Books and Beyond Kenneth Womack, 2008-10-30 There's a strong interest in reading for pleasure or self improvement in

America as shown by the popularity of Harry Potter and book clubs including Oprah Winfrey's. Although recent government reports show a decline in recreational reading, the same reports show a strong correlation between interest in reading and academic achievement. This set provides a snapshot of the current state of popular American literature including various types and genres. The volume presents alphabetically arranged entries on more than 70 diverse literary categories such as cyberpunk, fantasy, literature, flash fiction, GLBTQ literature, graphic novels, manga, and anime and zines. Each entry is written by an expert contributor and provides a definition of the genre, an overview of its history, a look at trends and themes, a discussion of how the literary form engages contemporary issues, a review of the genre's reception, a discussion of authors and works, and suggestions for further reading. Sidebars provide fascinating details, and the set closes with a selected general bibliography. Reading in America for pleasure and knowledge continues to be popular even while other media compete for attention. While students continue to read many of the standard classics, new genres have emerged. These have captured the attention of general readers and are also playing a critical role in the language arts classroom. This book maps the state of popular literature and reading in America today, including the growth of new genres such as cyberpunk, zines, flash fiction, GLBTQ literature, and other topics. Each entry is written by an expert contributor and provides a definition of the genre, an overview of its history, a look at trends and themes, a discussion of how the literary form engages contemporary issues, a review of the genre's critical reception, a discussion of authors and works, and suggestions for further reading. Sidebars provide fascinating details, and the set closes with a selected general bibliography. Students will find this book a valuable guide to what they're reading today and will appreciate its illumination of popular culture and contemporary social issues.

Reading Slaughter Sune Borkfelt, 2022-05-06. *Reading Slaughter: Abattoir Fictions, Space and Empathy in Late Modernity* examines literary depictions of slaughterhouses from the development of the industrial abattoir in the late nineteenth century to today. The book focuses on how increasing and ongoing isolation and concealment of slaughter from the surrounding society affects readings and depictions of slaughter and abattoirs in literature and on the degree to which depictions of animals being slaughtered create an avenue for empathic reactions in the reader or the opportunity for reflections on human-animal relations. Through chapters on abattoir fictions in relation to narrative, empathy, anthropomorphism, urban spaces, rural spaces, human identities, and horror fiction, Sune Borkfelt contributes to debates in literary animal studies, human animal studies, and beyond. *Poems for You, Songs to Me* Patrick Patterson, 2012-06-04.
