Storytelling on the Northern Irish Border Ray Cashman, 2011-09-23 A folklorist explores the storytelling traditions of a small Irish town where local character anecdotes build community across sectarian divides More than quaint local color folklore is a crucial part of life in Aghyran a mixed Catholic Protestant border community in Northern Ireland Neighbors socialize during wakes and ceilis informal nighttime gatherings without regard to religious ethnic or political affiliation The witty sometimes raucous stories swapped on these occasions offer a window into Aghyran residents views of self and other in the wake of decades of violent conflict Through anecdotes about local characters participants explore the nature of community and identity in ways that transcend Catholic or Protestant sectarian histories Ray Cashman analyzes local character anecdotes in detail and argues that while politicians may take credit for the peace process in Northern Ireland no political progress would be possible without ordinary people using shared resources of storytelling and socializing to imagine and maintain community Corpus, Culture, Discourse Tamsin Sanderson, 2008 **Folklore, Literature, and Cultural Theory** Cathy L. "So Wise Were Our Elders" John Holmes McDowell, 2014-07-15 So wise were our elders Thus exclaims Mariano Chicunque himself an elder expressing in a

single phrase the thrust of the mythic narrative tradition he simultaneously presents and represents in his storytelling A remarkable body of mythology is documented for the first time in this volume John Homes McDowell s study revolves around thirty two mythic narratives of the Kams Indians who live in the Sibundoy Valley of the Colombian Andes collected by the author from several renowned Kams storytellers Each myth is given in the native language with parallel English translations that seek to capture the flavor of the original performances Textual annotation and commentary assess the grounding of the myths in the language and culture of the Kams indigenous community Introductory chapters describe the process of transcription and translation and highlight important characteristics of the collection McDowell stresses the collaborative nature of the enterprise which benefits from the shared vision of the ethnographer and of indigenous consultants who were involved in every step of the process The narratives are portrayed as a residual mythology in transit toward folktale but still evocative of a traditional cosmos The myths are much more than inert literary objects and under McDowell s scrupulous analysis they emerge as a storehouse of narrative potential whose performances still have meaning in Kams society and culture today So Wise Were Our Elders is a companion volume to McDowell s Sayings of the Ancestors The Spiritual Life of the Subundoy Indians 1989 *Inside Interviewing* James Holstein, Jaber F. Theory Groups and the Study of Language in North America Stephen O. Murray, 1994 Theory Groups in the Study of Language in North America provides a detailed social history of traditions and revolutionary challenges to traditions within North American linguistics especially within 20th century anthropological linguistics After showing substantial differences between Bloomfield's and neo Bloomfieldian theorizing Murray shows that early transformational generative work on syntax grew out of neo Bloomfieldian structuralism and was promoted by neo Bloomfieldian gatekeepers in particular longtime Language editor Bernard Bloch The central case studies of the book contrast the increasingly revolutionary rhetoric of transformational generative grammarians with rhetorics of continuity emitted by two linguistic anthropology groupings that began simultaneously with TGG in the late 1950s the ethnography of communication and ethnoscience
