Ralph Klein A Maverick Life:

Ralph Klein Frank Dabbs,1997 **Hard Right Turn** Brooke Jeffrey,2000-03 Synopsis coming soon **From Miracle to Menace** David Yager,2019-03-26 A miracle Coal oil and natural gas the carbon based fossil fuels that powered the Industrial Revolution and civilization s rapid advancement A menace Climate change has now convinced many that carbon emissions are the world s greatest challenge The necessity and benefits of decarbonizing the global industrial and energy complex are well articulated What is not explained is this will require the largest financial disruption in history affecting everyone and everything For over a century Alberta s massive carbon resources have supported Alberta and Canada financially helping make Canada the world s fifth largest oil and gas producer Carbon has been a major driver of prosperity employment and opportunity shaping the country we know today However climate change is creating enormous challenges for Alberta and Canada with no possible outcomes that will satisfy all stakeholders Alberta has become ground zero for the changes many demand but few are willing to pay for As the province demonstrates what carbon s future looks and feels like unless the rest of the world participates Alberta has become a needless sacrifice *From Miracle to Menace* explains how Alberta came to be the enormity of the planned financial dislocation and how Alberta and Canada can meet the climate challenge without committing economic suicide *The Politics of Educational Reform in Alberta* Alison Taylor,2001-01-01 A case study of educational restructuring in Alberta during the Klein revolution the period of dramatic political and economic change introduced by Premier Ralph Klein s Conservative government of the 1990s *Requiem for a Lightweight* Trevor Harrison,2002 This is the story of Stockwell Day a small town politician of modest accomplishments whom the big boys with the big money and the handlers with the smarts thought could be sold as the Great Right Hope This book chronicles it all the people personalities and politics Throughout the question of media image is placed front and centre as the book explores the growing problem of rational democratic politics in an era of celebrity image and instant culture *Unions in the Time of Revolution* Yonatan Reshef,Sandra Rastin,2003-01-01 The election of neo conservative governments in Alberta and Ontario in the early 1990s brought dramatic changes to provincial public policy both the Ralph Klein Revolution and Mike Harris Common Sense Revolution emphasized fundamental changes in the role of government balanced budgets and the elimination of provincial debts While public sector unions were forced to react the response of the Alberta and Ontario unions differed significantly The reasons outcome and long term impact of the difference is the focus of Yonatan Reshef and Sandra Rastin s careful and revealing analysis The authors argument concentrates on union responses to the neo conservative transformation in the two affected provinces but the scope of the discussion expands to cover such issues as the differences between the two regimes the damage to the Ontario labour movement dealt by the labour oriented NDP government the limits of inter union cooperation and the role of modern unions in politics Lively and timely *Unions in the Time of Revolution* places Canada s unions in the full context of the neo conservative trend in provincial politics and demonstrates the importance of individual

union responses in times of such significant change *The Campbell Revolution?* J. R. Lacharite, Tracy Summerville, 2017-11-07 How are we to assess Gordon Campbell's decade long premiership of British Columbia While to many he was an ideologue set on revolutionizing provincial politics he was a far more complex figure polarizing and unpopular but also a shrewd party manager and successful political operator Beginning with a detailed account of Gordon Campbell's pre Liberal Party political activities *The Campbell Revolution* then takes a broad look at the policy options open to him in the context of the neoliberal revolution that swept across Canada and elsewhere in the 1980s and 1990s Contributors discuss the Campbell administration's reforms in social environmental and economic policies focusing on tax system reform the arts and culture sector healthcare and urban development in the context of the 2010 Winter Olympics More than just a narrative of the career of an enigmatic public official this book looks at specific public policy examples and asks whether Campbell led a revolution or simply rode a wave of change that had begun years before he came to power A comprehensive examination of Gordon Campbell's leadership and governance style and the ideological underpinnings of BC's Liberal Party *The Campbell Revolution* examines how the Campbell administration attempted to transform politics in British Columbia in the twenty first century **Trudeau's Tango** Darryl Raymaker, 2017-05-26 A chronicle of Pierre Elliot Trudeau's first term as prime minister and the attempt to bridge one of Canada's classic political fault lines Trudeau appeared to enjoy the encounter He stood his ground while escaping projectiles including a tomato In this insightful and lively history Liberal insider Darryl Raymaker recalls the attempt to broker a marriage from hell between the federal Liberal Party and Alberta's Social Credit government in the late 1960s Raymaker uses his deep connections and backroom knowledge to trace the tangled political relationships that developed when charismatic statesman Pierre Trudeau confronted the forces of oil and agriculture in Canada's west Part memoir part chronicle *Trudeau's Tango* provides a window into Canadian history politics economics and the zeitgeist of the late 1960s *Trudeau's Tango* is part memoir part documentary of the geographic cultural and political divisions that are a permanent fixture of Confederation The fact we held it together remains a world class achievement Compelling reading for any Canada 150 book club A fresh and lively account of politics with sharp elbows Holly Doan Blacklock's Reporter An excellent book about Alberta and the Trudeaus Warren Kinsella HuffPost Raymaker's book recalls a tumultuous political era with wry humour and a touch of anger Frank Dabbs Alberta Views A detailed chronology of the history and tangled political relationships of the Liberal Party at the national and provincial levels and its opponents in Alberta the once dominant Social Credit Party and then the Progressive Conservatives from December 1967 through November 1972 The account is filled with blow by blow descriptions of political events and encounters at the provincial level Recommended G A McBeath CHOICEMagazine *Developing Alberta's Oil Sands* Paul Anthony Chastko, 2004 Alberta's oil sands represent a vast and untapped oil reserve that could reasonably supply all of Canada's energy needs for the next 475 years With an estimated 300 billion barrels of recoverable oil at stake the quest to develop this natural resource has been

undertaken by many powerful actors both nationally and internationally Using research that integrates the economic political scientific and business factors that have been influential in discovering and developing the sands this book provides a comprehensive history of the oil sands project and a window on the nature of the complex relationships between industry government and transnational players This book is the first comprehensive volume that examines the origins and development of the oil sands industry over the last century

Changing Prairie Landscapes Patrick Douaud,Todd A. Radenbaugh,2000 Landscapes of the Northern Great Plains have been constantly changing but never so rapidly as under modern conditions of economic affluence and technological development This change is multifaceted and has an impact not only on the fabric of culture and its perception of landscape but also on the ecology and physical landforms Multidisciplinary research has therefore become an important tool in identifying the influences that human activities have not only on cultural landscapes but on biophysical ones as well This collection of articles originating in a conference held at the Royal Saskatchewan Museum in April 2000 focuses on just such an integration of research concerning the Great Plains of North America and involving the disciplines of geology archaeology biology geography sociology and agriculture

Alberta Premiers of the Twentieth Century University of Regina. Canadian Plains Research Center,2004 From the optimism associated with provincial status in 1905 through the trials of Depression and war the boom times of the post war period and the economic vagaries of the 1980s and the 1990s the twentieth century was a time of growth and hardship development and change for Alberta and its people And during the century twelve men from a variety of political parties and from very different backgrounds led the government of this province The names of some like William Aberhart Ernest Manning and Peter Lougheed are still household names while others like Arthur Sifton Herbert Greenfield and Richard Reid have been all but forgotten Yet each in his unique way for better or for worse helped to mould and steer the destiny of the province he governed These are their stories

Notley Nation Sydney Sharpe,Don Braid,2016-11-05 1 Edmonton Journal Bestseller 2017 Alberta Literary Awards the Wilfrid Eggleston Award for Nonfiction Winner Rachel Notley s dramatic triumph over Alberta s Conservative regime was an early rumble before the Trudeau landslide Alberta has long been seen as politically paralyzed But it has always been a cauldron of discontent producing the Reform Party the Wildrose movement the modern Conservative Party of Canada and Stephen Harper Notley Nation tells how this pent up energy exploded in an unexpected direction with Rachel Notley s NDP victory Stereotypes of redneck Alberta have long been at odds with the province s growing progressive streak The political upheaval that swept conservatism out of office in 2015 had shown its first tremors there five years earlier Progressive mayors were elected in Calgary and Edmonton and soon it became clear that the province s PC government was falling out of touch with modern Alberta Political journalists Sydney Sharpe and Don Braid explore how the Alberta NDP ended a forty three year Conservative dynasty that proved incapable of adapting to forces beyond its control or understanding That wave would soon spread across the country sweeping Justin Trudeau into office

Faculty of Nursing

on the Move Geertje Boschma, 2005 Faculty of Nursing on the Move provides a historical analysis of the Faculty of Nursing at the University of Calgary in contrast and comparison to the broader evolution of academic nursing in Canada. It addresses how the faculty has responded to important social trends and changes in health care policy and helps the reader to understand contemporary nursing issues. Starting with the dramatic changes in health care policy after the Second World War, it establishes the role of nursing education as pivotal to a growing health care industry. The book then moves on to describe the challenge of developing an identity for an academic unit within the larger academic and health care structure. This book will be of particular interest to anyone involved in women's studies as it represents a case study for broader women's issues within an academic environment.

Deficit Reduction in the Far West University of Alberta. Institute for Public Economics, 2001-03 A rare social science experiment was recently undertaken in British Columbia, Alberta, and Saskatchewan. Within the space of one year, all three provincial governments embarked on programs to eliminate their deficits. This volume considers the political culture of each province, examines the strategies chosen, and measures the comparative outcomes of the experiment.

The Return of the Trojan Horse Trevor Harrison, 2005 A Right wing populist in an oil rich province, Ralph Klein has been a one man wrecking crew dismantling Alberta's public sector and remaking the province into a freewheeling capitalist paradise. This book re-examines Klein's Alberta after a decade of deficit slashing, tax cutting, conservatism. First elected in 1993 on a platform of common sense revolution, a decade later, Ralph Klein's Conservative party remains in power, but the gloss is off its revolution. Deficits and debt have been eliminated, but new problems and new issues have arisen, such as energy deregulation and water shortages. Efforts to export the revolution to remake Canada in Alberta's image have stalled with the defeat of the Harris Conservatives in Ontario and the collapse of the Reform and Alliance parties federally. Meanwhile, at the worldwide level, neo-liberal globalization, all the rage in the early 90s, is now in retreat, replaced by war, threats of terrorism, and growing economic instability.

The Return of the Trojan Horse examines the long term lessons of the Klein revolution and suggests where Alberta and Canada may be headed in the next decade. An original compilation of critical essays on Alberta's policies, written by some of Alberta's and Canada's best authors who come from a wide spectrum of viewpoints and backgrounds, all blending insight with journalistic flair. Peel away the careful packaging of the Klein government's record and what have you got? This book tells the story. Facts, clear prose, and the courage to tell it straight make it essential reading.

Canadian Forum Trevor Harrison is currently an associate professor at the University of Lethbridge and research director for the Parkland Institute, an Alberta based think tank dedicated to examining public policy issues. He is the author of *Of Passionate Intensity: Right Wing Populism and the Reform Party of Canada* and *Requiem for a Lightweight*.

Stockwell Day and Image Politics Quill & Quire, 1995

Le fédéralisme selon Harper Julian Castro-Rea, Frédéric Boily, 2014-11-26 T00:00:00-05:00 Depuis 2006, le Parti conservateur du Canada a formé des gouvernements à l'Assemblée législative de l'Alberta, mais il a mis de l'avant des mesures apparemment contradictoires à l'égard du Québec. Ce livre vise

expliquer ce comportement en faisant le rapport entre les actions du gouvernement Harper en matière fédérale et les principes conservateurs qui animent son parti. En comprenant de manière approfondie l'idéologie conservatrice et ses origines, on peut expliquer le comportement apparemment louvoyant et contradictoire de ce parti concernant le fédéralisme en général et le Québec en particulier. Avec la participation de douze experts en la matière de diverses régions du Canada, ce livre au-delà de l'intérêt purement intellectuel explore aussi des avenues de solutions voire des moyens de dresser des ponts entre le Québec et les conservateurs fédéraux qui soient en même temps respectueux des parties en dialogue. *Canadian Book Review Annual*, 1995 **The Canadian Historical Review**, 1996 *Titans* Peter C. Newman, 1999
