Aneurin Bevan: A Biography Michael Foot,2011-10-06 Michael Foot s two volume biography of Aneurin Nye Bevan 1897 1960 arguably Britain s greatest socialist indelibly associated with the founding of the National Health Service is one of the major political biographies of the last century It is the life of an inspirational politician written by one who knew and unabashedly admired him Volume I first published in 1962 describes Bevan s life from his birth in Tredegar in the South Wales Valleys through his abortive schooling his employment at a colliery and the subsequent embrace of socialism that would make him a leader among South Wales miners It follows his path to the House of Commons as a Labour MP with a fast rising reputation as a defender of the working class and his marriage in 1934 to fellow firebrand MP Jennie Lee The volume closes with Labour s landslide election victory of 1945 and Bevan s appointment as Minister of Health **The Village Children, an Introduction to the Art of Painting Children and Their Stories** Marie Dubois,2009 The book is both a children s story book and a craft book and is in two parts The story book section contains short and longer stories for young children to read printed in both English and French The craft section is an introduction to painting for the aspiring young artists Part One includes full colour illustrations of plates originally painted by hand on porcelain china and canvas by Marie Dubois On the opposite page the author has written stories both in English and French based on the theme of each plate The stories have been translated to French to familiarise young children to a foreign language especially now learning a second language has been added to the school curriculum Part Two is an introduction to the art of painting The book gives brief instructions as to the materials required basic techniques and painting principles that beginners will need to create some fine

artistic tableau as well as definitions of various brush strokes for beginners to practice so that they can achieve their own fine art work The Book also includes line work for each plate design which can be traced on to any painting material It is hoped that the artwork contained in this volume will inspire other painters to produce similar pieces of work The designs require a great deal of careful creative attention All drawings and colours on the designs have a distinctive style particularly the characteristic figures old fashion costumes and hats The book is not only for children to read or parents to read to their children but is also for painters art teachers and others who might be interested in creating this fine art and will have reason to feel proud of their own achievements **Annual Industrial Directory of New York State** New York (State).
