did the party function in its formative years How does the British labor movement compare with its American counterpart If American labor enters politics
