Encyclopedia of Religion and Nature Bron Taylor, Jeffrey Kaplan, 2005-01-01 No Marketing Blurb **Pyramid of Fire: The Lost Aztec Codex** John Major Jenkins, Martin Matz, 2004-11-03 The first translation of a previously unknown Aztec codex and its initiatory teachings for 2012 Discloses the potential for great spiritual awakening offered at the end of the Aztec calendar cycle Presents the only existing English language transcription of the Aztec codex with line by line commentary Contains the epic poetry and metaphysical insights of Beat poet Marty Matz 1934 2001 In 1961 an unknown Aztec codex was revealed to Beat poet and explorer Marty Matz by a Mazatec shaman in the mountains of Oaxaca Mexico Originally intended for dramatic performance this codex presents a profound metaphysical teaching describing how the end of time will bring about a visionary ascent At the behest of his Mazatec teacher Matz transcribed this pictorial codex into a literary form that would preserve its initiatory teachings and reveal its secret meanings to a wider audience Pyramid of Fire is an epic poem that provides a vehicle to transport the initiate into the higher realms of consciousness It represents a barely surviving thread of teachings that have been passed down in secret since the time of the Spanish Conquest Revealed are the techniques by which man is transported to the stellar realm after death via the solar energy within what the ancients called the serpent of consciousness Line by line commentary by Matz and John Major Jenkins provides insights into the perennial philosophy contained in the codex and its relevance to our times *Apocalyptic Anxiety* Anthony Aveni, 2016-05-02 *Apocalyptic Anxiety* traces the sources of American culture's obsession with predicting and preparing for the apocalypse Author Anthony Aveni explores why Americans take millennial claims seriously where and how end of the world predictions emerge how they develop within a broader historical framework and what we can learn from doomsday predictions of the past The book begins with the Millerites the nineteenth century religious sect of Pastor William Miller who used biblical calculations to predict October 22 1844 as the date for the Second Advent of Christ Aveni also examines several other religious and philosophical movements that have centered on apocalyptic themes Christian millennialism the New Age movement and the Age of Aquarius and various other nineteenth and early twentieth century religious sects concluding with a focus on the Maya mystery of 2012 and the contemporary prophets who connected the end of the world as we know it with the overturning of the Maya calendar *Apocalyptic Anxiety* places these seemingly never ending stories of the world's end in the context of American history This fascinating exploration of the deep historical and cultural roots of America's voracious appetite for apocalypse will appeal to students of American history and the histories of religion and science as well as lay readers interested in American culture and doomsday prophecies *Prophecy in the New Millennium* Suzanne Newcombe, Sarah Harvey, 2016-04-15 Secular and spiritual prophets of doom abound in the information rich twenty first century as they have for millennia But there has yet to be worldwide floods meteor impact global computer failure obvious alien contact or direct intervention from God to end the world as we know it Considering the frequency with which prophecy

apparently fails why do prophecies continue to be made and what social functions do they serve This volume gives a concise but comprehensive overview of the rich diversity of prophecy its role in major world religions as well as in new religions and alternative spiritualities its social dynamics and its impact on individuals lives Academic analyses are complimented with contextualized primary source testimonies of those who live and have lived within a prophetic framework The book argues that the key to understanding the more dramatic apocalyptic and millenarian aspects of prophecy is in appreciating prophecy's more mundane manifestations and its role in providing meaning and motivation in everyday life **Alchemy of Nine**

Charla Jean Morris, 2011-08-10 While in medical school which I did not have the privilege of completing once a week we had a small group discussion class called Focus On Problems Each group had a leader a member of the medical school staff or someone closely associated with the school usually an MD or PhD Our group leader was Dean of the Medical School H David Wilson MD One class period focused on working with patients of different ethnic backgrounds Dr Wilson asked me what were some of the traditions of my tribe in regard to medicine that would be helpful for a doctor to know My reply was that I had been raised like a white that I had grown up learning about

various herbal and natural remedies but that I knew nothing about the specific medical traditions ceremonial or secular of my people I had always longed to know of the traditions of my people before that but circumstances of my family history had not allowed it That question in the Focus On Problems class caused that longing to intensify into a sharp pang of longing that would not be satisfied until many years later While in the first two years of medical school as a nontraditional student I was in an environment that encouraged the development of the knowledge of Native American traditions We had Native American speakers that came and elaborated on Native American traditions One area that was lacking was tribal histories but what academics label prehistory I commented to her that when white man came they did all they could to destroy our social and religious fabric so the old traditions were not passed down to most of the remaining members of the tribes Now we know nothing of our old history There is nothing left The white side of my family history is easy to know but not my Cherokee and Choctaw side She replied by saying that yes many of our peoples have lost their old traditions and it is sad **California**

Catastrophe or Awakening? Geoff Stray,2009-05-21 An illustrated encyclopedic overview of the prophecies calendars and theories that indicate the year 2012 is a threshold of great change for humanity Looks at the scientific and anthropological evidence for the rare galactic alignment due to occur in December 2012 Sifts through the catastrophic theories to show what we might really expect in 2012 In December of 2012 the Mayan Calendar s Great Cycle will come to an end Opinion remains divided as to whether apocalyptic scenarios of worldwide destruction or utopian visions of a spiritually renewed humanity will prevail after this key date has passed What is certain however is that a rare galactic alignment will occur one so unique that it is found at the core of many wisdom traditions from around the globe Geoff Stray has been collecting the vast amounts of data relating to the 2012 phenomena since 1982 Far from confining his research to the Maya who provide the most prominent predictions indicating this date will herald significant changes for humanity he has studied the prophetic traditions of other cultures including the Tibetan Chinese Jewish Ethiopian and tribal cultures from around the globe to show the kind of convergence of cosmic purposes happening along a number of parallel tracks This book offers an extensive study of many modern theories including Terence McKenna s timewave zero and Maurice Cotterell s sunspot research as well as

anomalous phenomena such as near death experiences and crop circles Sifting through all the scientific research and speculation that the year 2012 has inspired Geoff Stray provides an encyclopedic look at what we might really expect on this pivotal date **Hearings, Reports and Prints of the Senate Committee on Interior and Insular Affairs** United States.
