Los Angeles Star 1851 1864:

The Los Angeles Star, 1851-1864 William Broadhead Rice, 1947 The Star was a general newspaper During the Civil War it spoke against President Abraham Lincoln as a usurping despot and favored the South and advocated an independent Western republic It closed in 1864 was revived under different owners and publishers and finally closed in 1879 **Los**

Angeles in Civil War Days, 1860-1865 John W. Robinson, 2013-05-03 Most accounts of California's role in the Civil War focus on the northern part of the state San Francisco in particular In Los Angeles in Civil War Days John W Robinson looks to the southern half and offers an enlightening sketch of Los Angeles and its people politics and economic trends from 1860 to 1865 Drawing on contemporary reports in the Los Angeles Star Southern News and other sources Robinson shows how the war came to Los Angeles and narrates the struggle between the pro Southern faction and the Unionists Los Angeles in the early 1860s was a developing town lacking many of the refinements of civilization that San Francisco then enjoyed and was much smaller than the bustling metropolis we know today The book focuses on the effects of the war on Los Angeles but Robinson also considers social and economic problems to provide a broader view of the community and its place in the nation The Conscription Act and devalued greenbacks incited public unrest and the cattle killing drought of 1862-64 a smallpox epidemic and recurrent vigilantism challenged Angelenos as well California historians and those interested in the city's historical record will find this book a fascinating addition to the body of California's Civil War history **Death Valley and**

the Amargosa Richard E. Lingenfelter, 1988-01-11 This is the history of Death Valley where that bitter stream the Amargosa dies It embraces the whole basin of the Amargosa from the Panamints to the Spring Mountains from the Palmettos to the Avawatz And it spans a century from the earliest recollections and the oldest records to that day in 1933 when much of the valley was finally set aside as a National Monument This is the story of an illusory land of the people it attracted and of the dreams and delusions they pursued the story of the metals in its mountains and the salts in its sinks of its desiccating heat and its revitalizing springs and of all the riches of its scenery and lore the story of Indians and horse thieves lost argonauts and lost mine hunters prospectors and promoters miners and millionaires stockholders and stock sharps homesteaders and hermits writers and tourists But mostly this is the story of the illusions the illusions of a shortcut to the gold diggings that lured the forty niners of inescapable deadliness that hung in the name they left behind of lost bonanzas that grew out of the few nuggets they found of immeasurable riches spread by hopeful prospectors and calculating con men and of impenetrable mysteries concocted by the likes of Scotty These and many lesser illusions are the heart of its history **Law in the West**

Thrapp,2012-11-28 General George Crook planned and organized the principal Apache campaign in Arizona and General Nelson Miles took credit for its successful conclusion on the 1800s but the men who really won it were rugged frontiersmen such as Al Sieber the renowned Chief of Scouts Crook relied on Sieber to lead Apache scouts against renegade Apaches who were adept at hiding and raiding from within their native terrain In this carefully researched biography Dan L Thrapp gives extensive evidence for Sieber s expertise noting that the expeditions he accompanied were highly successful whereas those from which he was absent met with few triumphs Perhaps the greatest tribute to his abilities was paid by a San Carlos Apache who no matter how miserable life might become because he said Sieber would find him even if he left no tracks **The Los Angeles Star, 1851-1864, the Beginnings of Journalism in Southern California, by William B. Thrapp,1975-12-15 Apacheria ran from the Colorado to the Rio Grande and beyond from the great canyons of the North for a thousand miles into Mexico Here where the elusive phantomlike Apache bands roamed life was as harsh cruel and pitiless as the country itself The conquest of Apacheria is an epic of heroism mixed with chicanery misunderstanding and tragedy on both sides The author s account of this important segment of Western American history includes the Walapais War an

eyewitness report on the death of the gallant lieutenant Howard B Cushing the famous Camp Grant Massacre General Crook's offensive in Apache land and his difficulties with General Miles and the formidable Apache leaders including Cochise Delshay Big Rump Chunz Chan deisi Victorio and Geronimo Murder State Brendan C. Lindsay, 2012-06-01 In the second half of the nineteenth century the Euro American citizenry of California carried out mass genocide against the Native population of their state using the processes and mechanisms of democracy to secure land and resources for themselves and their private interests The murder rape and enslavement of thousands of Native people were legitimized by notions of democracy in this case mob rule through a discreetly organized and brutally effective series of petitions referenda town hall meetings and votes at every level of California government Murder State is a comprehensive examination of these events and their early legacy Preconceptions about Native Americans as shaped by the popular press and by immigrants experiences on the overland trail to California were used to further justify the elimination of Native people in the newcomers quest for land The allegedly violent nature of Native people was often merely their reaction to the atrocities committed against them as they were driven from their ancestral lands and alienated from their traditional resources In this narrative history employing numerous primary sources and the latest interdisciplinary scholarship on genocide Brendan C Lindsay examines the darker side of California history one that is rarely studied in detail and the motives of both Native Americans and Euro Americans at the time Murder State calls attention to the misuse of democracy to justify and commit genocide At Sword's Point, Part 2 William P. MacKinnon, 2016-10-27 The Utah War an unprecedented armed confrontation between Mormon controlled Utah Territory and the U S government was the most extensive American military action between the U S Mexican and Civil Wars Drawing on author editor William P MacKinnon's half century of research and a wealth of carefully selected new material At Sword's Point presents the first full history of the conflict through the voices of participants leaders soldiers and civilians from both sides MacKinnon's lively narrative continued in this second volume links and explains these firsthand accounts to produce the most detailed in depth and balanced view of the war to date At Sword's Point Part 2 carries the story of the Utah War from the end of 1857 to the conclusion of hostilities in June 1858 when Brigham Young was replaced as territorial governor and almost one third of the U S Army occupied Utah Through the testimony of Mormon and federal leaders combatants emissaries and onlookers this second volume describes the war's final months and uneasy resolution President James Buchanan and his secretary of war John B Floyd worked to break a political military stalemate in Utah while Mormon leaders prepared defensive and aggressive countermeasures ranging from an attack on Forts Bridger and Laramie to the Sebastopol Strategy of evacuating and torching Salt Lake City and sending 30 000 Mormon refugees on a mass exodus and fighting retreat toward Mexican Sonora Thomas L Kane self appointed intermediary and Philadelphia humanitarian sought a peaceful conclusion to the conflict which ended with the arrival in Utah of President Buchanan's two official peace commissioners the president's blanket pardon for Utah's population and the army's peaceful march into the Salt Lake Valley

MacKinnon's narrative weaves a panoramic yet intimate view of a turning point in western Mormon and American history far bloodier than previously understood. With its sophisticated documentary analysis and insight, this work will stand as the definitive history of the complex consequential and still debated Utah War.

A History of the Book in America, Carl F. Kaestle, Janice A. Radway, David D. Hall, 2015-12-01

In a period characterized by expanding markets, national consolidation, and social upheaval, print culture picked up momentum as the nineteenth century turned into the twentieth. Books, magazines, and newspapers were produced more quickly and more cheaply, reaching ever-increasing numbers of readers. Volume 4 of *A History of the Book in America* traces the complex, even contradictory, consequences of these changes in the production, circulation, and use of print. Contributors to this volume explain that although mass production encouraged consolidation and standardization, readers increasingly adapted print to serve their own purposes, allowing for increased diversity in the midst of concentration and integration. Considering the book in larger social and cultural networks, essays address the rise of consumer culture, the extension of literacy and reading through schooling, the expansion of secondary and postsecondary education, and the growth of the textbook industry, the growing influence of the professions and their dependence on print culture, and the history of relevant technology. As the essays here attest, the expansion of print culture between 1880 and 1940 enabled it to become part of Americans' everyday business, social, political, and religious lives.

Larsen, 2021-10-08 Historians have largely ignored the western city although a number of specialized studies have appeared in recent years this volume is the first to assess the importance of the urban frontier in broad fashion Lawrence H Larsen studies the process of urbanization as it occurred in twenty four major frontier towns Cities examined are Kansas City St Joseph Lincoln Omaha Atchison Lawrence Leavenworth Topeka Austin Dallas Galveston Houston San Antonio Denver Leadville Salt Lake City Virginia City Portland Los Angeles Oakland Sacramento San Francisco San Jose and Stockton Larsen bases his analysis of western cities and their problems on social statistics obtained from the 1880 United States Census This census is particularly important because it represents the first time that the federal government regarded the United States as an urban nation The author is the first scholar to do a comprehensive investigation of this important source This volume gives an accurate portrayal of western urban life Here are promoters and urban planners crowding as many lots as possible into tracts in the middle of vast uninhabited valleys Here are streets clogged with filth because of inadequate sanitation systems people crowded together in packed quarters with only fledgling police and fire services Here too is the advance of nineteenth century technology gaslights telephones interurbans Most important this study dispels the misconceptions concerning the process of exploration settlement and growth of the urban west City building in the American West despite popular mythology was not a response to geographic or climatic conditions It was the extension of a process perfected earlier the promotion and building of sites no matter how undesirable into successful localities Uncontrolled capitalism led to disorderly development that reflected the abilities of individual entrepreneurs rather than most other factors The result was the establishment of a society that mirrored and made the same mistakes as those made earlier in the rest of the country Southern California Quarterly ,1916 The Oatman Massacre Brian McGinty, 2014-10-22 The Oatman massacre is among the most famous and dramatic captivity stories in the history of the Southwest In this riveting account Brian McGinty explores the background development and aftermath of the tragedy Roys Oatman a dissident Mormon led his family of nine and a few other families from their homes in Illinois on a journey west believing a prophecy that they would find the fertile Land of Bashan at the confluence of the Gila and Colorado Rivers On February 18 1851 a band of southwestern Indians attacked the family on a cliff overlooking the Gila River in present day Arizona All but three members of the family were killed The attackers took thirteen year old Olive and eight year old Mary Ann captive and left their wounded fourteen year old brother Lorenzo for dead Although Mary Ann did not survive Olive lived

to be rescued and reunited with her brother at Fort Yuma On Olive s return to white society in 1857 Royal B Stratton published a book that sensationalized the story and Olive herself went on lecture tours telling of her experiences and thrilling audiences with her Mohave chin tattoos Ridding the legendary tale of its anti Indian bias and questioning the historic notion that the Oatmans attackers were Apaches McGinty explores the extent to which Mary Ann and Olive may have adapted to life among the Mohaves and charts Olive s eight years of touring and talking about her ordeal
