Horrocks, 1930 **A Short History of Economic Thought** Bo Sandelin, Hans-Michael Trautwein, 2023-08-30 Now in its fourth edition A Short History of Economic Thought provides an elementary overview of the history of economic thought This new edition continues to offer its trademark of clear and concise coverage of the main schools of thought and paradigm shifts in the field of mainland Europe as well as addressing Anglo American trends The book has been thoroughly updated throughout in order to reflect changes in the landscape of the field Details on key thinkers on early developments outside the Western world and on the recent evolution of scholarship in quantitative and non orthodox turns have been added or expanded while not compromising on the book s concise approach A chapter is devoted to each of the major developments in the history of the discipline concluding with a chapter in which the authors draw together some of the key strands and comment on major works and textbooks in the history of economic ideas They also reflect on the changes in economic thinking within the general context of the philosophy of science This text is ideal for courses where the history of economic thought constitutes only a small part or required background reading It also continues to be an extremely useful much needed text for all introductory economics courses in the field *Nationality in History and Politics* Frederick Hertz, 2022-03-07 First published in 1944 Nationality in History and Politics unpacks the vagueness of terms such as nationality national consciousness national character national will national self determination etc The phenomena underlying these terms are exceedingly complex and writers frequently shift the sense according to the interest defended National consciousness comprises a number of different aspirations which however can be summed up as a striving for national personality The book investigates in detail the correlations between those aspirations and such factors as race language religion territory and State and examines in particular the social background of modern nationalism The chapters give the sociology of national sentiment and national traditions usually called national character against a wide historical background The latter part of the book treats the evolution of ideas on nationality and on supranational aims from the Middle Ages to our own time and the influence of the doctrines of great thinkers on the national ideology of the principal nations This book will be of interest to students of history political science sociology and psychology **A Political and Social History of England** Frederick Charles Dietz, 1927 **A Short History of Economic Progress** Y.S. Brennor, 2014-06-17 Y S Brenner is

an economist whose main concern is with development and this attitude is reflected in his approach to economic history He begins this seminal study in the era of the Reformation in Europe and bases it on the hypothesis that once started economic progress will spread over ever increasing parts of the earth wherever and whenever conditions become suitable From this point of view he examines the nature of the impediments which prevent the more rapid and general progress of mankind towards greater material affluence while at the same time considering the positive growth promoting factors in the various economies Thus he provides an analysis of economic progress in the developed countries showing which natural social political and cultural forces promoted such progress and which delayed or hindered it He attempts to explain why European nations took several decades to emulate the achievements of Britain and why nations in other parts of the world such as Japan and Russia were unable for a considerable time to match the advances made in parts of Western Europe and the United States Finally he attempts to explain why the developing countries are still finding it so difficult to catch up with the economic progress of the more advanced nations Y S Brenner was Head of the Department of Economics at Cape Coast University in Ghana The book arose from a series of lectures on economic development he delivered there during the years 1966 1967 This book was first published in 1969      **Encyclopedia of the Age of Imperialism, 1800-1914** Carl C. Hodge, 2007-11-30 In 1800 Europeans governed about one third of the world's land surface by the start of World War I in 1914 Europeans had imposed some form of political or economic ascendancy on over 80 percent of the globe The basic structure of global and European politics in the twentieth century was fashioned in the previous century out of the clash of competing imperial interests and the effects both beneficial and harmful of the imperial powers on the societies they dominated This encyclopedia offers current detailed information on the major world powers and their global empires as well as on the people events ideas and movements both European and non European that shaped the Age of Imperialism      The Story of Money Norman Angell, 1929      *The Journal of Political Economy*, 1928 Deals with research and scholarship in economic theory Presents analytical interpretive and empirical studies in the areas of monetary theory fiscal policy labor economics planning and development micro and macroeconomic theory international trade and finance and industrial organization Also covers interdisciplinary fields such as history of economic thought and social economics      A Short History of American Industrial Policies William R. Nester, 2016-07-27 For nearly four centuries Americans have debated the government's proper role in developing the economy Some argue that the economy develops the best when government intervenes the least Others counter that the economy best develops when government and business work together to that end A Short History of American Industrial Policies analyzes the ideological political and industrial policy struggle from the colonial era to the 1990s To give a complete understanding both the chronology and process of America's industrial policymaking and policies are explored in depth throughout      *The Spectator*, 1925      **Handbook of Economic Nationalism** Pickel, Andreas, 2022-10-13 This cutting edge Handbook puts economic nationalism in its historical context

from early industrialization to globalization It explores how economic nationalism has emerged to new prominence in the post globalization era as states are trying to protect their economies societies and cultures from unwanted external influences
