the book the theory is applied on the characters of both Nadia and Vera to find out more about their different identities and search for possible reasons in their past The concept of collective and individual memory Assmann will play an important role to give possible reasons for their different perceptions of the past which thus lead to many conflicts throughout the novel Lewycka uses memory especially Nadia s and Vera s different perceptions of the past to determine the sisters identities which also serves as legitimization of their immigration to Great Britain Selected close readings will show how both sisters developed two different self concepts out of their memory and how this identification influences their attitude towards migration into a country

She explores the writings of Chris Abani, Susan Choi, Edwidge Danticat, Junot Díaz, Dave Eggers, Jeffrey Eugenides, Aleksandar Hemon, Hari Kunzru, Dinaw Mengestu, Norman Rush, Gary Shteyngart and others as they rethink stories of migration, the Peace Corps, nationalism and neoliberalism, revolution and the expatriate experience. Taken together, these innovations define a new literary form: the geopolitical novel.
